**INVITATION FOR BID 181301/CABW/2018
 PAG 67102.181301/2018-95**

Approved on: April 19, 2018

LEONARDO GUEDES Col
 BACW'S Chief

Legal basis. The Brazilian Federal Government, through the Brazilian Aeronautical Commission in Washington (BACW), announces to whom it may concern, that at the date, time and place shown below, it will hold a Bidding Process based on the indirect execution, for the provision of material and labor, under the Unit Price regime, of the **Greatest General Index (IG)** (Letter B, Line VIII of Article 6, Brazilian Law 8,666/93), in accordance with this Invitation For Bid and its Annexes. The bidding process will follow the principles of Law N° 8.666/93 (Brazil), and its related legislation, in addition to the recommendations contained in Official Letter N° 051/SEFA/1358, dated September 29, 1998 and N° 213/SUAUD/3368, dated September 20 2011, from the Secretary of Economy and Finance (SEFA), on item 7.1.2 of the MCA 176-1, updated on December 6, 2017, as well as other requirements set forth in this Bid announcement and its Annexes. In addition, proposals submitted to the BACW will be interpreted, evaluated and ranked in accordance with the principles contained in Articles 3 and 123 of Law N° 8,666 of 06/21/1993, pertaining to legality, fairness, morality, equality and transparency.

Date of Delivery and Opening of Envelopes:		June 4, 2018 9:00 a.m. (EST)	
Hours:	09:00 a.m. (U.S. Eastern Standard Time)		
Address:	1701 22nd St. N.W. Washington, D.C., 20008	Telephone:	(202) 483-4031
		Fax:	(202) 483-4684
		Email:	con@cabw.org
Accreditation:	June 4, 2018 9:00 a.m. (EST)		
Hours:	09:00 a.m. (U.S. Eastern Time)		

1. DEFINITIONS

1.1. In order to facilitate comprehension of terminology and simplify the composition of the text, the following abbreviations and phrases were adopted, with the meanings provided herein:

- 1.1.1. ANAC-National Civil Aviation Agency, Brazilian Aeronautical Authority.
- 1.1.2. BER-Beyond Economic Repair, i.e. repair is economically inviable;
- 1.1.3. BACW-Brazilian Aeronautical Commission in Washington-DC (CABW);
- 1.1.4. CELOG-Aeronautical Logistic Center
- 1.1.5. COMAER-Aeronautical Command;
- 1.1.6. COMREC-Goods and Services Receipt Commission, comprised of at least three members who, through the Contracting Management Unit, representing the Aeronautical Command before the CONTRACTED PARTY, are tasked with receiving the object, whether material or service, as per ICA 65- 8/2009 and ICA 12-23/2014;
- 1.1.7. CONTRACTED PARTY- Winning Bidder in the Bidding Process, after issue of ratification (“Homologation”) and Bid Award (“Adjudication”);
- 1.1.8. CONTRACTING PARTY- The Brazilian Federal Union-Aeronautical Command, represented by the Material Depot of Galeão (PAMAGL), the military organization under the Brazilian Air Force (FAB), subject to the Directorate of Aeronautical and Warfare Material (DIRMAB), which is responsible for logistic support to C-130 aircraft;
- 1.1.9. CONTRACT - The agreement which the Public Administration (CONTRACTING PARTY), acting in this capacity, signs with other Administrative Body (CONTRACTED PARTY), for the purpose of contracting the aeronautical services contemplated here under the conditions established by the Public Administration itself. Within the scope of this document, it is referred to the future contract to be signed between the CONTRACTING PARTY and the CONTRACTED PARTY;
- 1.1.10. CREA – Regional Engineering Council-Council responsible for checking and inspecting the exercise of the engineering profession and the activities related to it;
- 1.1.11. DIRMAB- Directorate of Aeronautical and Warfare Material;
- 1.1.12. DOU- Official Gazette;
- 1.1.13. EASA- European Aviation Safety Agency;
- 1.1.14. FAA – Federal Aviation Agency;
- 1.1.15. FAB- Brazilian Air Force;
- 1.1.16. FINDINGS – Non-conformities found during the inspection of an aircraft or equipment, requiring corrective measures which are not scheduled in routine inspection logs for said aircraft and equipment;

1.1.17. MONITOR – Administration Agent especially appointed as its representative to monitor and oversee Contract performance, whereby the sub-contracting of third parties is permitted to assist and provide information pertaining to its duties in the situations in which his technical knowledge is not sufficient to perform them;

1.1.18. MONITORING: Generic term for the activity exercised by the Administration Agent acting as Contract Monitor, or by a specifically and systematically appointed Commission, for the purpose of verifying compliance with contractual provisions and with complementary orders issued by the Administration regarding Contract Execution, in all its aspects, for the purpose of identifying deviations and taking corrective measures, or- when outside of its sphere of competence, forwarding them to a higher-ranking authority;

1.1.19. CONFIDENTIAL INFORMATION - Any information and data, of a commercial or industrial nature, or pertaining to technical projects, for current enterprises or others under development by the parties, as well as any other data, texts, correspondence and information disclosed orally or visually, regardless of the means through which it is conveyed.

1.1.20. ICA - Aeronautical Command Normative;

1.1.21. IG – General Index- Evaluation of the most advantageous proposal to the Administration, in which all technical aspects (IT) and financial aspects (IP) are taken into consideration;

1.1.22. IP- Price Index- Evaluation Method for the Financial Aspects presented in each Bidder's Price Proposal. Price Index shall be weighted at 60%;

1.1.23. IT- Technical Index- Evaluation Method for the technical aspects presented in each Bidder's Technical Proposal. Technical Index shall be weighted at 40%;

1.1.24. INPP- Depot-Level Scheduled Inspection, equivalent to the Maintenance Plan (PDM) Inspection established by USAF;

1.1.25. INCOTERMS 2010 - Set of international rules for the interpretation of the most commonly used trade terms in foreign trade, defining the start and end points of responsibilities between buyer and seller;

1.1.26. INVOICE or COMMERCIAL INVOICE - Document equivalent to a bill of sale or trade bill which, in foreign countries, is supplied with the purchased material or services rendered, showing material specifications or services description, as well as their quantities, unit and total prices, in addition to the weights and other information deemed essential for SISCOMEX. It is considered the most important document for customs clearance by the importer because it contains all the elements related with the export operation;

1.1.27. MAFFS- Modular Airborne Fire-Fighting system

1.1.28. Brazilian Law N° 8.666: Law dated June 21, 1993, governing art. 37, Line XXI, of the Federal Constitution [of Brazil], establishes rules for the Public

Administration's solicitations and contracts, and provides other guidelines. It establishes general rules or norms on administrative contracts and solicitations relating to projects, services, including advertising, purchases, divestments and rentals within the scope of the Powers of the Union, its States, Federal District and Municipalities;

1.1.29. BIDDER- Company submitting a Proposal in the Bidding Process;

1.1.30. PAAI- Formal internal administrative process consisting in the log of all verification inquiries into administrative events, which are necessary to clarify and review judgments of the Competent Authority, allowing due process, and possibly culminating in the application of the administrative sanctions established by Law;

1.1.31. PO- PURCHASE ORDER - It is a foreign Purchase Order, equivalent to a Funds Allocation Bill or proceeds allocation document in Brazil. It serves as a guarantee that there is sufficient funds to liquidate the commitment undertaken; it is the first step of a public budget expenditure;

1.1.32. REVO- Aerial Fueling System

1.1.33. SCRAP- Equipment or component deemed scrap, due to the technical impossibility of recovery, or to its economic inviability;

1.1.34. CONTRACT CONCLUSION STATEMENT- Document prepared by the CONTRACT Monitor upon conclusion of the contract due to its partial or full execution.

1.1.35. FINAL RECEIVING CERTIFICATE (TRD)- detailed document, issued by the a member of the Administration, individually or as part of a team, appointed by the competent authority, to document final acceptance of the Object of the Contract (goods or services), further to verification of compliance with all terms set forth in the bidding process and/or in agreements executed by the Public Administration (contracts, partnerships, agreements, amendments, amendment terms, or other similar documents) with third-parties or agencies or entities of the Administration itself;

1.1.36. TEMPORARY RECEIVING CERTIFICATE (TRP)- detailed document, issued by a member of the Administration, individually or as part of a team, appointed by the competent authority, to document temporary acceptance of a contract step (or steps), after verifying good or service compliance with the specification set forth in the bidding process and any documents executed by the Public Administration (contracts, partnerships, agreements, amendments, amendment terms, or other similar documents) with third-parties or agencies or entities of the Administration itself;

1.1.37. TPT- Third Party Transfer-document for transfer of ownership to third parties.

2. OBJECT

2.1. The object of this BIDDING PROCESS is the contracting of a company specialized in the **maintenance of aircraft C-130**, for the performance of logistical support services for 12 (twelve) aircraft, excluding full T56A-15 engines, Aerial Fueling (REVO) and Modular Airborne Fire-fighting System (MAFFS), including the execution of maintenance services, the replacement of equipment, repair and replacement of equipment as per technical specifications and quantities set forth in BASIC PROJECT PLAN Nº 001/SDFC/2018 BSC, Annex I.

2.2. For reasons pertaining to operation and contract execution, the bid shall be divided into modules.

2.2.1. MODULE 1: Performance of ISOCHRONAL maintenance services and correction of non-conformities associated with natural wear and tear (findings), provision of specialized labor and all supply of repairable, consumable and workable material for FAB C-130 aircraft, including inspection logs for complete engines and REVO, as per maintenance plan established by USAF (United States Air Force). The performance of this module shall be assessed based on the execution time of each ISOCHRONAL maintenance service, compared to the time established in the maintenance manuals on which the USAF's maintenance plan is based.

2.2.2. MODULE 2: Supply of mandatory and prospective spare parts, and replacement of equipment and components, classified as repairable or workable, as per USAF manuals for the maintenance of C-130 aircraft which may be necessary in scheduled pre-flight, inter-flight and post-flight maintenance and HSC, as well as unscheduled maintenance arising from normal wear and tear of the material, which will be performed by FAB's operational teams, including the installation of full engines and REVO system on the aircraft, whereas specific material for the installation of full T56-15 engines, REVO and MAFFS system is excluded. The performance of this module shall be assessed based on the supply time of mandatory and prospective spare parts, as well as on Turnaround Time (TAT), compared to the time presented in the Price Proposal

2.2.3. MODULE 3: Performance of scheduled PDM services, as well as unscheduled maintenance, caused by events beyond FAB's control, such as lightning strike, hard landing and bird strike, including structural repairs, and the provision of specialized labor, as well as of all repairable, consumable and workable material for the Brazilian Air Force's C-130 aircraft, including inspection logs for full engines and REVO, as per USAF Maintenance Plan and Manuals. This module shall be executed upon demand (Time & Material – T&M), further to a formal request from the CONTRACTING PARTY, submission of a quote and payment of the specific invoice for the approved service, taking into account that performance

shall be assessed based on execution time of each maintenance activity compared to time advised in USAF Manual, for PDM, and in the estimate, in case of unscheduled maintenance.

2.2.4. MODULE 4: Supply of mandatory and prospective spare parts, and replacement of equipment and components, classified as repairable or workable, required per USAF Manuals for the maintenance of C-130 aircraft which may become necessary in scheduled pre-flight, inter-flight and post-flight maintenance and HSC, as well as in unscheduled maintenance, which may become necessary due to damages caused by incorrect or inadequate operation, performed by FAB teams and to be used by FAB's operational teams, to make the aircraft available, including the installation of full engines and REVO systems on the aircraft, whereas specific material for the installation of full T56-15 engines, REVO and MAFFS system is excluded. This Module shall be performed upon demand (Time & Material – T&M), further to a formal request from the CONTRACTING PARTY, submission of a quote and payment of the specific invoice for the approved supply taking into account that performance shall be assessed based on supply time for mandatory and prospective spare parts, as well as on Turnaround Time (TAT), compared to the time advised in the estimate.

2.3. By choice and in the interest of pursuing the most advantageous proposal for the Administration, the CONTRACTING PARTY may provide the materials to be used in the services, in which case their value shall be deducted from the cost of services provided, and may not affect taxes, fees or any other costs charged over price of supplied materials.

2.4. For all intents and purposes, this INVITATION FOR BID includes the following ANNEXs:

- ANNEX I- BASIC PROJECT PLAN Nº 001/SDFC/2018 BSC;
- ANNEX II- ACCREDITATION FORM TEMPLATE;
- ANNEX III- CONTRACT DRAFT;

2.5. The services referenced in this INVITATION FOR BID must be provided through a indirect execution Regime, based on Unit Price (General Index- IG), due to the demand for the different modules, which may arise at different times and in different amounts, as per Annex I- BASIC PROJECT PLAN.

3. PARTICIPATION REQUIREMENTS

3.1. Interested companies, registered with the BACW, or not, operating in the field contemplated by this Bidding Process, may participate in the bidding process, in accordance with its founding document.

3.2. Companies forming a consortium may participate in this BIDDING PROCESS, provided they fulfill the conditions noted in this BIDDING PROCESS.

3.3. Companies that are subject to the conditions listed below may not participate in this bidding process:

3.3.1. Bankruptcy, judicial reorganization or extra-judiciary reorganization;

3.3.2. Company dissolution or liquidation;

3.3.3. Suspension from participating in bids with the Brazilian Government, or companies with a contractual failure record with the BACW within the past 03 (three) months;

3.3.4. Suspension from participating in bids with the Brazilian Federal Government; and

3.3.5. Declaration of unfitness to enter into an agreement with the Public Administration (Brazil);

4. PARTICIPATION OF COMPANIES FORMING A CONSORTIUM

4.1. When it comes to a Consortium, participation is subject, in addition to the requirements contained herein, to the fulfillment of the conditions set forth in Art. 33 of Law N° 8,666/1993 as well as of the following requirements:

4.1.1. There will be no limit on the maximum number of participants, for the formation of the Consortium;

4.1.2. Submission- by each company in the consortium, of the qualification documents required per item 6 of this Bidding Announcement, except when the bidding announcement itself expressly allows the submission of the above document by merely 1 (one) of the consortium members;

4.1.3. Inclusion, in ENVELOPE 1, which features the Bidder's qualification documentation, of the relevant letter of commitment to the formation of a consortium, public or private deed of undertaking- undersigned by its partners, through their legal representatives invested with the power to do so, with their signatures duly notarized, providing a clear description of each partner's participation in the consortium;

4.1.4. Clear indication, in the by-laws of the above consortium, of the company responsible for the consortium before the granting authority, i.e. the Consortium's leading company, where such leadership must necessarily fall upon a Brazilian company, if there are both Brazilian and foreign company within the same consortium, in accordance with Article 33, Paragraph 1 of Law No. 8,666/1993;

4.1.5. Indication of each partner's participation percentage, in full compliance with Art. 33 of Law N° 8,666/1993;

4.1.6. Companies (including their partners, controlled companies, controlling companies, or other company under shared controlled), are prohibited from participating in more than one investment fund (including its manager), in more than

one consortium, as well as any other corporate configuration resulting in the submission of more than one proposal by the same company or investment fund.

4.2. Companies forming the consortium shall be jointly responsible, before public authority, for the actions performed as part of the consortium, or in connection with the commitment to its formation, both at the bidding stage and in the performance of the contract, in case the consortium should be the winning bidder.

4.3. Before Contract signature, the winning bidder should promote the consortium's incorporation and registration with the relevant Board of Trade, as set forth in this Invitation for Bid, considering that participation levels must remain identical to those stated in the Consortium by-laws, as regards its capital.

4.4. The inclusion, replacement or withdrawal of other partners forming the Consortium will not be accepted until Contract signature.

4.5. The disqualification or failed accreditation of any consortium partner shall automatically cause the disqualification or failed accreditation of the consortium from this Bidding Process.

4.6. Requirements concerning proof of technical qualification and technical-professional qualification must be addressed by the consortium, in the manner described in the items and in the INVITATION FOR BID.

4.7. If an administrative sanction is applied, in connection with the obligations undertaken due to bidding participation, the consortium partners' shared responsibility shall cease:

4.7.1. If the consortium is the winning bidder, after Contract signature.

4.7.2. If the consortium is not the winning bidder, within 30 (thirty) days of Contract signature.

4.8. Changes to the Consortium's by-laws or structure, if it is the winning bidder, during Contract execution, to preserve exceptional situations in which public interest warrants such changes, shall be subject to cumulative proof of the following requirements:

4.8.1. Evidence of the new facts from the Consortium, which occurred after Contract Signature, justifying the change;

4.8.2. The Consortium must continue to fulfill all requirements demanded at time of qualification phase, as set forth in this Invitation for Bid;

4.8.3. The companies' new participation percentages in the consortium structure do not compromise the execution of the Contract Object, nor do they invalidate the bidding process;

4.8.4. The existence of a motivated decision by the Administration clarifying and accepting the reasons for the change and recognizing the existence of new facts, which were not in place at the time of the Bid, causing the delay in the request for modification after awarding the Bid; and

4.8.5. Manifestation that the new Consortium structure, at the time of the Bid, would have granted it winner status alone.

5. QUALIFICATION/ACCREDITATION

5.1. The bidder, or its legal representative must provide personal identification before the BIDDING COMMISSION (CPL) on the date, and at the time and place shown in the Preamble of this INVITATION FOR BID for the purpose of recording all participants in this bidding process, with photo ID or other identification document issued by the government or state, in conjunction with a power-of-attorney signed by the participating company representative, ensuring full powers to express opinions during the procedure (this document must be available outside of the envelopes containing qualification documents and price proposals).

5.1.1. Failure to submit any registration documents, or improper document submission, does not prevent bidder participation. However, it will prevent the representative from speaking on behalf of the Bidder

5.2. The Bidder representative may be any individual accredited based on the company's certificate of incorporation, public and private power-of-attorney verified by a notary, or other equivalent document.

5.2.1. The Bidder representative's authority to represent the bidder before third parties must be stated in the company documents or its certificate of sole proprietorship.

5.2.2. The power-of-attorney must describe all necessary attributions enabling the representative to submit a proposal and perform all actions related to the bidding process; it must be presented with company documents or founder's certificate of ownership.

5.3. Each registered representative may represent only 1 (one) bidder

6. ENVELOPES COM DOCUMENTOS DE QUALIFICAÇÃO E PROPOSTAS DE PREÇOS

6.1. Each bidder must submit **3 (three) envelopes**, the **1st (first) containing Qualification Documents**, the **2nd (second) containing the Technical Proposal** and the **3rd (third) containing the Price Proposal**.

6.2. The sets of documents pertaining to qualification, technical proposal and price proposals shall be delivered separately, in sealed envelopes, which will be initialed on the tab and identified with the bidder's name

6.3. Bidders are encouraged to use the label template below to mark and identify their envelopes.

ENVELOPE Nº 01 – QUALIFICATION

BRAZILIAN AERONAUTICAL COMMISSION IN WASHINGTON
INVITATION FOR BID Nº 181301/CABW/2018
COMPANY NAME

ENVELOPE Nº 02 – TECHNICAL PROPOSAL

BRAZILIAN AERONAUTICAL COMMISSION IN WASHINGTON
INVITATION FOR BID Nº 181301/CABW/2018
COMPANY NAME

ENVELOPE Nº 03 – PRICE PROPOSAL

BRAZILIAN AERONAUTICAL COMMISSION IN WASHINGTON
INVITATION FOR BID Nº 181301/CABW/2018
COMPANY NAME

6.4. The ENVELOPE Nº 01 - QUALIFICATION, ENVELOPE No. 02 - TECHNICAL PROPOSAL and the ENVELOPE Nº 03 - PRICE PROPOSAL must mandatorily be placed inside a larger envelope, which must be addressed to the BIDDING COMMISSION. The name and address of the bidder must be shown in the upper-left hand corner of the envelope, and include the Bidding Number, as well as the time and place of the Open Session for the Bidding process, per the following template:

C/O OF BIDDING COMMISSION – BID # 181301/CABW/2018
BRAZILIAN AERONAUTICAL COMMISSION IN WASHINGTON
1701 22nd Street N.W. Washington, DC 20008
SESSION OF **June 4, 2018 9:00 a.m. (EST)**
(US Standard Eastern Time)

6.4.1. The envelope may be delivered by mail or other similar shipping service, with tracking and delivery confirmation. The envelope must be delivered in time for open session at 09:00 a.m. (Eastern Standard Time) of June 4, 2018 9:00 a.m. (EST)

6.4.2. Prior to the time of the Open Session, Bidders are encouraged to notify its envelopes' tracking numbers to the BIDDING COMMISSION by email.

6.4.3. Late envelopes addressed to the BIDDING COMMISSION, delayed by delivery problems or improper identification, shall not be taken into consideration.

6.4.4. The BACW does not accept responsibility for mistakes caused by improper envelope identification.

6.4.5. If the envelope is sent by Mail, the bidder must include the INVITATION FOR

BID Number on the outside of the envelope, so that the package may be identified when it arrives at the BACW. (Please note: some mailing services allow the bidding number to be included in the REFERENCE field).

6.4.6. Envelopes may also be delivered in person to the BIDDING COMMISSION at the beginning of the open session.

7. QUALIFICATION (ENVELOPE # 01)

7.1. The qualification envelope must show the Bidder's legal representative identification data, as per ACCREDITATION FORM TEMPLATE, ANNEX II.

7.2. All documentation for ENVELOPE No. 1 must be submitted in **ENGLISH**. Documents issued in a language other than English, must be submitted along with a certified and notarized translation.

7.3. On the **ACCREDITATION FORM**, the Bidder must include the following, at the very least:

7.3.1. Bidder's Business Name;

7.3.2. Bidder's Full Address;

7.3.3. Bidder Representative's Full Name;

7.3.4. Legal Representative must possess Power-of-Attorney, in accordance with this INVITATION FOR BID;

7.3.5. Legal Representative's ID number (for example, General Registry ID card number, or National Driver License Number, Passport number, or any other government-issued photo ID).

7.3.6. Legal representative's email address.

7.4. Bidders must also submit QUALIFICATION ENVELOPES for their **Legal Qualification**:

7.4.1. Present proof of **Federal Tax identification number** (e.g. national registry of legal entities (CNPJ), Federal Identification Number (FEIN), Tax ID Number (TIN).

7.4.2. Present the **Basic Business License** or other evidence of authorization to operate in the relevant jurisdiction, in the relevant field and issued by relevant Government Agency;

7.4.3. Present the following documents of the Company: **Certificate of Incorporation, or Certificate of Formation, or Articles of Incorporation, or Articles of Organization**, or other similar organizational document.

7.4.4. For Brazilian companies, the documents referenced in the above sub-items 7.4.1, 7.4.2 and 7.4.3 may be replaced by **SICAF (Brazilian Unified Suppliers Registration System)** with valid dates, or alternatively the documents prescribed in articles 27 through 32 of Law 8.666/93.

7.5. Bidders must also present the following documents in a QUALIFICATION ENVELOPE, for the purpose of **Technical Qualification**:

7.5.1. Present **ANAC Certificate**, Cell Category, Class 4, RBAC N. 145, or equivalent certificate from a civil certification agency or other outside Brazil, or COMAER Certificate, specifically authorizing the performance of C-130 aircraft maintenance, or document equivalent to a COMAER certificate from outside Brazil.

7.5.2. Certificates issued by agencies other than ANAC, COMAER or a similar agency, must be accompanied by the respective bilateral safety agreement for civil aviation safety, or bilateral aeronautical certification agreement, or agreement for the mutual recognition of maintenance functions, all between a Brazilian agency and equivalent agency in the country of origin. For the purposes of qualification, the Certificate shall only be valid if it specifically states that it was issued for C-130 aircraft.

7.5.3. The CONTRACTED PARTY and -if applicable- the subcontracted party's technical qualification requirements must abide by the provisions of Art. n°37, Line XXI of the Federal Constitution, Art. 3°, Paragraph 1°, Line I, and 30, Line II, of Law N° 8.666 from 1993 and further modifications, as well by the TCU's Abstract N° 247.

7.5.4. Competency Certificate approved by an Aeronautical Authority in Brazil or outside Brazil, for the performance of technical-operational activities relating to and consistent with the characteristics, quantities and timelines described in the Basic Project Plan.

7.5.5. Document proving **maintenance and service center** in accordance with the definitions of the aeronautical authority as required in the state or country in which Bidder is based.

7.6. Bidders must also present the following in their QUALIFICATION ENVELOPE for their **Technical-Professional Qualification**:

7.6.1. The CONTRACTED PARTY must be legally incorporated, accredited and certified, before the government, specifically to operate in the field of aeronautical maintenance.

7.6.2. The CONTRACTED PARTY any subcontracted companies must have access to a **mechanical or aeronautical engineer** in charge of and accountable for the services provided.

7.6.2.1. The above-mentioned engineers must be registered with the Regional Engineering Council (CREA), or other equivalent agency, if the CONTRACTED PARTY is headquartered outside Brazil.

7.6.2.2. Similarly, engineers must be accredited with the above Agency as the BIDDER'S and subcontracted company's responsible engineers.

7.6.3. Submit proof of having technical library, as well as the respective contracts to update the technical publications and manuals required to provide the service.

7.6.3.1. At its discretion, the CONTRACTING PARTY may supply USAF Technical Publications as well as their updates. However, this in no manner

exempts or distinguishes the BIDDER'S responsibility as regards its obligation to provide **the proof requested herein**.

7.6.4. The CONTRACTED PARTY must present its Quality Manual, proving the existence of Quality Guarantee Systems, including -at least:

7.6.4.1. Receipt procedures;

7.6.4.2. Disassembly;

7.6.4.3. Inspection;

7.6.4.4. Repair

7.6.4.5. Preservation;

7.6.4.6. Assembly;

7.6.4.7. Packaging;

7.6.4.8. Shipping;

7.6.4.9. Warehousing and installation;

7.6.4.10. The systems referenced in the submission of the **Quality Manual** shall assure the traceability of all material and information.

7.6.5. Traceability must include, at the very least, the use of maintenance logs, stamps, labels, progress reports and respective notes.

7.6.5.1. The Quality Guarantee Systems must also ensure that no spare part, equipment or component shall be used without undergoing proper inspection.

7.6.6. These Systems must be able to immediately identify defects, tendencies or conditions which may result in unsatisfactory quality of the services, and to take the necessary corrective measures in a timely and efficient manner.

7.6.6.1. The defects- and associated corrective measures- must be recorded and logged at a separate location, specifically established for this purpose.

7.7. To speed up the process of assessment of technical documentation, the BIDDING COMMISSION requests that documents be identified per module and per item of this Invitation for Bid.

7.7.1. Failure to properly identify documentation does not preclude the Bidder's participation.

7.8. All pages included in **ENVELOPE 1 – QUALIFICATIONS** must be numbered and initialed by a legally accredited representative without corrections or erasures.

7.9. In ENVELOPE Nº 1 – QUALIFICATION, all content must be digitalized and also submitted in digital form- PDF format.

7.9.1. The PDF may be included in ENVELOPE Nº 1 – QUALIFICATION- in a CD-ROM or pen drive, at the BIDDER's discretion.

7.10. Considering the complexity of the services to be rendered, the BIDDING COMMISSION may forward the qualification documents to CELOG's technical

department for the purpose of obtaining a conclusive technical opinion regarding the qualification of the Bidders participating in this Bidding Process.

7.11. The required certificates or statements must be valid if an expiration date applies.

7.12. Proof that the required documents have been submitted shall not be accepted in replacement of the documents required in this INVITATION FOR BID and its ANNEXs.

8. TECHNICAL PROPOSAL (ENVELOPE # 02)

8.1. The Technical Proposal must be prepared and submitted in **ENGLISH**; it must be clear, without corrections or erasures, duly dated and signed, with all pages initialed by the bidder representative.

8.1.1. Documents issued in a language other than **ENGLISH** must be complemented by certified, notarized translations.

8.2. The Technical Proposal shall be evaluated to obtain the **Technical Index (IT)**.

8.3. According to item 21.2.3 of the Basic Project Plan, the technical requirements shall be weighted at 40%.

8.4. In this manner, for the purposes of obtaining a Technical Index (IT), the BIDDER must submit its TECHNICAL PROPOSAL, taking into consideration the technical requirements listed in ANNEX I, Basic Project Plan, item 21.2.4. and its sub-items.

8.4.1. The TECHNICAL PROPOSAL must be presented in accordance with the table presented in ANNEX B to the Basic Project Plan, TECHNICAL ASPECTS.

9. PRICE PROPOSAL (ENVELOPE # 03)

9.1. The proposal, which must be typed and written in **ENGLISH, and presented in US dollars**, must be clear, without corrections and erasures, duly dated and signed, with all its pages initialed by the bidder representative.

9.2. Prices offered must include all expenses associated with supplying the product, directly or indirectly, including but not limited to: all costs such as fees and/or taxes in accordance with the BASIC PROJECT PLAN, social contributions, expenses, insurance, workers compensation, civil responsibility insurance, labor, social security, fiscal, administrative fees, equipment, materials and any and all other costs or fees associated with the execution of the object of the CONTRACT, as per the INVITATION FOR BID and its ANNEXES.

9.3. The information supplied by the bidder must reflect all costs.

9.4. Costs identified as financing or other unspecified terms shall not be accepted in the Price Proposal.

9.5. Tax rates identified by the BIDDER may not exceed the limits established by the applicable fiscal legislation.

9.6. Proposal validity may not be inferior to **60 (sixty) days** starting on the date on which Price Proposals are opened.

9.7. Under no circumstance must the content of the proposals be modified, with regard to prices, or any other terms or conditions implying a change to the original proposal. Exceptions are permitted when the modifications are formal in nature, aiming to resolve immaterial errors, without substantially altering the content or referenced terms and conditions, and provided that they do not adversely affect other bidders.

9.7.1. The above modifications must be submitted to the Bidding Commission for review.

9.7.2. The Bidding Commission may proceed to correct the highlighted errors, or may require that the Bidder submit a corrected proposal.

9.8. No complaints regarding proposals shall be accepted after entry into the meeting minutes for the Bid. After the qualification phase, withdrawal of proposals will not be permitted, unless due to unforeseeable facts accepted as such by the Commission.

9.9. The Price Proposal shall be evaluated to obtain the **Price Index (IP)**.

9.10. As per item 21.2.3 of the Basic Project Plan, the financial requirements shall be weighted at 60%.

9.11. Thus, in order to obtain a **Price Index (IP)**, the BIDDER must present a PRICE PROPOSAL taking into consideration merely the financial aspects listed in ANNEX I, Basic Project Plan, item 21.2.5 and its sub-items.

9.11.1. The PRICE PROPOSAL must be prepared in accordance with the table shown in ANNEX B to the Basic Project Plan, FINANCIAL ASPECTS.

10. ESTIMATED BUDGET

10.1. The estimated budget for the object of this INVITATION FOR BID shall be USD **98,980,593.81 (ninety-eight million, nine hundred eighty-thousand, five hundred and ninety-three dollars and eighty-one cents).**

10.2. For the purposes of conversion, the rate of one US Dollar to R\$ 3.30 should be used, as per ANNEXs D, E and F of the Basic Project Plan.

10.3. Total estimated amount is based on the estimated amounts for each Module, as follows:

MODULE	ESTIMATE
MODULE 01	USD 76,452,468.81
MODULE 02	
MODULE 03	USD 15,018,750.00
MODULE 04	USD 7,509,375.00
TOTAL	USD 98,980,593.81

RA

11. PROCEDURE FOR OPENING ENVELOPES

11.1. The proposal judgment, once all conditions and technical specifications established in this INVITATION FOR BID are met, shall be processed based on **technical and price criteria**.

11.2. At the time, date and place indicated in this INVITATION FOR BID, in an open session, in the presence of all bidders, the Bidding Commission shall receive sealed envelopes (item 6.4), containing **Envelopes n.º 01 e n.º 02 and n.º 03** and start the Bidding Process.

11.2.1. Anyone may be present at these public sessions, but only bidders and their accredited representatives may participate in the meeting, interacting with the Bidding Commission.

11.3. Once the deadline for submitting documents has expired, no other documents shall be accepted, or further addenda or clarification concerning the qualification documentation, the technical proposal or price proposal submitted.

11.4. After identifying the Bidders, the Bidding Commission shall proceed to open Envelopes n.º 01 - QUALIFICATION.

11.4.1. The content of the envelopes must be initialed by members of the Bidding Commission and by all present Bidder's representatives.

11.5. Bidder qualification shall be verified, in accordance with the terms of this INVITATION FOR BID.

11.5.1. Should the Bidding Commission deem it necessary, it may postpone the public session, for the purpose of analyzing the documents submitted by the bidders, at which time it must inform all bidders of the time and place of the new meeting.

11.5.1.1. Taking into account the complexity of the services to be provided, the BIDDING COMMISSION may submit to **CELOG** the documents pertaining to qualification for the purpose of receiving a definitive technical opinion regarding the qualification of participating bidders.

11.5.2. Considering the situation described in the above item, if the Bidding Commission deems it necessary, it may postpone the open session, for the purpose of analyzing the documents submitted by the bidders, at which time it must inform the bidders of the time and place for the new meeting; all initialed qualification documents, as well as Envelopes 2- Technical Proposal and Envelopes 3- Price Proposals- with the initials of all members of the Bidding Commission and all present Bidders, shall be kept by the Bidding Commission until completion of the qualification phase.

11.6. Disqualified bidders shall have their Envelopes n.º 2 and n.º 3 returned still sealed, after the legal timeframe for appeals has expired without the submission of any appeals, or their removal shall be subject to an adverse decision further to their appeal.

11.7. After analyzing qualification documents, a timeframe of 5 (five) business days shall be granted to the bidders for the submission of possible appeals. After that, a new date for the opening of the technical proposals shall be announced.

11.7.1. In exceptional circumstances, the opening of the technical proposals may occur during the same meeting, in the following cases:

11.7.1.1. All Bidders are present and waive their right to appeal.

11.7.1.2. Should the Bidding Commission consult the candidates who are not present at the meeting, and they waive their right to appeal.

11.8. If any other bidder does not waive the right to appeal during the qualification phase, Envelope nº 2 – Technical Proposal and Envelope nº 3 – Price Proposal, shall be initialed and stored in a safe place until the date set for their opening.

11.9. After completing the qualification phase and opening all proposals, bidders may not be disqualified for any reason associated with this phase, except until after the classification of proposals.

11.10. After the qualification phase, the Bidding Commission shall proceed to open Envelopes nº 02 – TECHNICAL PROPOSAL.

11.10.1. The content of the envelopes must be initialed by all members of the Bidding Commission and all Bidder representatives present in the open session.

11.11. The Bidders' TECHNICAL PROPOSAL shall be examined, in accordance with this INVITATION FOR BID.

11.11.1. In this phase, the Bidding Commission shall send the technical proposals to **CELOG** for the purpose of obtaining a definitive technical opinion regarding the technical proposals of all participating Bidders.

11.11.2. After the technical proposals have been examined, the outcome shall be informed to all participating BIDDERS.

11.11.3. Considering the situation described in the above item, the Bidding Commission shall forward the technical proposals to CELOG's technical department with all document that formed the technical proposal already initialed, and Envelopes nº 3 – Price Proposals- initialed by the present Bidders, as well as by the members of the Bidding Commission, shall be kept by the Bidding Commission until completion of the technical proposal phase.

11.12. After disclosing the analysis of the technical proposals, a timeframe of 5 (five) business days shall be granted to the bidders for the submission of possible appeals. After that, a new date for the opening of the price proposals shall be announced.

11.13. After completion of the technical proposal phase, and opening all proposals received, the Bidders may not be disqualified for any reason connected to this phase, except in case of unforeseen events, or facts learned after proposal judgment.

11.14. After the technical proposal phase, the Bidding Commission shall proceed to open Envelopes nº 03 – PRICE PROPOSALS.

11.14.1. The content of the envelopes must be initialed by all members of the Bidding Commission and by all present Bidder representatives.

11.15. The Bidders' PRICE PROPOSALS shall be verified, in accordance with the terms of this INVITATION FOR BID.

11.15.1. Should the Bidding Commission deem it necessary, it may postpone the open session, for the purpose of analyzing the documents submitted by the bidders, at which time it must inform all bidders of the time and place set for the new meeting.

11.15.1.1. Taking into account the complexity of the services to be provided, the BIDDING COMMISSION may submit to **CELOG's** technical department the documents associated with the PRICE PROPOSAL, for the purpose of obtaining a definitive technical opinion regarding the price proposals received from the participating Bidders.

11.15.2. Considering the situation described in the above item, if the Bidding Commission should deem it necessary, it may postpone the open session, for the purpose of analyzing the documents submitted by the bidders, at which time it must inform all bidders of the time and place set for the new meeting. All price proposals documents which have already been initialed shall be kept by the Bidding Commission until completion of the proposal phase.

11.16. The Bidders' Price Proposals shall be ranked in accordance with the requirements of this INVITATION FOR BID.

11.17. If all participants are disqualified with regard to their qualification documents, or if all technical and/or price proposals are disqualified, the Bidding Commission may grant a 3 (three) business day period for the submission of new documentation or proposals to the Bidding Commission.

11.18. During all open sessions, Meeting Minutes shall be prepared and signed by the members of the Commission and by the legal representatives of the present Bidders.

12. QUALIFICATION DOCUMENTS REVIEW

12.1. Bidders shall be disqualified if:

12.1.1. They submit documents required by this INVITATION FOR BID which are already expired and/or have not been properly updated and/or do not comply with the requirements of this INVITATION FOR BID.

12.1.2. They include the Price Proposal in Envelope nº 01.

12.1.3. They include the Technical Proposal in Envelope nº 01.

12.2. Bidders shall be informed of their qualification or disqualification through publication on the BACW website, as well as through submission of the Meeting Minutes for the Open Session through the accredited legal representative's email and additionally through publication on the Official Gazette (DOU). If the Bidder, or its representative, participates at the open session in which the decision was taken, such

POF

notification shall be made directly to the Bidder, or its representative, and recorded in the Meeting Minutes.

13. TECHNICAL PROPOSAL REVIEW

13.1. The criteria for reviewing the technical proposals shall be the **number of points in the Technical Index (IT)**, as per item 21.2.4.4 and 21.2.4.5 of the Basic Project Plan, ANNEX I to this INVITATION FOR BID.

13.2. Bidders shall be disqualified if:

13.2.1. They do not comply with item 8 of this INVITATION FOR BID;

13.2.2. If the proposal is flawed or illegible, if it is not specific or presents irregularities or errors which make its review difficult;

13.2.3. If it fails to comply with any of the requirements set forth in this INVITATION FOR BID or in the Basic Project Plan;

13.2.4. If it includes the Price Proposal in Envelope nº 02.

13.3. Bidders shall be notified of the outcome of the evaluation of price proposals through publication on the BACW as well as through submission of the Meeting Minutes from the Open Session to the accredited legal representative's email and additionally through publication on the Official Gazette (DOU). If the Bidder, or its representative, participates at the open session in which the decision was taken, such notification shall be made directly to the Bidder, or its representative, and recorded in the Meeting Minutes.

14. PRICE PROPOSAL REVIEW

14.1. The criteria for reviewing price proposals shall be the **number of points in the Price Index (IP)**, as per item 21.2.5.8 of the Basic Project Plan, ANNEX I to the INVITATION FOR BID.

14.2. A Proposals shall be DISQUALIFIED if:

14.2.1. It does not comply with item 9 of this INVITATION FOR BID;

14.2.2. If the proposal is flawed or illegible, if it is not specific or presents irregularities or errors which make its review difficult;

14.2.3. If it fails to comply with any of the requirements set forth in this INVITATION FOR BID or in the Basic Project Plan;

14.2.4. If it includes any advantage which is not established in this INVITATION FOR BID, such as subsidized financing;

14.2.5. If they feature unrealistic prices, meaning their viability cannot adequately be demonstrated through supporting evidence to prove that the costs are consistent with market prices and that productivity is consistent with fulfillment of the object;

14.2.6. In these circumstance, per the above item, should the proposal feature

[Handwritten signature]
[Handwritten signature]

unrealistic prices, meaning their viability cannot adequately be demonstrated through supporting evidence to prove the costs are consistent with market prices, and that productivity is consistent with the fulfillment of the object, the Bidder shall have 2 (two) business days to demonstrate the prices shown in its proposal are viable, under penalty of disqualification.

14.3. If there are signs of unrealistic prices in the proposals, or if further clarification becomes necessary, diligences may be made by the Bidding Commission.

14.4. Once it is ascertained that the price proposal does not meet the requirements set forth in the previous items, it shall be disqualified, and the remaining proposals shall be qualified in descending order from highest to lowest number of points.

14.5. Bidders shall be notified of the outcome of Price Proposal evaluation through publication on the BACW website, publication on the Official Gazette (DOU), as through submission of the Meeting Minutes from the Open Session to the accredited legal representatives' emails, whose price proposals were opened.

14.5.1. Should any bidder, or its representative, be present at the Bid open session, in which a decision was made, this notification shall be made in person to the bidder and recorded in the meeting minutes.

15. PROPOSAL RANKING

15.1. Final ranking of proposals shall occur in accordance with the scoring procedures described in the Basic Project Plan, ANNEX I, for the Technical Index (IT) and Financial Index (IP), which shall provide each Bidder's **General Index (IG)**, as per ANNEX C to this Basic Project Plan, ANNEX I to this INVITATION FOR BID.

15.1.1. In case of a tie between proposals, a draw will be conducted. The names of the tied bidders shall be placed in a sealed box, from which they will be extracted and classified based on the order in which they were drawn.

15.1.2. After thirty minutes the draw will be conducted regardless of whether the companies or their representatives are present.

15.2. Bidders shall be notified of the outcome of the Bid through publication on the BACW website, publication on the Official Gazette (DOU), as well as submission of the Meeting Minutes to the emails of the accredited legal representatives whose proposals were opened.

16. RATIFICATION (“HOMOLOGATION” AND BID AWARD (“ADJUDICATION”))

16.1. The services contemplated by this Bidding Process shall be globally awarded to the Bidder with the highest **General Index (IG)**.

16.2. The bidding process shall be submitted to the relevant higher-ranking authority for the purpose of Bid Award and ratification to the winning bidder.

17. CONTRACT

17.1. After approval of the bid, the winning bidder (the 'CONTRACTED PARTY') shall have 5 (five) business days, from the date of notification, to sign the CONTRACT attached as per ANNEX III, under penalty of losing the right to a contract, as well as being subject to the sanctions established in this INVITATION FOR BID and other sanctions or damages available based on applicable law.

17.1.1. The provisions in the previous subitem may be extended to an additional period of 5 (five) business days, if requested by the CONTRACTED PARTY, and approved by the Administration (CONTRACTING PARTY), at its sole discretion.

17.2. The Administration (CONTRACTING PARTY) shall have the option of contacting the remaining participants, should the winning bidder not sign the CONTRACT, in the established terms and conditions, in accordance with classification order. It may do so at the same terms and conditions proposed by the winning bidder, also as regards to updated prices, in accordance with the Invitation For Bid.

17.3. The BACW may also revoke the BIDDING PROCESS, despite the penalties established in this INVITATION FOR BID.

17.4. Upon signing the CONTRACT, the CONTRACTED PARTY declares its express agreement with the BASIC PROJECT PLAN.

17.5. The CONTRACTED PARTY must maintain all qualification conditions required during the bidding process through the execution of the CONTRACT, in accordance with the obligations it has undertaken.

17.6. The CONTRACTED PARTY shall be responsible for any and all expenses associated with the CONTRACT.

18. SUBCONTRACTING

18.1. The maximum limit for subcontracting the execution of this object is 50% (fifty percent), calculated based on the Contract amount, in accordance with item 13 of the Basic Project Plan, ANNEX A.

18.2. Subcontracting must be authorized by the CONTRACTING PARTY'S EXPENSES SUPERVISOR, through a technical opinion issued by the MONITORING department, alongside specification of activities to be subcontracted and the timeframe in which they will be performed;

18.3. Subcontracted companies must possess all technical qualification requirements set forth in the BASIC PROJECT PLAN, ANNEX A, based on activity to be performed.

18.4. The CONTRACTED PARTY shall be legally and contractually responsible before the CONTRACTING PARTY for the subcontracted services. Any communication and/or clarification shall take place directly between the CONTRACTING PARTY and the CONTRACTED PARTY. Communication and/or clarification with/from subcontracted companies shall be the CONTRACTED PARTY's sole responsibility.

no

o

18.5. The CONTRACTED PARTY shall be legally and contractually responsible before the CONTRACTING PARTY for the subcontracted services. Subcontracting is the CONTRACTED PARTY's full and joint responsibility, answering in full for its guarantees, not just as regards the services and timeframes, but also insurance coverage against any claims, in case of breakdowns or damages associated with the services performed by the subcontracted company.

18.6. Subcontracting is restricted to the maintenance services provided for components and equipment used on FAB aircraft, except for full T56A-15 engines, and for REVO and MAFFS systems.

18.7. The provision of aircraft maintenance services, as established by Modules 1 and 3 may not be subcontracted and must be performed in full by the CONTRACTED PARTY.

18.8. Should subcontracting become necessary, as per Art. 72 of Law 8.666 from 1993, the following recommendations must be followed:

18.8.1. The CONTRACTED PARTY shall bear the risks and onus associated with the subcontracting, including but not limited to the Quality Guarantee provided for the service performed.

18.8.2. The CONTRACTED PARTY must provide the CONTRACTING PARTY, through the CONTRACT MONITOR, with all information required of it on the service, as well as of the subcontracted parties.

18.8.3. The CONTRACTED PARTY shall not be exempt from its contractual responsibilities or obligations when, as a consequence of any type of renegotiation with the subcontracted companies, it becomes unable to fulfill any of the obligations set forth in the contract.

19. TERMS

19.1. Validity Term

19.1.1. This Contract's validity term shall be **60 (sixty) months** starting on signature date.

19.1.2. Under exceptional circumstances, with proper justification and approval by a higher-ranking authority, the validity term may be extended by 12 months, as per §4º of Art. 57 of Law Nº 8,666/93.

19.2. Execution Time

19.2.1. The Contract's execution time shall be **58 (fifty-eight) months**, starting on the issue of the respective Service Order, i.e. the document signed by the CONTRACTING PARTY's legal representative, authorizing the commencement of service performance.

19.2.2. The issuance of a Service Order is subject to the submission of a financial guarantee for Contract Execution.

19.3. Receipt Timeframe

19.3.1. Temporary receipt, which shall be formally entered into a TEMPORARY RECEIVING CERTIFICATE, falls to the Contract's COMREC, as soon as it receives a part of the OBJECT.

19.3.2. After temporary acceptance, the CONTRACTING PARTY shall start the final acceptance of services by performing an inspection, within 10 (ten) days, for the purpose of evaluating physical condition, quality certificates and maintenance logs for FAB aircraft or for the spare parts, equipment and components used in the layout of FAB aircraft.

19.3.3. Non-conformities encountered by the CONTRACTING PARTY during final acceptance procedures must be notified to the CONTRACTED PARTY within 10 (ten) days of the final acceptance deadline, and must be resolved by the CONTRACTED PARTY in an equal amount of time, further to notification. Should a grave DISCREPANCY be encountered, this timeframe may be extended, provided it is duly justified in writing.

19.3.4. The inspection of the services rendered on an aircraft shall be completed at the location in which the CONTRACTED PARTY performs the service, and the inspection of spare parts, equipment and components used in FAB aircraft, except for full T56A-15 engines, REVO and MAFFS systems shall be performed at final destination, i.e. at ALA 11, Rio de Janeiro – Brazil.

19.3.5. Final acceptance shall be recorded in a FINAL RECEIVING CERTIFICATE, which shall be issued within a 10 (day) period of inspection performance.

19.3.6. The deadline for receipt of the object shall comply with the procedural standard established in ICA 65-8 and ICA 12-23.

19.4. Payment Processing Time

19.4.1. The payment period will be up to 30 (thirty) calendar days from the date on which the ACCEPTANCE CERTIFICATE is submitted, and shall occur in accordance with item 12.3 of the Basic Project Plan, ANNEX I to the INVITATION FOR BID.

19.4.2. The timeframe for receiving the object shall be in accordance with the procedural standard set forth in ICA 65-8 ICA 12-23.

20. FINANCIAL GUARANTEE

20.1. A financial guarantee shall be required of the CONTRACTED PARTY, in the amount of **5% (five percent)** of total Contract Value, within 10 (ten) days of CONTRACT signature, to enable signing the SERVICE ORDER. The CONTRACTED PARTY shall provide a financial guarantee in US dollars (USD).

20.2. Any guarantee which fails to cover all possible risks and damages associated with Contract Execution shall not be accepted.

20/

20.3. The financial guarantee shall be valid throughout Contract duration.

20.4. If the guarantee amount is used, in full or in part, the CONTRACTED PARTY must replenish the respective amount within 5 (five) business days from receipt of notification.

20.5. After CONTRACT conclusion, further to issue of the last Final

20.6. Receiving Certificate, and verification that all CONTRACTED PARTY obligations have been fulfilled completely, the guarantee shall be released and returned.

20.7. All costs associated with the financial guarantee shall be borne by the CONTRACTED PARTY.

20.8. If the Contract is amended, the financial guarantee must be extended to reflect CONTRACT expiration date.

21. TECHNICAL GUARANTEE

21.1. The technical guarantee will abide by the provisions in item 10 of the Basic project, ANNEX I to the INVITATION FOR BID.

22. PERFORMANCE LOCATION

22.1. Performance location is described in item 9 of the Basic Project Plan, ANNEX I to the INVITATION FOR BID.

23. CHANGES TO THE CONTRACT

23.1. The CONTRACT may be unilaterally altered by the CONTRACTING PARTY in the following situations:

23.1.1. If the project or its specifications should change, to better suit its objectives from a technical standpoint.

23.1.2. Should the Contract Amount require modification due to the quantitative increase or decrease of its Object.

23.1.3. The CONTRACTED PARTY is bound to accept, at the same terms and conditions, all changes involving an increase or decrease in services of up to 25% of updated original Contract amount.

23.1.3.1. Quantitative decreases exceeding twenty-five (25%) of the Contract amount may only be executed when both parts are in agreement.

23.2. The CONTRACT may be amended by agreement between the parties in the following situations:

23.2.1. If it is necessary to modify the execution regime for the good or service, or the means of supply, after verifying the original contractual terms;

23.2.2. If it becomes necessary to alter form of payment, due to unforeseen circumstances, maintaining the original updated amount, excluding advance payment, as regards the fixed payment and delivery schedule, without the respective consideration for the provision of goods or execution of services;

REF

23.2.3. In order to reestablish the relation initially agreed upon by the parties between contractual obligations and payment from the Administration as just compensation for the service, for the purpose of maintaining the Contract's initial economic and financial equilibrium, should unforeseen events occur, or foreseeable events of unforeseeable consequences, which delay or obstruct performance of the adjusted contract, or in case of force majeure, fortuitous event or factum principis, constituting extraordinary and extracontractual economic risk

24. SUBJECTIVE MODIFICATION

24.1. The CONTRACTED PARTY's merger, split or incorporation with another legal entity is admissible, provided that the new legal entity complies with all the qualification requirements set forth in this INVITATION FOR BID, that the remaining contractual clauses are fulfilled, and the execution of the contractual object is not compromised, and that the Administration provides its explicit approval for continuation of the Contract.

25. PRICE ADJUSTMENT

25.1. In accordance with Art. 65, of 1993 Law 8666, the Contract may only be amended to reestablish the relation the parties initially agreed upon between the Parties obligations and their compensation by the Administration for a fair payment of the work, service or supply, thus maintaining the economic and financial equilibrium of the Contract; should unforeseen facts occur or foreseeable facts of unforeseeable consequences or in case of force majeure, fortuitous events or factum principis, constituting extraordinary and extra-contractual economic.

25.2. The economic and financial equilibrium shall be based on the CONTRACTED PARTY's formal proposal, and it shall be considered only after 12 months have lapsed from the time of Contract Signature.

25.3. The physical-financial equilibrium shall be preceded by a request from the CONTRACTED PARTY, supported by a table with an analytical breakdown of the Contract's cost components, showing the formation of the current price as well the price presented in proposal.

25.4. The inclusion of advantages which were not featured in the initial proposal is forbidden, except when they have become mandatory due to a legal agreement, normative sentence, collective agreement or collective convention.

25.5. A request to reestablish the economic and financial equilibrium shall only be taken into account through negotiation between the parties, taking into account:

25.5.1. The occurrence of an unforeseeable fact, or foreseeable fact of unforeseeable consequences, which delays or prevents the execution of the agreement and its adequate characterization;

2018

2

- 25.5.2.** The occurrence of a Force Majeure event, fortuitous event or factum principis, constituting extraordinary and extracontractual economic risk, and its adequate characterization;
- 25.5.3.** Proof of imbalance, through a request by the Contracted Party with two price formation tables, one for the initial Price Proposal and one for the New Price Proposal;
- 25.5.4.** The economic exam of the table through verification of the arithmetic calculation which led to the new price;
- 25.5.5.** The relevant preparation of calculation logs;
- 25.5.6.** Analysis of the new recalibrated price compared with market prices;
- 25.5.7.** The existence of a budget allocation to cover a possible Price change;
- 25.6.** A decision on the request must be finalized within a maximum timeframe of 60 (sixty days), starting on the date of delivery of proof of cost variation.
- 25.7.** In case of economic and financial equilibrium an amendment to the current Contract shall be drawn up.
- 25.8.** The timeframe referenced in the previous paragraph shall be suspended until the CONTRACTED PARTY fulfills its obligations or provides the documentation requested by the CONTRACTING PARTY to prove imbalance.
- 25.9.** The CONTRACTING PARTY can make diligences to verify the imbalance alleged by the CONTRACTED PARTY.
- 25.10.** The submission of a proposal of economic and financial equilibrium by the CONTRACTED PARTY does not imply acceptance by the CONTRACTING PARTY.
- 25.11.** Should the CONTRACTED PARTY not submit other adequately adjusted indices, the maximum adjustment amount shall be equivalent to CPI variation (Customer Price Index, issued by the Bureau of Labor Statistics – BLS) from the US Department of Labor).

26. PAYMENT

26.1. Payment term shall be 30 (thirty) days starting on date of delivery of RECEIVING CERTIFICATE, with the Invoice, as per procedural standard established in ICA 65-8.

26.2. An invoice shall be issued by the CONTRACTED PARTY in accordance with the following procedures:

26.2.1. "Approval" of the invoice is conditional upon the fulfillment of services described in the invoice presented by the CONTRACTED PARTY; and

26.2.2. In case of failure to present necessary documents, or of a situation which prevents invoice payment, payment shall remain suspended until the CONTRACTED PARTY takes applicable measures to resolve all pending issues. In this case, the payment term shall take effect after pending issues are resolved by the CONTRACTED PARTY, without any cost to the CONTRACTING PARTY.

26.3. The payment date shall be the date on which the wire transfer is processed by the CONTRACTING PARTY'S bank. The CONTRACTING PARTY shall not be responsible for any fees charged by the CONTRACTED PARTY'S financial institution.

26.4. The CONTRACTING PARTY shall not be responsible for any expenses incurred by the CONTRACTED PARTY which have not been stipulated in the CONTRACT.

26.5. Should the CONTRACTED PARTY wish to receive payment in another currency than US Dollars, it shall cover any currency exchange costs or other bank fees which may apply.

26.5.1. Payments made in Brazilian currency shall be made at the Exchange rate in effect on the business day immediately preceding actual payment date.

26.6. Payment method entailing the use of items no longer used by FAB is described in item 12.3 of the Basic Project Plan, ANNEX A.

27. MONITORING

27.1. The MONITORING must be performed by members of the Administration, specifically appointed by the Administration, in accordance with Law N° 8.666 / 1993, ICA n° 65-8 / 2009, and ICA n° 12-23 / 2014, in order to monitor and oversee the CONTRACT to be performed

27.2. MONITORING must comply with the provisions of this Invitation For Bid and Item 15 of the BASIC PROJECT, ANNEX I of INVITATION FOR BID.

28. RECEIPT OF THE OBJECT

28.1. The services contemplated by this INVITATION FOR BID must be received by COMREC in accordance with the technical specifications provided in BASIC PROJECT PLAN, ANNEX I.

28.1.1. All proposals, questions, discrepancies and difficulties encountered during the execution of the CONTRACT, or issues requiring evaluation, must be submitted to the MONITORING team, for assessment by the CONTRACTING PARTY'S Expenses Supervisor.

29. FORCE MAJEURE AND UNFORESEEABLE EVENTS

29.1. Unforeseeable or Force Majeure events must be notified in writing the CONTRACTING PARTY'S EXPENSES SUPERVISOR, through the MONITORING team, so that it may decide the appropriate course of action, provided it has been proven that such events affected the services/materials provided in accordance with the Object of this CONTRACT.

29.2. For the purpose of this CONTRACT, events shall be considered unforeseeable or Force Majeure, if they fit the legal definition provided in the single paragraph of Art. 393 of the Brazilian Civil Code, in accordance with Line II, §1º, Art. 57 of Law N° 8.666/93.

raj

30. OBLIGATIONS OF THE CONTRACTING PARTY AND CONTRACTED PARTY

30.1. The CONTRACTING PARTY and CONTRACTED PARTY's obligations are set forth in the BASIC PROJECT PLAN, in the CONTRACT and in this INVITATION FOR BID.

31. CONTRACT TERMINATION

31.1. Reasons for CONTRACT termination, as well as the measures to be taken in this case, are described in the CONTRACT.

32. CONFIDENTIALITY

32.1. All CONFIDENTIAL INFORMATION must be used exclusively for the purposes of the CONTRACT and negotiations between the CONTRACTED PARTY and the CONTRACTING PARTY, and the provisions set forth in the Basic Project Plan, ANNEX A, item 17.

33. SUSTAINABILITY

33.1. Any fixture, equipment or process of the CONTRACTED PARTY, which is located at a fixed site and releases or emits matter into the atmosphere, through emission points or fugitive emissions, and is used in the performance of the contract, must abide by upper emission limits for air pollutants allowed by CONAMA Resolution N° 382, dated 12/26/2006, and other relevant legislation, based on the pollutant and type of source, if located in Brazil, or other legislation, if located outside Brazil.

33.2. During contract execution, as applicable, noise emission levels may not exceed acceptable limits set forth in Norm NBR-10.151 – Sound Evaluation in Residential Areas for the purpose of community comfort, issued by the Brazilian Association of Technical Norms– ABNT, or those set forth in NBR-10.152- Noise Levels for acoustic comfort, by the Brazilian Association of Technical Norms- ABNT, in the terms of CONAMA Resolution N° 01, dated 03/08/19090, and related legislation- if located in Brazil, or relevant legislation, if located outside Brazil.

33.3. As per Article 4°, § 3°, of SLTI/MPOG Normative Rule N° 1, dated 01/19/2010, or relevant norm in the location of aircraft operation/maintenance, during contract execution, recycled aggregates must be used wherever their availability and supply capacity exist, provided the cost is lower than that of natural aggregates, per entry into the price and cost breakdown table.

34. BUDGET ALLOCATION

34.1. Expenses associated with the Contract shall be borne in accordance with the following budget classification **Program 0621** – Air Force Preparation and Employment; **Action 2048** – Supply and Maintenance of Aeronautical Material; Expense Nature (ND)

339030 (material) and ND 339039 (services); or other budget resource available to Project C-130.

35. ADMINISTRATIVE SANCTIONS AND PENALTIES

35.1. The application of administrative sanctions must take into account the gravity of the failure, its recurrence, the damage caused to Public Interest and the loss caused to the Administration.

35.2. Failure to fulfill the CONTRACT in full or in part, or any breach of the obligations set forth in the CONTRACT, shall subject the CONTRACTED PARTY to the following penalties, without exclusion of other civil and criminal penalties, and to any and all damages and resources available to the contract by the CONTRACTING PARTY, in the terms of the CONTRACT or applicable legislation, ensuring due legal process:

35.2.1. A WARNING is the administrative sanction which shall be applied when the CONTRACTED PARTY should breach, for the first time, the obligations associated with contractual timelines, or for the submission of an invoice with a mistake or in case of non-compliance of guidelines received from the MONITORING team within 48 (forty-eight) hours starting from the time of notification from the MONITORING team. In order to issue this Warning, a PAAI must be generated:

35.2.2. The WARNING must not be proposed for relapse cases of the same kind as non fulfillment of contractual obligation.

35.2.3. The FINES referenced in item II, Art. 87 (fines caused by total or partial contract inexecution), of Law nº 8.666/93, may be defined and applied:

35.2.3.1. For total or partial non-execution of Contract:

35.2.3.1.1. A fine may be applied for partial non-execution in the adjustment amount of 0.2% (two tenths of a percentage point), of the CONTRACT amount, if the CONTRACTED PARTY fails to comply with any amended condition of the CONTRACT; and

35.2.3.1.2. If the CONTRACTED PARTY should cause termination, a fine will be applied for total non-execution of agreement in the amount of 10% (ten percent) of updated total CONTRACT value, without excluding a delinquency fine and any other sanctions set forth in Art. 87 of Law Nº 8.666/93.

35.3. After ensuring the Contracted Party's right to defense, within a period of 5 (five) business days, a fine for total or partial non-execution of the CONTRACT may be applied, in addition to the administrative sanctions set forth in Lines I, III and IV, of art. 87, of Law Nº 8.666/93.

35.4. The CONTRACTING PARTY must inform the CONTRACTED PARTY of the amount to be collected, after exhausting all administrative appeals, and the right to

ample defense; the CONTRACTING PARTY shall deduct the amount from balances to be paid from executed services.

35.4.1. If the payment of the above items is not fulfilled, the owed fine shall be deducted, activating the CONTRACT financial guarantee.

35.5. After the actions described in the previous items, should money still be owed for the payment of the fine, the CONTRACTING PARTY'S Expenses Supervisor (Chief or Deputy), if applicable, shall submit the process to the National Treasury General Attorney's Office (PGFN), for analysis for the purpose of entering the sanctioned company in the Federal Unpaid Debt List ['Dívida Ativa da União'-DAU] and/or allow judicial process, based on the amount owed.

35.6. The application of a fine does not exempt the CONTRACTED PARTY from compensation for damages, losses and injuries it may cause the Administration through its punishable act, which also does not exclude the possibility other administrative penalties may be applied.

35.7. The application of the above fines are subjected to appeal period of 5 (five) business days.

35.8. Temporary suspension from participating in BIDDING PROCESS and impediment from entering into a Contract with the Administration shall be applied, within the COMAER, to the following degrees:

35.8.1. For up to 30 (thirty) days:

35.8.1.1. Non-compliance with timeframe established for corrective measures, as of application of warning sanction; and

35.8.1.2. For the disruption of any action in open sessions of this BIDDING PROCESS.

35.8.2. For up to 3 (three) months:

35.8.2.1. Withdrawal of proposal, in the absence of a reason associated with an unforeseen event;

35.8.2.2. Claim that the prices offered are inviable;

35.8.2.3. Submission of an appeal as an obvious delaying tactic.

35.8.3. For up to 6 (six) months:

35.8.3.1. Refusal by the winning bidder, summoned with the valid timeframe of its proposal, to sign or accept the contract, or withdrawal equivalent instrument;

35.8.3.2. Failure to submit a Contract financial guarantee, as per the INVITATION FOR BID;

35.8.3.3. Repeated occurrence of a punishable act as established in sub-items 35.8.1 and 35.8.2 of this item, in under 24 (twenty-four) month;

35.8.3.4. Application of a second administrative sanction fine within the same Contract;

35.8.3.5. Application of two warnings and one fine, within the COMAER, within 12 (twelve) months, and failure by the supplier to undertake the necessary corrective measures in the timeframe prescribed by the Administration; and

35.8.3.6. Application of two administrative sanction fines within the COMAER in 12 (twelve) months, and failure by the supplier to take the necessary corrective measures in the timeframe prescribed by the Administration;

35.8.4. For up to 12 (twelve) months:

35.8.4.1. If the CONTRACTED PARTY delays the execution of service without a reason, resulting in contractual termination;

35.8.4.2. If the CONTRACTED PARTY does not pay/extinguish the fine in the established timeframe, in situations in which it is not possible to deduct its amount from the guarantee or the credits associated with the completed installments; and

35.8.4.3. In case of repeated punishable defaults per description provided in sub-paragraph “35.8.3”, in less than 36 (thirty-six) months;

35.8.5. For up to 24 (twenty-four) months:

35.8.5.1. In case of unlawful act, for the purpose of interfering with the Bid Objectives, such as forming a cartel;

35.8.5.2. Submission of ‘fraudulent’, ‘adulterated’, ‘false’ or ‘falsified’ documents”;

35.8.5.3. Issue of a ‘false statement’;

35.8.5.4. Final sentence of felonious tax fraud in the collection of taxes associated with the contract;

35.8.5.5. Suspension of service without just cause and without notifying the Administration in advance;

35.8.5.6. Delivery of ‘falsified’ or ‘adulterated’ supplies, using artifice to deceive the Administration;

35.8.5.7. Repeated occurrence of punishable default as defined in sub-paragraph 35.8.4. in under 48 (forty-eight) months; and

35.8.5.8. Repeated occurrence of punishable default as defined in subparagraph 35.8.4 in under 48 (forty-eight) months.

35.9. For the purposes of this Bid, as regards the application of an administrative sanction for the temporary suspension from solicitations and debarment from entering into contracts with the Administration, the term ‘Administration’ should be interpreted as COMAER.

35.10. Non-execution of the CONTRACT is defined as failure to complete the provision of services in accordance with the technical specifications provided in this INVITATION FOR BID.

35.11. Inadequate behavior is defined as the intentional attempt to deceive or corrupt the Administration, or any of its agents, for the purpose of obtaining illicit advantages.

35.12. The PAAI pertaining to the Declaration of Unfitness shall be sent to the Defense Ministry, per the appropriate chain of command, after issue of opinion by COJAER, given the State Minister's exclusive competence in applying sanctions. The sanction may be applied in any of the following ways:

35.12.1. If the company has received a final sentence due to the practice of fiscal fraud with felonious intent in collection of any taxes.;

35.12.2. If the company or professional committed an unlawful act, for the purpose of interfering with the bidding process's objectives;

35.12.3. If the Administration should verify that the company or professional is not, in fact, fit to enter into a Contract due to unlawful committed by it; or

35.12.4. If the Brazilian Audit Court ['Tribunal de Contas da União'] has verified the proven existence of fraud in the bidding process.

35.13. The criteria for issuing a Declaration of Unfitness, which may not exceed 5 (five) years per current legislation, shall be submitted to COJAER, for further submission to the Defense Secretary. Rehabilitation further to this sanction may be claimed by the interested party 2 (two) years after its application.

35.14. In issuing a Declaration of Unfitness, the suggested sanction shall be indicated, for inclusion -in the respective PAAI, for the purpose of rehabilitating the supplier- of the amount to be reimbursed, legal surcharges and other applicable obligations.

36. APPEALS

36.1. The Administration's (BACW) actions during this bidding process may be appealed as follows:

36.1.1. Appeal to the BIDDING COMMISSION within **5 (five) business days** of date of notification or record of meeting minutes/session, in case of:

36.1.1.1. Bidder qualification or disqualification;

36.1.1.2. Proposal judgment;

36.1.1.3. Annulment or repeal of bidding process;

36.1.1.4. Dismissal of request for entry into registry list, modification of cancellation;

36.1.1.5. Termination of CONTRACT, as regards Line I of Art. 79 of Law N° 8.666/93;

36.1.1.6. Application of warning fees, temporary suspension or fine.

36.2. After a bidder files an appeal, the other bidders shall be informed so that they may submit counter-arguments within a period of **5 (five) business days**.

36.3. The appeal must be addressed to the Bidding Commission, which may reconsider its decision within a period of **5 (five) business days**.

36.3.1. Should it reject the reasons presented in the appeal, the Bidding Commission must send the appeal to its higher-ranking authority, for due evaluation within an addition **5 (five) day period**, which shall be duly notified.

37. GENERAL PROVISIONS

37.1. Any doubts arising from the provisions of this INVITATION FOR BID may be the subject of consultation, in writing, with the Bidding Commission in charge of this bidding process, up to 48 (forty-eight) hours before the delivery of the proposals.

37.1.1. All questions will be consolidated and answered in writing after the deadline for consultation has elapsed. A circular communication will be posted by the Bidding Commission and forwarded to the interested parties that have provided an e-mail address.

37.2. Participation in this bidding process implies full acceptance of the terms and conditions established in this Invitation for Bid and its Annexes, as well as with the requirement to comply with the provisions herein.

37.3. Any changes or amendments to this INVITATION FOR BID will require its disclosure in the same publication method in which the original bidding process was published, with an extension of the original term, except when the changes do not affect price formation in any way.

37.4. If the day is not a business day or if there are any events preventing the bidding process from being held on the scheduled date, the session will automatically be rescheduled to the following business day at the same time and place as previously indicated, unless otherwise advised by the Bidding Commission.

37.5. In any phase of the bidding process, the Bidding Commission, or any higher-ranking authority may submit a request for clarification to complement or answer questions about the process, provided it does not imply the later inclusion of any document or information which must be made available at the time of the Bidding open session.

37.6. The ratification (“homologation”) of the Bidding process result does not imply the right to execute the Contract.

37.7. The BACW reserves the right to revoke this Bidding Process for reasons of public interest associated with the occurrence of an unforeseen and duly proven event, which is relevant and sufficient to justify such measures, or annul them due to illegality, through an official letter, or by the request of third parties, through a substantiated opinion.

37.8. The INVITATION FOR BID and its ANNEXs may be read and/or obtained from the BACW, at the address below, on business days between 08:30 a.m. and 11:30 a.m.,

and then again between 1:30 p.m. and 3:00 p.m. (EST) as well as through its website <http://www.cabw.org> during the external phase of the bidding process.

37.9. The records of this administrative process shall be made available at the address below, on business days, between 08:30 a.m. and 11:30 a.m., and then again between 1:30 p.m. and 3:00 p.m. (EST), based on scheduled appointment:

1701 22nd St N.W. Washington, D.C. 20008

Ph.: (202) 483 4031 Fax: (202) 483 4684

E-mail: con@cabw.org

37.10. The United States District Court in Washington, D.C., shall be the court in which any action or proceedings that might arise in connection with the bidding process must be filed and judged. This Invitation For Bid and the bidding process shall be interpreted in accordance with the principles of Brazilian Law N° 8,666/93 and any other applicable laws and regulations of the Federative Republic of Brazil, and shall be governed by and enforced in accordance with the laws of the District of Columbia.

37.11. It is hereby agreed between the parties that the official language of the bid, for the purpose of documentation, correspondence and any other matter is **ENGLISH**.

Washington, DC, April 19, 2018.

RENATO ALVES DE OLIVEIRA, Lt Col.
President of BACW's Bidding Commission

MINISTRY OF DEFENSE
AERONAUTICAL COMMAND

DIRECTORATE OF AERONAUTICAL AND WARFARE MATERIAL

BASIC PROJECT PLAN (PB)

PB 001/SDFC/2018 BSC

1. PREAMBLE

1.1. BACKGROUND

In the decade of the 1960's, the Brazilian Air Force began operating C-130 aircraft.

From the beginning of this operation, due to a deficiency in the domestic market, the Brazilian Air Force developed full capacity for the maintenance of this fleet.

Thus, FAB mechanics developed the ability to perform services ranging from the most basic sort, such as those carried out on the aircraft in the line of flight, to the most complex activities, which are the Depot-Level Scheduled Inspections (INPP), accounting for the most in-depth and complete maintenance performed on C-130.

At the fleet's operational peak within the Brazilian Air Force, the Force's inventory counted up to 22 aircraft. Prolonged use of the aircraft demanded that- over time- modernization services be rendered, to conform the technology with which these airplanes were initially built to more modern standards used in flight navigation throughout the world.

For this reason, the first modernization occurred in the 1990's and early 2000's. With each modernization, new technologies were incorporated, and maintenance services came to be performed outside of the Brazilian Air Force.

Therefore, today, several C-130 components and pieces of equipment are retrieved from hangars and maintenance shops outside of the FAB.

Additionally, due to the long operating life of the C-130 aircraft, which started out as 'A' versions, and have since been updated to 'J' versions, as well as to the vast number of Air Forces using this model in approximately 70 countries, several companies all around the world have become specialized in providing logistic support to this fleet.

1.2. CONTRACT JUSTIFICATION

Taking into account that, due to operational necessity, the Brazilian Air Force, opted to incorporate the new model KC-390 into its fleet, the deactivation of C-130 aircraft has become a reality.

Due to the restrictions associated with decreasing the number of BAF technicians and mechanics, it has become necessary to reallocate C-130 specialists to undergo training and provide maintenance support to the new KC-390.

Thus, the redistribution of FAB mechanics, in connection with the existence of companies all around the world specializing in the maintenance of C-130 aircraft, has resulted in the FAB's reliance on such companies to perform logistic support and maintenance service on C-130, in this phase of fleet deactivation.

For the purpose of properly planning the deactivation and divestiture of the project, the Aeronautical Command issued AERONAUTICAL COMMAND DIRECTIVE (DCA) 400-83- PARTIAL DEACTIVATION OF THE BRAZILIAN AIR FORCE'S C-130 PROJECT, AND AERONAUTICAL COMMAND PLAN (PCA) 400-143, PARTIAL DEACTIVATION PLAN OF THE BRAZILIAN AIR FORCE'S C-130 PROJECT, as well as DCA 400-87- DEACTIVATION OF THE BRAZILIAN AIR FORCE'S C-130 PROJECT. Up until 2016, nine tail numbers were deactivated, whose units started the divestiture process in that same year. The most recent Directive entails the deactivation and divestiture of the aircraft as well as of spare parts which may still be in stock, as the document reflects the fact that today's operational units will be deactivated when they complete the last step of the maintenance cycle.

Given the high number of spares in stock, resulting from approximately 50 years of BAF operation, and from the BAF's use of 22 aircraft at the peak of its C-130 fleet, the COMGAP's strategy is to use existing assets of the C-130 project, currently in stock at PAMA-GL and ALA11, as an installment in the payment for the provision of logistic support services. This material, which has been identified by PAMAGL, the Central Depot for the Project, using SILOMS codes, and drawing from the records within the same System, shall be delivered insofar as proportional payments occur. The list of available parts to be delivered against payment consists of 36,639 Part Numbers and 4,269,822 items, for a total of R\$ [Brazilian Reais] 111,106,548.29 as per Attachment D.

The Administration's decision to use these Government assets, as a payment installment, before they turn to scrap, is based on the interpretation of the provisions in Decree n° 99,658/1990, which states that the divestiture of assets must be carried out with the purpose of gaining the greatest possible advantage for the Administration, thereby binding it to the form of divestiture best suited to the fulfillment of this goal.

Therefore, taking into consideration the need to keep maintenance levels consistent with the missions assigned to C-130 aircraft, and taking into account the Aeronautical Command's (COMAER) logistic structure for this fleet and the requirement to reallocate C-130 aircraft specialists to undergo training and provide maintenance support to the new KC-390, there follows the necessity of

contracting a company to perform the services described in this Basic Project Plan.

2. DEFINITIONS

2.1 In order to facilitate comprehension of terms in this Basic Project Plan (PB) and simplify the composition of the text, the following abbreviations and phrases were adopted, with the meanings provided beside them:

- a) ANAC: [Brazilian] National Civil Aviation Agency.
- b) BER: Beyond Economic Repair.
- c) CELOG: Aeronautical Logistic Center.
- d) COMAER: Aeronautical Command.
- e) CONTRACTING PARTY: the Federal Union, represented by Material Depot of Galeão (PAMAGL), military organization of the Brazilian Air Force (FAB) overseen by the Directorate of Aeronautical and Warfare Material (DIRMAB), which is responsible for logistic support to C-130 aircraft
- f) CONTRACTED PARTY: Company selected through the Bidding Process, to be performed in the technical and price-based modality, to which the future contract will be awarded.
- g) EASA: European Aviation Safety Agency
- h) FAA: Federal Aviation Agency.
- i) FINDINGS: Non-conformities found during the inspection of an aircraft - or equipment, requiring corrective measures which are not scheduled in routine inspection logs for said aircraft and equipment.
- j) CONFIDENTIAL INFORMATION: Any commercial data and information, whether of an industrial nature or pertaining to a technical project, associated with current tasks or others still under development by the parties, as well as any other data, texts, correspondence, information divulged orally or visually, regardless of how they were conveyed.
- k) INPP: Depot-Level Scheduled Inspections, equivalent to a PDM, or Maintenance Plan issued by the State Air Force (USAF).
- l) MAFFS: Modular Airborne Fire-Fighting system
- m) OBJECT- Purchase of a physical asset, provision of any type of service, or execution of work, in connection with the contract, when referenced generically or jointly. For this Basic Project Plan, the Object is set forth in Item 4- the OBJECT.
- n) PAMAGL – Galeão Aeronautical Material Depot.
- o) BIDDER- Company interested in providing services described in item 4 – the OBJECT.

- p) SCRAP: Equipment or component deemed scrap, due to the technical impossibility of recovery, or to its economic inviability.
- q) TPT: Third Party Transfer. Document for the transfer of property to third parties.

3. OBJECTIVE

- 3.1. The objective of this Basic Project Plan is to establish the set of necessary and sufficient elements, with the adequate degree of precision, to characterize the OBJECT sought by the Administration, which will be integrated in the Administrative Management Process (PAG) for the contracting of a company which specializes in the maintenance of C-130 aircraft, and the provision of logistic support services for 12 (twelve) aircraft, excluding their full T56A-15 engines, Aerial Refueling System (REVO) and Modular Airborne Fire Fighting System (MAFFS).
- 3.2. Upon executing this strategy, it will become possible to reallocate direct FAB labor, which will then undergo training to provide services to the new KC-390 model, without depriving the C-130 of adequate logistic support.

4. OBJECT

- 4.1. THE OBJECT of this Contract is to provide logistic support services for the following activities:
 - a) Module 1: Performance of ISOCHRONAL maintenance services and correction of non-conformities associated with natural wear and tear (findings), provision of specialized labor and supply of all repairable, consumable and workable material for FAB C-130 aircraft, including inspection logs for complete engines and REVO, as per Maintenance Plan established by USAF (United States Air Force). The performance of this module shall be assessed based on the execution time of each ISOCHRONAL maintenance service, compared to the time established in the maintenance manuals on which the USAF's maintenance plan is based.
 - b) Module 2: Supply of mandatory and prospective spare parts, and replacement of equipment and components, classified as repairable or workable, required per USAF Manuals for the maintenance of C-130 aircraft which may become necessary in scheduled pre-flight, inter-flight and post-flight maintenance and HSC, as well as unscheduled maintenance arising from normal wear and tear of the material, which will be performed by the FAB's operational teams, including the installation of full engines and REVO system on the aircraft, whereas specific material for the installation of full T56-15 engines, REVO and MAFFS system is excluded. The performance of this module shall be assessed based on

the supply time of mandatory and prospective spare parts, as well as on Turnaround Time (TAT), compared to the time advised in the Price Proposal.

- c) Module 3: Performance of scheduled PDM services, and unscheduled maintenance required by events beyond FAB's control, such as lightning strike, hard landing and bird strike, including structural repairs, and the provision of specialized labor, as well as all repairable, consumable and workable material for FAB C-130 aircraft, including inspection logs for full engines and REVO, as per Maintenance Plan established by USAF. This module shall be executed upon demand (Time & Material – T&M), further to a formal request from the CONTRACTING PARTY, submission of a budget and payment of the specific invoice for the approved service, taking into account that performance shall be assessed based on execution time of each maintenance activity compared to time advised in USAF Manual, for PDM, and in the Estimate, in case of unscheduled maintenance.
- d) Module 4: Supply of mandatory and prospective spare parts, and replacement of equipment and components, classified as repairable or workable, required per USAF Manuals for the maintenance of C-130 aircraft which may become necessary in scheduled pre-flight, inter-flight and post-flight maintenance and HSC, as well as in unscheduled maintenance arising from abnormal wear and tear of the material, which will be performed by the FAB teams and used by FAB's operational teams, including the installation of full engines and REVO systems on the aircraft, whereas specific material for the installation of full T56-15 engines, REVO and MAFFS system is excluded. This Module shall be performed upon demand (Time & Material – T&M), further to a formal request from the CONTRACTING PARTY, submission of a budget and payment of the specific invoice for the approved service, taking into account that performance shall be assessed based on supply time for mandatory and prospective spare parts, as well as on Turnaround Time (TAT), compared to the time advised in Estimate.

4.2. Services for Modules 1 and 2 shall be paid per Flight Hour (PHV) and services for Modules 3 and 4 shall be paid via specific invoices for budgets previously approved by the CONTRACTING PARTY.

4.2.1. Third-Level maintenance services, i.e. Depot-Level services for T56A-15 engines, are thus excluded from all modules.

4.2.2. Also excluded from all modules are all-level maintenance services for REVO and MAFFS systems.

ROA

P

- 4.3. All costs associated with transportation, freight handling and other matters must be included in payments referenced under item 4.2.
- 4.4. Existing material in the CONTRACTING PARTY's stocks may be used for services, as a down payment on the installment for the material to be transferred in the following payment, as specified in the Payment clause.
- 4.4.1. The material to be supplied in this condition shall be delivered to the future CONTRACTED PARTY with the relevant Certificates of Conformity. No material lacking a document attesting its airworthiness shall be passed on to the future CONTRACTED PARTY, in order to avoid invalidating its technical warranty or the company's obligations before the CONTRACTING PARTY.
- 4.5. As set forth for the services to be provided to the FAB, ALL material to be exchanged as payment shall be delivered to the future CONTRACTED PARTY with the relevant Certificates of Conformity. No material lacking a document attesting its airworthiness shall be passed on the future CONTRACTED PARTY.

5. PARAMETERS FOR USE

- 5.1. For the purpose of preparing a Price Proposal, companies must take into consideration the following parameters:
- 5.1.1. The C-130 fleet is expected to operate in accordance with the following projection

Year (T0+month)	Aircraft/year Ratio	Flight Effort (Range)
T0+12	11 / 12	3100 / 3800
T0+24	9 / 10	3600 / 5300
T0+36	7 / 8	3100 / 4300
T0+48	5 / 6	2600 / 3800
T0+60	3 / 4	2100 / 3300

T0: Contract Commencement Date

Table 1: Operational Planning

- 5.1.2. Fleet operation shall probably occur at a rate of 3.5 hours/ flight cycle.
- 5.1.3. The above fleet shall be operated by two squadrons located at ALA 11, the former 'Base Aérea do Galeão' [Galeão Air Base], in the city of Rio de Janeiro – RJ, where aircraft shall be indifferently operated by the two Squadrons.

DISCLAIMER: The English version is a certified translation of the original in Portuguese for information purposes only. In case of a discrepancy, the Portuguese original will prevail.

5.1.4. Per projected fleet operation, 10% of planned activities in Table 1 shall take place in airports without preparation.

5.1.5. All spares for C-130 aircraft, including consumable and repairable items as well as ground support equipment (EAS) belonging to FAB's fleet, are warehoused at the 'Parque de Material Aeronáutico do Galeão' [Galeão Aeronautical Depot] and ALA 11, from which they will be removed to be exchanged in payment as an installment for owed amounts.

5.1.6. Minimal Annual Disponibility (DA) for the fleet must be greater than -or equal- to 60%. The formula to calculate the KPI (*Key Performance Indicator*) is:

$$DA = SDD \times 100 / (TDA \times TD) \geq 60\%, \text{ where:}$$

- a) SDD: Sum of Available Days, i.e. the sum of available flight days for each of the aircraft in the fleet during the timeframe covering the past 12 months.
- b) TDA: Number of Distributed Aircraft, as per the Aircraft Distribution Table defined by the EMAER.
- c) TD: Total Days within the same timeframe established for the verification of SDD.

5.1.6.1. The above indicator shall be assessed on a monthly basis, upon submission of the monthly invoice, and should the KPI not meet the established objective, the CONTRACTING PARTY shall apply an administrative sanction, as per ICA 12-23 – RECEIPT AND INSPECTION OF GOODS AND SERVICES AND APPLICATION OF ADMINISTRATIVE FINES, dated 09/23/2014.

5.1.7. Minimum Operational Reliability (COP) for the fleet must be greater than -or equal- to 70%. The formula to calculate this KPI is:

$$COP = (TD - TMAV) \times 100 / (TD + TDAS + TDAPV) \geq 70\%, \text{ where:}$$

- a) TD: Total Number of Successful Mission Take-Offs during a 12-month peace period.
- b) TMAV: Total Number of Missions Aborted in Flight, during the last 12 months.
- c) TDAS: Total Number of Missions Aborted on Ground, during the last 12-month period.
- d) TDAPT: Total Number of Take-Offs aborted due to pre-flight, inter-flight, or post-flight malfunction, during the last 12-month period.

5.1.8. The above indicator shall be assessed monthly, upon submission of a monthly invoice, and -should the KPI not meet its established goal, the CONTRACTING PARTY shall apply the relevant administrative sanction, as per 12-23 – RECEIPT AND INSPECTION OF GOODS AND SERVICES AND APPLICATION OF ADMINISTRATIVE SANCTIONS, dated 09/23/2014.

6. MODULE BREAKDOWN

6.1. Module 1: Provision of Maintenance Services for C-130 Aircraft (Pay by The Hour – PBH)

6.1.1. The company must provide Base-Level, ISOCHRONAL, and Depot-Level, PDM maintenance service in its own hangars, using specialized labor and supplying material, hardware and equipment during ground support.

6.1.1.1. The aircraft shall be delivered to the CONTRACTED PARTY's premises by FAB crew and shall also be received, after completing the services, at the CONTRACTED PARTY's premises, by FAB crew.

6.1.1.2. The CONTRACTED PARTY'S hangars must be able to accommodate as many FAB C-130 aircrafts as necessary while delivering the service.

6.1.2. The hangars must be able to perform Base-level and Depot-Level inspections, as well as structural repairs which may require the removal of stabilizers, external wings or the central wing.

6.1.3. The services must be rendered with special hardware and with ground support equipment assigned by the C-130 aircraft manufacturer, and they must belong to the CONTRACTED PARTY or may alternatively be rented by it

6.1.4. The components and equipment removed from FAB aircraft must be adequately preserved in the CONTRACTED PARTY'S warehouses, while delivering the services.

6.1.5. The material to be supplied by the CONTRACTED PARTY is equivalent to all of the FAB's repairable, consumable workable material for the C-130, as set forth in USAF Manuals, including material for the installation of full T56A-15 engines and REVO systems, excluding specific items of T56A-15 engines, REVO systems and MAFFS.

6.1.6. Maintenance services must be overseen by a team of engineers who are able to:

6.1.6.1. Evaluate and identify structural repairs.

6.1.6.2. Manage FAB's maintenance plan and C-130 fleet configuration.

6.1.7. Maintenance services must be performed by properly qualified teams of mechanics, in accordance with the legislation of the country's Certification Agency, such as ANAC, FAA and EASA, or other equivalent agency, for the maintenance of C-130.

- 6.1.8. ISOCHRONAL Maintenance and the correction of non-conformities arising from any findings must comply with the Manuals and Maintenance Plan established by the USAF.
- 6.1.9. The CONTRACTED PARTY must have an active system and efficient supply chain which can obtain -preferably through the C-130 aircraft manufacturer- consumable, repairable and workable spares, for the all of the aircraft's systems and structure set forth in the catalogues of aircraft parts.
- 6.1.10. The CONTRACTED PARTY must possess a duly qualified team to manage the CONTRACTING PARTY'S existing stocks, in order to keep the CONTRACTED PARTY equipped with the necessary and sufficient number of items to support the flight line located at ALA 11, Pre-Flight, Inter-Flight and Post-Flight inspections as well as HSC inspections.
- 6.1.11. The price per flight hour must include the correction of the FINDINGS, providing labor up to the 50% limit set forth for ISOCHRONAL inspections, under which the FINDINGS fall, as well as for the supply of material up to 50% of the amount set forth for the ISOCHRONAL inspections, under which the FINDINGS fall
- 6.1.11.1. Labor in excess of the 50% limit set forth for ISOCHRONAL inspections or material in excess of the 50% limit set forth for ISOCHRONAL inspections, as both relate to the correction of FINDINGS, must be submitted for approval to the CONTRACT INSPECTOR, and may only be provided after due approval from the Inspector.
- 6.1.11.2. Labor and material amounts in excess of the 50% limits shall be invoiced separately, for services approved by the CONTRACT INSPECTOR, and shall be paid together with the following monthly invoice.
- 6.1.12. The CONTRACTED PARTY'S performance shall be assessed based on execution time for each maintenance activity, compared to the estimated time in the maintenance plans on which the USAF's maintenance is based. Should the CONTRACTED PARTY fail to comply with such time, penalties shall be applied as set forth in ICA 12-23- RECEIPT AND INSPECTION OF GOODS AND SERVICES AND APPLICATION OF ADMINISTRATIVE SANCTIONS, dated 09/23/2014.

6.2. Module 2: Supply of mandatory and prospective spare parts, and replacement of equipment and parts, classified as repairable or workable, as set forth in the USAF's maintenance manuals for C-130 Aircraft, except for the specific items pertaining to full T56A-15 engines and REVO and MAFFS systems.

6.2.1. The company must supply and stock FAB's warehouses with all consumable material, required by the USAF's Maintenance Plan and Manuals, which will be used by FAB's maintenance teams during Pre-flight, Inter-Flight and Post-Flight inspections, as well as HSC inspections, and for the correction of non-conformities (findings) associated with the aircraft's normal wear and tear.

6.2.2. The company must provide the corrective and preventive maintenance services for all repairable and workable aircraft components and equipment, except for the specific items associated with full T56-A-15 engines, and REVO and MAFFS systems, provided the malfunction is due to the item's normal wear and tear or the expiration of scheduled maintenance service.

6.2.2.1. The cell and propeller components and equipment must be removed and returned to the CONTRACTING PARTY's premises.

6.2.2.2. The responsibility for the material shall be transferred to the CONTRACTED PARTY when it takes possession of it, at the CONTRACTING PARTY's premises, at PAMAGL or ALA 11, formerly known as 'Base Aérea do Galeão', located in Rio de Janeiro – RJ, and said responsibility shall cease when it returns possession of the material to the CONTRACTING PARTY at the same location.

6.2.3. The CONTRACTED PARTY must own shops, recognized by the Aeronautical Authority of the country in which it is headquartered, for the maintenance of repairable and workable C-130 aircraft components and equipment, which may present defects due to the normal wear and tear of its parts; alternatively, it should possess an active and efficient supply chain system capable of providing maintenance for the aircraft components and equipment, in sub-contracted workshops which must also be recognized by an Aeronautical Authority.

6.2.4. The CONTRACTED PARTY must be in possession of the Components Maintenance Manuals (CMM) for the equipment used in the FAB's C-130 aircraft, except for the equipment and components exclusively used by FAB, provided it can perform maintenance at its own facilities.

6.2.4.1. To this effect, the company must own the relevant renewal/update contracts for the CMM.

- 6.2.5. The CONTRACTED PARTY must possess an active and efficient supply chain system capable of obtaining all equipment and component spares, whether consumable, repairable or workable, for the entire configuration of the FAB's C-130 aircraft, except for the specific items for full T56A-15 engines, REVO and MAFFS systems.
- 6.2.6. In the absence of workshops owned by the CONTRACTED PARTY, for the maintenance of components and equipment pertaining to the full configuration of FAB C-130 aircraft, except for the specific items pertaining to full T56A-15 engines, REVO and MAFFS systems, the CONTRACTED PARTY must have an active supply chain with the ability to obtain such items from workshops recognized by an Aeronautical Authority
- 6.2.6.1. To this effect, the CONTRACTED PARTY must have active contracts with subsuppliers which provide equipment and components maintenance services for the entire configuration of FAB C-130 aircraft, except for specific items pertaining to full T56A-15 engines, REVO and MAFFS systems, for which the CONTRACTED PARTY might not have workshops
- 6.2.6.2. Subsuppliers must be certified, by the competent authority of the country in which they are based, such as ANAC, FAA, EASA or other equivalent agency.
- 6.2.7. The CONTRACTED PARTY must provide transportation for all FAB C-130 components and equipment, except for specific items pertaining to full T56A-15 engines, REVO and MAFFS systems, in PAMAGL segments to the CONTRACTED PARTY'S premises, and from the CONTRACTED PARTY'S premises to PAMAGL.
- 6.2.8. The CONTRACTED PARTY is responsible for supplying all spare parts required for the performance of preventive, scheduled and corrective maintenance on all FAB C-130 components and equipment -except for specific items pertaining to full T56A-15 engines, REVO and MAFFS systems- contracted in this Module.
- 6.2.9. The CONTRACTED PARTY'S performance shall be evaluated based on the time it takes to supply mandatory and prospective spare parts, as well as Turnaround Time (TAT), compared to the time advised by the CONTRACTED PARTY itself upon submitting its Price Proposals. Should the CONTRACTED PARTY fail to comply with advised time, penalties shall be applied in accordance with ICA 12-23- RECEIPT AND INSPECTION OF GOODS AND SERVICES AND APPLICATION OF ADMINISTRATIVE SANCTIONS of 09/23/2014.
- 
- 

6.3. Module 3: Performance of scheduled PDM maintenance services and unscheduled maintenance pertaining to events beyond the FAB's control.

6.3.1. Possibly, Third-level scheduled maintenance (PDM) services, established in the USAF's Maintenance Plan, or unscheduled maintenance services pertaining to events beyond the FAB's control, such as lightning strike, hard landing and bird strike, or due to inadequate aircraft operation, including structural repairs, both the provision of specialized labor and all repairable, consumable and workable FAB C-130 aircraft,, including the inspection logs for full engines and REVO, as per the Maintenance Manuals and Plans used by USAF, will be requested.

6.3.1.1. For scheduled maintenance services, these shall be performed at the CONTRACTED PARTY'S premises, as an example of what occurs in Module 1.

6.3.1.2. As regards unscheduled services, these shall be performed at the CONTRACTING PARTY's, at PAMAGL, located in Rio de Janeiro – RJ.

6.3.1.3. Under all circumstances contemplated by this module, the CONTRACTED PARTY must provide special hardware and Ground Support Equipment (GSE), required for the performance of the service required by the CONTRACTING PARTY.

6.3.2. The services detailed in this module may be required on an emergency basis (Aircraft on Ground- AOG) at any airport in Brazil, or the world, provided this presents no risk to the CONTRACTED PARTY's associates.

6.3.3. The services in this module shall be requested through a request for quotation. Only after carefully analyzing the CONTRACTED PARTY's proposal, and approval by the CONTRACT INSPECTOR, appointed by the CONTRACTING PARTY, the service shall be rendered and paid through a separate invoice.

6.3.3.1. The above approval shall be issued through business reply mail referencing quoted services and authorizing their performance.

6.3.4. The equipment and components removed by the FAB must be adequately warehoused. Should scheduled maintenance (PDM) of this kind be performed at the CONTRACTED PARTY's facilities, items will be stocked in its warehouses while services are being provided. In case of unscheduled maintenance, to be performed outside of the CONTRACTED PARTY's premises, items shall be stocked in the CONTRACTING PARTY'S or at third-party facilities, and the responsibility for identifying a warehousing location shall rest with the CONTRACTED PARTY.

- 6.3.5. The material to be supplied by the CONTRACTED PARTY is equivalent to all repairable, consumable and workable FAB C-130 aircraft material, established in USAF manuals, including material for the installation of full T56A-15 engines, REVO and MAFFS systems.
- 6.3.6. Maintenance services must be overseen by an engineering team with the ability to:
- 6.3.6.1. Evaluate and define structural repairs.
 - 6.3.6.2. Manage the maintenance plan and configuration of FAB's C-130 fleet.
- 6.3.7. Maintenance services must be performed by mechanic teams in possession of the legal qualification required by the Certification Agency in the relevant country, such as ANAC, FAA, EASA, or other equivalent agency for the maintenance of C-130 aircraft.
- 6.3.8. PDM-type scheduled maintenance services, as well as unscheduled maintenance services pertaining to events beyond FAB's control, such as lightning strike, hard landing and bird strike, including structural repairs, must comply with USAF Maintenance Manuals and Plan.
- 6.3.9. The CONTRACTED PARTY must have an active and efficient supply chain system with the ability to obtain, preferably through the C-130 aircraft manufacturer- consumable repairable and workable spare parts, pertaining to the structure and all aircraft systems required in aircraft parts catalogues.
- 6.3.10. The CONTRACTED PARTY'S performance shall be evaluated based on execution time for each maintenance activity, compared to the estimated time in USAF manual- for PDM, and the estimated time, for unscheduled maintenance. Should the CONTRACTED PARTY fail to comply with such times, penalties shall be applied as set forth in ICA 12-23- RECEIPT AND INSPECTION OF GOODS AND SERVICES AND APPLICATION OF ADMINISTRATIVE SANCTIONS, dated 09/23/2014
- 6.4. Module 4: Supply of mandatory and prospective spares, and replacement of equipment and parts, classified as repairable or workable, as set forth in the USAF's maintenance manuals for C-130 Aircraft, except for the specific items pertaining to T56A-15 full engines and REVO and MAFFS systems.

- 6.4.1. The CONTRACTED PARTY must supply, in this module, the services contemplated in Module 2 upon request, when the service is not related to the normal wear and tear of the aircraft and propeller's equipment and components.
- 6.4.1.1. Included in this condition is the maintenance performed in non-compliance with the operational and maintenance manuals. In order to identify this condition, the CONTRACTED PARTY shall issue an investigative technical report identifying the root cause.
- 6.4.2. The CONTRACTED PARTY must be able to supply Ground Support Equipment and special hardware used in First-Level Maintenance for C-130 aircraft when requested by the CONTRACTING PARTY.
- 6.4.3. Considering that BER and SCRAP in and of themselves already constitute an unnatural event, the CONTRACTED PARTY must replace items which fall under one of these conditions, at the CONTRACTING PARTY's request (Time & Material – T&M), through a formal request and payment of a specific invoice for the approved supply, in order to avoid compromising the fleet's logistic.
- 6.4.3.1. In the case of natural wear and tear, the CONTRACTED PARTY shall cover 65% of the item amount, while the CONTRACTING PARTY will cover 35%. The item may be 'Factory New', 'Overhauled' and 'Serviceable' provided its TSN and TSO match- or are lower than those of the condemned item, and that the configuration is equal or superior to that of the replaced item, while also compatible with FAB C-130.
- 6.4.3.2. In case of abnormal wear and tear, caused by inappropriate or improper operation, the CONTRACTING PARTY shall cover 100% of the cost of the item. The item may be 'Factory New', 'Overhauled' and 'Serviceable' provided its TSN and TSO match- or are lower than those of the condemned item, and that the configuration is equal or superior to that of the replaced item, while also compatible with FAB C-130.
- 6.4.4. The services in this module shall be requested through a request for quotation. Only after carefully analyzing the CONTRACTED PARTY's proposal, and approval by the CONTRACT INSPECTOR, appointed by the CONTRACTING PARTY, the service shall be rendered and paid through a separate invoice.
- 6.4.4.1. The above approval shall be issued through business reply mail referencing quoted services and authorizing their performance.
- 6.4.5. The CONTRACTED PARTY'S performance shall be evaluated based on execution time for each maintenance activity,

as well as for the supply of mandatory and prospective spares, as well as on Total Turnaround Time, compared to the time advised by the CONTRACTED PARTY upon submitting of its Price Proposals. Should the CONTRACTED PARTY fail to comply with such time, penalties shall be applied as set forth in ICA 12-23-RECEIPT AND INSPECTION OF GOODS AND SERVICES AND APPLICATION OF ADMINISTRATIVE SANCTIONS, of 09/23/2014.

7. PURCHASE AND PERFORMANCE REGIME

- 7.1. The performance regime for the services contemplated by this Basic Project Plan shall fall under the indirect execution, with the supply of material and labor, and under the unit price contract modality to the fact that the demand for different modules may occur at different times and in different quantities
- 7.2. Contracting for the Object of this Basic Project Plan must occur through a Bid- performed at an international level, to be awarded based on best technical offer and lowest price.
 - 7.2.1. The choice to award the object to the company that submits the best technical offer and lowest price is motivated by the fact that there are many companies, all around the world, with the ability to perform the required service, which- based on the legislation of the country where they are headquartered, offer different quality levels

8. TIMEFRAMES

8.1. VALIDITY TERM

- 8.1.1. The Contract's validity term shall be 60 (sixty) months starting on signature date.
- 8.1.2. Any extension must be issued through a duly documented Amendment signed by the CONTRACTING PARTY and CONTRACTED PARTY, with a minimum 90 (ninety)-day notice before the expiration of such timeframe, per Normative Guideline AGU n° 38, dated 11/13/2011.

8.2. EXECUTION TIME

- 8.2.1. The Contract's performance timeframe shall be 58 (fifty-eight) months, starting on the issue of the respective Service order, i.e. the document signed by the CONTRACTING PARTY's legal representative, authorizing the commencement of service provision.
- 8.2.2. The Service Order for the commencement of CONTRACT execution shall be issued in accordance with the Payment and Delivery Schedule and shall be subject to the submission of

financial guarantee for contractual performance by the CONTRACTED PARTY to the CONTRACTING PARTY.

8.3. RECEIPT AND ACCEPTANCE TIMEFRAME

8.3.1. The receipt and acceptance timeframe shall follow due procedure set forth in ICA 65-8 – DUTIES OF THE CONTRACT INSPECTOR AND OF THE GOODS AND SERVICES ACCEPTANCE COMMISSION- COMREC, dated 05/28/2009, and ICA 12-23 – RECEIPT AND INSPECTION OF GOODS AND SERVICES AND APPLICATION OF ADMINISTRATIVE SANCTIONS dated 09/23/2014, or other legislation which may in future revoke -in full or in part- the above ICA.

9. PERFORMANCE LOCATION

- 9.1. The services set forth in the Basic Project Plan shall be performed at the CONTRACTED PARTY's premises, when they pertain to Base-Level and Depot-Level Inspections, for modules 1 and 3, on at the CONTRACTED PARTY's premises or those of its subsuppliers for service on items within the aircraft (modules 2 and 4).
- 9.2. It is possible, if is the CONTRACTING PARTY's choice and in its interest, unscheduled maintenance services for Module 3 shall be performed at the CONTRACTING PARTY'S premises, upon request, if the aircraft cannot be moved the CONTRACTED PARTY's premises.
- 9.3. The location where services are performed must be adequate and comply with all the criteria established by this Basic Project Plan and with the technical specifications provided by the aircraft and component manufacturer, in order to satisfy aeronautical objectives and concepts, whether they pertain to functional, technical and economic functions.

10. TECHNICAL WARRANTY

- 10.1. The CONTRACTED PARTY must follow the norms established by Approval and Certification Authorities (ANAC, COMAER, EASA or FAA) in order to ensure compliance with the Quality Guarantee requirements which may apply both the supply and transportation of the GOODS as well as General Revision, Repair, Calibration, Inspection and Warehousing activities.
- 10.2. The CONTRACTED PARTY must guarantee the labor used in services rendered, performed by the CONTRACTED PARTY, or under its responsibility, pertaining to Modules 1, 2, 3 and 4, as well as spare parts, equipment and components of FAB aircraft, except for full T56A-15 engines, and REVO and MAFFS systems, supplied as new, without any additional onus to the CONTRACTING PARTY, regardless of the location in which they are performed, and must carry out the guarantee process together with the original supplier.

- 10.3. The TECHNICAL WARRANTY shall be in effect for 365 (three hundred and sixty-five) days or 500 HV (five hundred flight hours), for spare parts, equipment and components used in the FAB's aircraft layout, except for full T56A-15 engines, and for the REVO and MAFFS systems, supplied as new, or 180 (one hundred and eighty) days or 300 HV (three hundred flight hours) for equipment and components supplied as serviceable and objects used in maintenance services pertaining to any of the four modules, whichever happens first, starting from the date of receipt.
- 10.4. Material under warranty must be collected by the CONTRACTED PARTY, at the Project's Central Depot, in up to 05 (five) DAYS starting on the date of the formal complaint from the CONTRACTING PARTY and must be returned or replaced with an equivalent item to the CONTRACTING PARTY, in perfect working order within 90 (ninety) days of retrieval.
- 10.5. For all services performed, the CONTRACTED PARTY must issue a Certificate of Conformity, ensuring that all procedures performed are consistent with the provisions in USAF's current Maintenance Manual, as regards the aircraft, as well as the Original Equipment Manufacturer's (OEM) Manuals, as regards the equipment and components in the FAB aircraft layout.
- 10.6. The CONTRACTED PARTY must ensure the repair and replacement, at its own cost, of all parts presenting defects and any other functional abnormality, within the service warranty, as well as the necessary transportation for the remedy of the abnormalities.
- 10.7. The CONTRACTED PARTY is exempt from technical warranty responsibilities in the following cases:
- 10.7.1. Operation, maintenance and warehousing in violation of the dispositions set forth in USAF technical documentation, as regards the aircraft, as well as OEM, as regards the aircraft's spare parts, equipment and components.
- 10.7.2. Accidents, provided investigation proves that the services rendered by the CONTRACTED PARTY did not contribute to the occurrence of the event.

11. FINANCIAL GUARANTEE

- 11.1. The CONTRACTED PARTY, within 10 (ten) days of Contract signature, will issue a guarantee for 5% (five per cent) of the total Contract Amount, which will be release in accordance with the conditions set forth in the Bid Notice, as established in Art. 56 of 1993 Law N° 8.666,

12. DELIVERY, RECEIPT AND PAYMENT CONDITIONS

DISCLAIMER: The English version is a certified translation of the original in Portuguese for information purposes only. In case of a discrepancy, the Portuguese original will prevail.

12.1. DELIVERY

- 12.1.1. The FAB aircraft or aircraft components and equipment, except for full T56A-15 engines, and REVO and MAFFS systems, shall be delivered to the CONTRACTED PARTY with respective supporting documentation: Aircraft Handling Form (GMA) and Material Handling Form (GMM).
- 12.1.1.1. Aircraft shall be delivered to the CONTRACTED PARTY's premises by FAB crew, and shall also be received, after completing services, at the CONTRACTED PARTY's facilities by FAB crew (Module 1).
- 12.1.1.2. FAB aircraft components and equipment, except for full T56A-15 engines, and REVO and MAFFS systems, must be collected and returned to the CONTRACTING PARTY's premises (Modules 2 and 4).
- 12.1.1.3. The responsibility for the material shall be transferred to the CONTRACTED PARTY when it takes possession of it, at the CONTRACTING PARTY's premises, at ALA 11, formerly known as 'Base Aérea do Galeão', located in Rio de Janeiro – RJ, and said responsibility shall cease when the CONTRACTED PARTY returns possession of the material to the CONTRACTING PARTY at the same location.
- 12.1.2. Starting from date of receipt, the CONTRACTED PARTY shall have 10 (ten) consecutive days to advise- in writing- any discrepancies it may have encountered.

12.2. RECEIPT

- 12.2.1. Temporary acceptance, which shall be formally entered into a TEMPORARY ACCEPTANCE CERTIFICATE, falls to the Contract's COMREC, as soon as it receives an installment of the OBJECT.
- 12.2.2. After temporary acceptance, the CONTRACTING PARTY shall start the final acceptance of services by performing an inspection, within 10 (ten) days, for the purpose of evaluating physical condition, quality certificates and maintenance logs for FAB aircraft or for the spare parts, equipment and components used in the layout of FAB
- 12.2.3. Non-conformities encountered by the CONTRACTING PARTY during final acceptance procedures must be notified to the CONTRACTED PARTY within 10 (ten) days of the final acceptance deadline, and must be resolved by the CONTRACTED PARTY in an equal amount of time, further to notification. Should a grave DISCREPANCY be encountered, this timeframe may be extended, provided it is duly justified in writing.
- 12.2.4. The inspection of the services rendered on an aircraft shall be completed at the location in which the CONTRACTED PARTY

performs the service, and the inspection of spare parts, equipment and components used in FAB aircraft, except for full T56A-15 engines, REVO and MAFFS systems shall be performed at final destination, i.e. at ALA 11, Rio de Janeiro – Brazil.

- 12.2.5. Final receipt will be formally recorded in a FINAL ACCEPTANCE CERTIFICATE, to be issued within 10 (ten) days of inspection date.

12.3. PAYMENT

12.3.1. For the purposes of paying contracted services, the FAB's assets pertaining to C-130 aircraft must be taken into account, as per initial listing in Attachment D, equivalent to approximately USD 111 million, which will be reviewed annually by the CONTRACTING PARTY and CONTRACTED PARTY, based on consumption and possible condemnation of repairables.

12.3.2. For every flight hour owed by the CONTRACTING PARTY, it will transfer all usable material to the CONTRACTED PARTY, with the relevant Certificate of Conformity, equivalent to USD 1,640.23 (one thousand six hundred-forty US dollars and twenty-three cents) or 25% of flight hour price, whichever is lower.

12.3.3. For invoices unrelated to the payment of flight hours, pertaining to the provision of complete logistic support service for the C-130 fleet, the relevant payment installment for the transfer of Brazilian Air Force assets to the CONTRACTED PARTY must be limited to 25% of the price for each service. The assets in question are the usable pieces of C-130 equipment, accompanied by the relevant Certificates of Conformity, as per Attachment D.

12.3.4. Immobilized assets in the Brazilian Air Force's usable and repairable stock become the company's managerial responsibility after Contract Signature.

12.3.4.1. The possession of usable assets, with Certificate of Conformity, for up to 25% of the amount owed for each payment on demand, or equivalent to USD 1,640.23 per flight hour, or to 25% of the flight hour price, if this is lower than USD 1.640,23 per flight hour, shall be transferred to the company on a monthly basis.

- 12.3.5. In the first six months of Contract performance, the material to be permanently transferred to the CONTRACTED PARTY shall be selected by the CONTRACTING PARTY.
- 12.3.6. From the seventh to the thirtieth month, the material to be permanently transferred to the CONTRACTED PARTY shall be chosen by the CONTRACTED PARTY, which must submit the list of selected items to the CONTRACTING PARTY with a 90-day notice, so that the CONTRACTING PARTY may carry out divestiture of the material.
- 12.3.7. During the last twenty-eight months of the Contract, the material to be permanently transferred to the CONTRACTED PARTY shall be selected by the CONTRACTING PARTY.
- 12.3.8. All material to be supplied as a payment installment must be delivered to the future CONTRACTED PARTY with the relevant Certificates of Conformity. No material without the relevant document proving airworthiness shall be passed on to the future CONTRACTED PARTY, to avoid compromising the technical warranty or the obligations undertaken by the company before the CONTRACTING PARTY.

13. SUBCONTRACTING

- 13.1. The upper limit for subcontracting the execution of this contract is 50% (fifty percent), calculated based on the Contract amount, under the CONTRACTED PARTY's sole and exclusive responsibility, requiring ratification by the CONTRACTING PARTY.
- 13.2. Subcontracting is the CONTRACTED PARTY's sole and exclusive responsibility, answering in full for its guarantees, not just as regards the services and timeframes, but also insurance coverage against any claims, in case of breakdowns or damages associated with the services performed.
- 13.3. Should subcontracting become necessary, as per Art. 72 of 1993 Law 8.666, the following recommendations must be followed:
- 13.3.1. The CONTRACTED PARTY shall bear the costs and onus associated with the subcontracting, including but not limited to the Quality Guarantee provided for the service performed.
- 13.3.2. The CONTRACTED PARTY must provide the CONTRACTING PARTY, through the CONTRACT INSPECTOR, with all information required of it on the service, as well as of the subcontracted parties.
- 13.3.3. The CONTRACTED PARTY shall not be exempt from its contractual responsibilities or obligations when, as a consequence

of any type of renegotiation with the subcontracted companies, it becomes unable to fulfill any of the obligations set forth in the contract.

- 13.4. Subcontracting is restricted to the maintenance services provided for components and equipment used on FAB aircraft, except for full T56A-15 engines, and for REVO and MAFFS systems.
- 13.5. The provision of aircraft maintenance services, as set forth in modules 1 and 3, may not be subcontracted and must be performed in full by the CONTRACTED PARTY.

14. TECHNICAL QUALIFICATION TO BE REQUIRED OF COMPANY

- 14.1. Each BIDDER must, on the date of Price Proposal delivery, provide documents proving its technical qualification and productive ability to satisfactorily execute the OBJECT of this Contract.
- 14.2. The supporting document, to be analyzed by the CONTRACTING PARTY for the BIDDER'S validation, according the objective criteria established in this PB, must include:

14.3. TECHNICAL QUALIFICATION

14.3.1. The CONTRACTED PARTY must supply a Class 4 Cell Category ANAC Certificate n° 145, or equivalent certificate issued by a civil certification agency abroad, or a COMAER certificate, specifically authorizing it to perform maintenance on C-130 aircraft, or other certificate comparable to COMAER's abroad.

14.3.1.1. Certificates issued by agencies other than ANAC, COMAER or a similar agency, must be accompanied by the respective bilateral safety agreement for civil aviation safety, or bilateral aeronautical certification agreement, or agreement for the mutual recognition of maintenance functions, all between a Brazilian agency and equivalent agency in the country of origin. For the purposes of qualification, the Certificate shall only be valid if it specifically states that it was issued for C-130 aircraft.

14.3.2. The CONTRACTED PARTY and -if applicable- the subcontracted party's technical qualification requirements must abide by the provisions of Art. n°37, Line XXI of the Federal Constitution, Art. 3°, Paragraph 1°, Line I, and 30, Line II, of 1993 Law N° 8.666 and further modifications, as well by the TCU's Abstract N° 247.

14.3.3. The CONTRACTED PARTY must submit a fitness certificate, approved by an Aeronautical Authority in Brazil or abroad, for the performance of technical-operational activities relating to -and consistent with- the characteristics, quantities and timelines described in this Basic Project Plan.

14.3.4. It must provide supporting documentation attesting it owns a maintenance and service shop as per the definitions and requirements of the Aeronautical Authority in the State or Country where the CONTRACTED PARTY is based.

14.4. PROOF OF TECHNICAL AND PROFESSIONAL QUALIFICATION

14.4.1. The CONTRACTED PARTY must be legally incorporated, accredited and certified, before the government, specifically to operate in the field of aeronautical maintenance.

14.4.2. The CONTRACTED PARTY any subcontracted companies must have access to a mechanical or aeronautical engineer holding technical accountability for the services rendered.

14.4.2.1. The above-mentioned engineers must be registered before the Regional Engineering Council (CREA), or other equivalent agency, if the CONTRACTED PARTY is headquartered abroad.

14.4.2.2. The above-mentioned engineers must be accredited by the above agency as the CONTRACTED PARTY and subcontracted company's technically responsible individuals.

14.5. TECHNICAL DOCUMENTATION

14.5.1. The CONTRACTED PARTY must submit supporting documentation proving it possesses a technical library, as well as the relevant subscriptions for renewal of the technical publications and manuals required to provide the service.

14.5.1.1. At its discretion, the CONTRACTING PARTY may supply USAF's Technical Publications as well as those pertaining to FAB's specific configuration equipment, as well as their respective updates, not exempting the CONTRACTED PARTY'S responsibility under 14.5.1.

14.6. QUALITY GUARANTEE

14.6.1. The CONTRACTED PARTY must present its Quality Manual, proving the existence of Quality Guarantee Systems, including -at least- receipt, disassembly, inspection, repair, preservation, assembly, packaging, shipping, warehousing and fitting procedures, as applicable.

14.6.2. The above systems must ensure the traceability of all material and information.

- 14.6.2.1. Traceability must include, at the very least, the use of maintenance logs, stamps, labels, progress reports and respective notes.
- 14.6.3. The Quality Guarantee Systems must also ensure that no spare part, equipment or component be used without undergoing proper inspection.
- 14.6.4. These Systems must be able to immediately identify defects, tendencies or conditions which may result in unsatisfactory quality of the services, and to take the necessary corrective measures in a timely and efficient manner.
 - 14.6.4.1. The defects- and relative corrective measures- must be logged and recorded at a specific site, set aside for this purpose.

15. INSPECTION

- 15.1. An INSPECTOR must be appointed by the CONTRACTING PARTY, to oversee the contract, as per ICA 65-8 – DUTIES OF THE CONTRACT INSPECTOR AND OF THE GOODS AND SERVICES ACCEPTANCE COMMISSION- COMREC, dated 05/28/2009, and ICA 12-23 – RECEIPT AND INSPECTION OF GOODS AND SERVICES AND APPLICATION OF ADMINISTRATIVE SANCTIONS, dated 09/23/2014, for the purpose of inspecting contractual performance; the Inspector shall act jointly with the Material and Services Acceptance Commission – COMREC.
- 15.2. COMREC shall receive the goods or services delivered by the CONTRACTED PARTY, with regard to quantity and quality, in accordance with the provisions in the contract, as well as in the Basic Project Plan, and relevant service descriptions, technical norms, drawing, projects and other data established therein.
- 15.3. The Contract's administrative inspection shall be performed by the INSPECTOR, and the object shall be received by COMREC.
- 15.4. In every situation in which it is required, the CONTRACTED PARTY, through its representative, must appear when summoned by COMREC, at a previously agreed upon location, or at COMREC's premises.
- 15.5. CONTRACTED PARTY employees directly involved in these services must be Brazilian nationals, or -if foreign- must be able to communicate in Portuguese, Brazil's official language.
- 15.6. Communication between the CONTRACTING PARTY and the CONTRACTED PARTY shall occur in Portuguese, except for documents of a technical and commercial nature, which may be issued in English.

- 15.7. If timeframes are not fulfilled by the CONTRACTED PARTY, or if it should fail to comply with any other Contract Clause, the INSPECTOR shall notify the CONTRACTED PARTY, and establish a deadline to resolve the non-compliance, requesting a written explanation for the event, which shall be evaluated by the Inspector with the Administration.
- 15.8. The Inspector and COMREC must have full access, throughout the CONTRACTED PARTY's working hours, to all locations where services are provided, in connection with this Basic Project Plan, no matter where they may occur.
- 15.9. The CONTRACTING PARTY may, at the INSPECTOR'S suggestion, unilaterally demand that the CONTRACTED PARTY replace any professional involved in said services, such as mechanics or other person in charge of the service, further to proof of a fault, which compromises the stability and quality of the undertaking, non-compliance with norms, instructions and specifications set forth in this Basic Project Plan, or with the technical publications by the manufacturers of the aircraft, of its components and equipment.
- 15.10. Through the INSPECTOR, the CONTRACTING PARTY, shall constantly monitor the service quality level to prevent its deterioration, promptly intervening to correct or apply sanctions should there appear a consistent non-compliance pattern in services rendered with regard to the quality level demanded.
- 15.11. The CONTRACTING PARTY and the CONTRACTED PARTY must observe and comply with the provisions of Law 8.666, of June 21, 1993 and any modifications to it thereafter, through ICA 66-13, ICA 65-8 – DUTIES OF THE CONTRACT INSPECTOR AND OF THE GOODS AND SERVICES ACCEPTANCE COMMISSION- COMREC, dated 05/28/2009, and ICA 12-23 – RECEIPT AND INSPECTION OF GOODS AND SERVICES AND APPLICATION OF ADMINISTRATIVE SANCTIONS dated 09/23/2014, as well as future updates or replacement by other equivalent ICA.

16. GENERAL OBLIGATIONS

16.1. FOR THE CONTRACTING PARTY

- 16.1.1. Comply with all current legislation, in the form of Laws, and, and Guidelines from the Aeronautical Command.
- 16.1.2. Take all necessary measures for the exact fulfillment of the clauses in the future contract.
- 16.1.3. Appoint, via its Internal Bulletin, the INSPECTOR AND Material and Services Receipt Commission – COMREC, comprised of at least three COMAER officers.

- 16.1.3.1. Supply the list of names for the INSPECTOR and COMREC members, who may be replaced at any time, in the CONTRACTING PARTY'S unilateral interest.
- 16.1.4. Monitor and inspect contractual performance, through the INSPECTOR, and proceed to receiving material and services delivered, through COMREC.
- 16.1.5. Issue Temporary and Final Acceptance Certificates, as required by law, to formally record the receipt of goods delivered and services rendered, thus informing the payment process.
- 16.1.6. Monitor the execution of the financial guarantee, which shall be released at the end of the Contract.

16.2. FOR THE CONTRACTED PARTY

- 16.2.1. Comply with all current legislation, in the form of Laws, and, and Guidelines from the Aeronautical Command.
- 16.2.2. Comply with current legal directives at a federal, state or municipal level, or their equivalents abroad, as regards legislation concerning environmental impact and sustainability.
- 16.2.3. Submit to the CONTRACTING PARTY -on a monthly basis- proof that it is in compliance with labor legislation, and social security legislation, withholding contributions as necessary.
- 16.2.4. Maintain, throughout the duration of contract execution and performance of services, the required standards of legal, technical, economic-financial qualification as well as of fiscal solvency.
- 16.2.5. Abide by the CONTRACTING PARTY's notifications, submitted in writing through the INSPECTOR, regarding the performance of the Contract.
- 16.2.6. Keep a representative to lead the work at the site of service provision, further to his appointment and introduction to the INSPECTOR, to serve as liaison between the CONTRACTING PARTY and the CONTRACTED PARTY
 - 16.2.6.1. Said representative must be able to communicate fluently in Portuguese, the official language of Brazil.
- 16.2.7. Own and constantly update USAF's technical publications on C-130 aircraft.
- 16.2.8. Comply with the maintenance timelines established in USAF maintenance manuals, as well as with the logistic-technical timeframes for the supply chain advised in the Price Proposal.
- 16.2.9. Own and maintain hardware in a quantity and quality consistent with the provision of the service detailed in this Basic Project Plan.

- 16.2.10. Facilitate the monitoring and inspection process, supplying all information and clarification of a technical and administrative nature, presenting all necessary documents and information.
- 16.2.11. Reimburse the CONTRACTING PARTY for any losses caused to COMAER's assets, when these are caused by failures in the provision of service.
- 16.2.12. Re-issue, at no additional cost to the CONTRACTING PARTY, services rejected by the COMREC or those presenting any flaws within the warranty term, associated with use of the material or inadequate hardware.
- 16.2.13. Accept civil, criminal and administrative liability for losses or damages which its employees and associated may cause, due to action or omission, to the assets and premises of the, CONTRACTING PARTY, or those of third parties, indemnifying the damaged party.
- 16.2.13.1. To this end, it shall maintain an insurance policy for the CONTRACTING PARTY's assets in the CONTRACTED PARTY's possession for the provision of services.
- 16.2.14. Take responsibility for the transportation, or transportation cost of its employees, as well as for their meals and other benefits set forth in labor law, both in Brazil and abroad.
- 16.2.15. Maintain discipline where services are rendered, when these are provided at the CONTRACTING PARTY's premises, removing within a maximum period of 24 (twenty-four) hours of written notification, any employee whose conduct should be deemed inappropriate.
- 16.2.16. Bear costs associated with travel, food and lodging for its employees and representatives, when they travel to participate in technical-administrative meetings relating to Contractual performance.

17. CONFIDENTIALITY

- 17.1. CONFIDENTIAL INFORMATION may only be used for the purpose of the contract and negotiations between the CONTRACTED PARTY and the CONTRACTING PARTY.
- 17.2. CONFIDENTIAL INFORMATION shall not be distributed, or divulged in any way to third parties, except their employees, provided there is a justified need for them to learn such information, and that they have previously agreed to confidentiality through a formal agreement.
- 17.3. This contract does not transfer any license, or right of use, copyright law, or any other type of exclusive intellectual property

- 17.4. The CONFIDENTIAL INFORMATION must be exchanged between the CONTRACTING PARTY and the CONTRACTED PARTY without any type of compensation, if they are necessary for the performance of the contract.
- 17.5. All CONFIDENTIAL INFORMATION exchanged between the parties shall be returned to the issuing parties, or destroyed by the receiving party, immediately after termination of contract.
- 17.6. The following shall not be considered CONFIDENTIAL INFORMATION:
- 17.6.1. Information which is already in the public domain or should become available to the general public, during the performance of the Contract, by other means.
- 17.6.2. Information officially disclosed by the CONTRACTED PARTY or CONTRACTING PARTY.
- 17.6.3. Information whose disclosure is required by law or other rule enforced by the relevant government authority.

18. SUSTAINABILITY

- 18.1. Any fixture, equipment or process of the CONTRACTED PARTY's, which is located at a fixed site and releases or emits matter into the atmosphere, through emission points or fugitive emissions, and is used in the performance of the contract, must abide by upper emission limits for air pollutants allowed by CONAMA Resolution N° 382, dated 12/26/2006, and other relevant legislation, based on the pollutant and type of source, if located in Brazil, or other legislation, if located abroad. 
- 18.2. During Contract Execution, as applicable, noise emission levels may not exceed acceptable limits set forth in Norm NBR-10.151 – Sound Evaluation in Residential areas for the purpose of community comfort, by the Brazilian Association of Technical Norms– ABNT, or those set forth in NBR-10.152- Noise Levels for acoustic comfort, by the Brazilian Association of Technical Norms- ABNT, in the terms of CONAMA Resolution N° 01, dated 03/08/90, and related legislation- if located in Brazil, or other relevant legislation, if located abroad. 
- 18.3. As per Article 4°, § 3°, of SLTI/MPOG Normative Rule N° 1, dated 01/19/2010, in the performance of the Contract, recycled aggregates must be used where their availability and supply capacity exist,

provided the cost is lower than that of natural aggregates, per entry into the price and cost breakdown table.

19. ESTIMATED BUDGET

19.1. The estimated budget for the execution of this Basic Project Plan shall be USD 98,980,593.81 (ninety-eight million, nine hundred eighty-thousand, five hundred and ninety-three dollars and eighty-one cents), as per calculation log provided in Attachment A, to be paid in accordance with the Payment and Delivery Schedule shown in Attachment F, through the exchange of usable FAB equipment and transfer of funds in US Dollars.

20. BUDGET ALLOCATION

20.1. Expenses associated with the Contract shall be borne in accordance with the following budget classification: Program 0621 – Air Force Preparation and Employment; Action 2048 – Supply and Maintenance of Aeronautical Material; Expense Nature (ND) 339030 (material) and ND 339039 (services); or other budget resource available to Project C-130.

21. PROPOSAL SUBMISSION AND EVALUATION

21.1. PRESENTATION FORMAT

21.1.1. BIDDERS must submit prices for the provision of services and Turnaround Time, as per table shown in Attachment B.

21.2. EVALUATION CRITERIA

21.2.1. Proposals submitted shall be evaluated in the technical and price-based modality.

21.2.2. The choice of this modality stems from the need to select the Price Proposal with the best performance indicators without neglecting financial aspects, for the purpose of obtaining the most advantageous offer with the greatest savings for the Administration.

21.2.3. Thus, points obtained through technical requirements are weighted at 40%, and points obtained through financial requirements are weighted at 60%.

21.2.4. The technical requirements are:

21.2.4.1. The Execution Time for each ISOCHRONAL and PDM maintenance established by, USAF, duly entered into the company's records, preferably in connection with the most recent C-130 inspection, to include aircraft displacement.

21.2.4.1.1. For the purposes of evaluation, BIDDERS must use standardized values shown toward the end of Attachment B, equivalent to outward journey time and return journey time combined for C-130 aircraft, depending on geographic location in which BIDDER is located.

21.2.4.2. Turnaround times for C-130 aircraft equipment and components, with supporting evidence provided in company records, preferably related the equipment and components repaired with most recent service. Turnaround time, in this document, encompasses the entire period during which the item remains in the CONTRACTED PARTY's possession.

21.2.4.2.1. For all purposes, the BIDDER MUST INFORM Turnaround time (TAT) for the most critical item, i.e. the item requiring the greatest TAT.

21.2.4.2.2. For the purpose of evaluation, BIDDERS must use standardized values shown toward the end of Attachment B, equivalent to outward journey time and return journey time combined for C-130 aircraft, depending on geographic location in which BIDDER is located.

21.2.4.3. Spots in the CONTRACTED PARTY'S hangar allotted to accommodate FAB C-130 aircraft for ISOCHRONAL and Scheduled Maintenance Inspection, or other service upon demand, in accordance with Module 3.

21.2.4.4. For scoring purposes, within each requirement set forth in items 21.2.4.1 and 21.2.4.2, times shall be listed in decreasing order. The longest time interval shall receive 1 (one) point, the second-longest time interval shall receive 2 (two) points and so forth, incrementally adding 1 (one) point to every previous score. In this manner, the lowest time interval shall receive the highest number of points.

21.2.4.5. For scoring purposes, within the requirement set forth in item 21.2.2.3, the number of spots shall be listed in increasing order. The lowest number of spots shall receive 1 (one) point, the second-lowest number of spots shall receive 2 (two) points and so forth, incrementally adding 1 (one) point to every previous score. In this manner, the highest number of spots shall receive the highest score.

21.2.5. Financial requirements are:

21.2.5.1. Cost of C-130 aircraft Flight Hour for the provision of services listed in Modules 1 and 2, for an annual flight effort of 4,100 flight hours, equivalent to an average of 20,500 flight hours in the reference period of 60 months.

21.2.5.1.1. Flight hour cost will increase if annual air effort should fall below 4,100 flight hours, and it shall decrease if annual effort is greater than 4,100 flight hours.

21.2.5.1.2. The variation detailed in the previous item is defined in the equation provided in Table 6 of Attachment A.

21.2.5.2. Monthly cost of team and structure required for Contract Performance (fixed monthly cost), which shall be included in the Aircraft Flight Hour Cost, duly supported by price breakdown table, showing labor amount, labor costs, surcharges applied and other costs, all of which must be detailed.

21.2.5.3. Price of each Maintenance Plan Inspection established by USAF, duly supported by price breakdown table, showing labor amount, material quantity, cost of material, surcharges and other costs, all of which must be detailed.

21.2.5.4. Handling fees charged by the CONTRACTED PARTY for each FAB item, in order to cover administrative fees associated with storing FAB material in its warehouses.

21.2.5.5. Air freight cost per kilogram, to include: insurance, airport or port fees, excluding customs clearance fees, with supporting evidence in the form of documents showing the agreement CONTRACTED PARTY and its Freight Carrier.

21.2.5.6. Price of Labor for all categories involved in the provision of services, i.e. engineers, mechanics, administrative and technical assistants.

21.2.5.7. Overtax added by the CONTRACTED PARTY to the price of each item it acquires from the Original Equipment Manufacturer (OEM), for use on aircraft, equipment and components in the FAB's C-130 aircraft configuration.

21.2.5.8. For scoring purposes, within each requirement set forth in items 21.2.5.1 through 21.2.5.7, times shall be listed in decreasing order. The longest time interval shall receive 1 (one) point, the second-longest time interval shall receive 2 (two) points and so forth, incrementally adding 1 (one) point to every previous score. In this manner, the lowest time interval shall receive the highest number of points.

21.2.6. Score calculation for each Bidder shall be based on the table shown in Attachment C.

22. FINAL PROVISIONS

22.1. Any discrepancies which may arise in future, or in connection with this Contract, including questions regarding its existence, validity or termination must be addressed by the District Court ('Foro da Comarca') of Rio de Janeiro-RJ.

22.2. The Provisions in this Contract may not be altered, or discontinued except through the issue of an Amendment, duly signed by both parties.

23. ATTACHMENTS

- a) Attachment A – Estimated Contract Budget
- b) Attachment B – Proposal Presentation Table
- c) Attachment C – Table for the Calculation of Points Scored by each Bidder
- d) Attachment D – List of Brazilian Air Force Material
- e) Attachment E – Payment of Flight Hour
- f) Attachment F – Payment and Delivery Schedule

Definition of Formula for Flight Hour Cost

PAYMENT FORMULA DEFINITION	
LINEAR PROGRESSION FORMULA	
Variables	
Flight Hours	HRS (FH/month)
Price of Hours Flown	PHV (R\$/month)
CONTRACTE PARTY'S Parameters	
Monthly Cost of Team + Structure for contractual performance	CEE (R\$/month)
Flight Hour Price for Modules 1 and 2 for 4100 FH (20500FH/5YE)	CHV (R\$/FH)
Equation	
$PHV = (((4100/12) \times CHV - CEE) / (4100/12)) \times HRS + CEE$	

* CCE and CHV Amounts in accordance with Price Proposal

Table 6: Definition of Formula for Cost of Flight Hour

Attachment B – Price Presentation Table

Financial Aspects:

BIDDER		
FINANCIAL ASPECTS		
Requisite		Price
Price of Flight Hour (CHV) for Modules 1 and 2 and for 4100 FH (20500FH/SYE)	USD	
Monthly cost of team _ structure required for Contract Execution (CEE)	USD	
Price of ISOCHRONAL inspection of C-130 aircraft	USD	
Price of PDM Inspection of C-130 aircraft	USD	
BIDDER's Handling Fees	%	
Air Freight Cost per kilogram for shippings between the CONTRACTING PARTY and CONTRACTED PARTY	USD	
Hourly cost of engineering labor	USD	
Hourly cost of mechanical labor	USD	
Hourly cost of administrative assistant labor	USD	
Hourly cost of technical assistant labor	USD	
BIDDER'S Proposed Overtax	%

MINISTÉRIO DE DEFESA
COMANDO DA AERONÁUTICA

DIRETORIA DE MATERIAL AERONÁUTICO E BÉLICO

PROJETO BÁSICO (PB)

PB 001/SDFC/2018 BSC

1. PREAMBULO

1.1. HISTÓRICO

Na década de 1960, a Força Aérea Brasileira iniciou a operação das aeronaves C-130.

Desde o início da operação, por uma questão de carência da indústria nacional, a Força Aérea desenvolveu toda a capacidade para realizar a manutenção dessa frota.

Assim sendo, os mecânicos da FAB tornaram-se capazes de realizar desde os serviços mais simples, executados com o avião na linha de voo, até as atividades mais complexas, que são representadas pelas Inspeções Nível Parque Programadas (INPP), as quais são as mais profundas e completas manutenções do C-130.

No auge da operação dessa frota na Força Aérea Brasileira, o acervo da Força chegou a contar com 22 aeronaves. O prolongado emprego das aeronaves exigiu que, ao longo dos anos, serviços de modernização fossem realizados, para adequar a tecnologia embarcada nesses aviões, com aquela mais atual, utilizada para navegação aérea no mundo.

Por esse motivo, uma primeira modernização ocorreu na década de 1980, e outra ocorreu no final da década de 1990 e início de 2000. A cada modernização realizada novas tecnologias foram incorporadas e os serviços de manutenção dos novos equipamentos passaram a ser realizados fora da FAB.

Em consequência, hoje, vários equipamentos e componentes das aeronaves C-130 são recuperados fora dos hangares e oficinas de manutenção da FAB.

Adicionalmente, por causa da longa vida em serviço das aeronaves C-130, que iniciaram na versão A e hoje encontram-se na versão J, bem como da enorme quantidade de Forças Aéreas que utilizam este modelo, aproximadamente 70 países, várias empresas ao redor do mundo especializaram-se no suporte logístico dessa frota.

Dois conjuntos de assinaturas manuscritas em tinta azul, localizadas no canto inferior direito da página. Uma assinatura é mais legível e parece conter as letras 'JA', enquanto a outra é mais abstrata e decorativa.

1.2. JUSTIFICATIVA DE CONTRATAÇÃO

Considerando que a Força Aérea Brasileira, por necessidade operacional, optou por incorporar ao seu acervo o novo modelo KC-390, a desativação progressiva das aeronaves C-130 tornou-se uma realidade.

Em consequência das restrições para aumentar o contingente de técnicos e mecânicos da FAB, existe a necessidade de remanejar os especialistas em aeronaves C-130 para serem treinados e proverem o suporte de manutenção ao novo KC-390.

Desta forma, o remanejamento de mecânicos da FAB, associado à existência de empresas ao redor do mundo especializadas na manutenção de aeronaves C-130, conduz a necessidade de a FAB utilizar estas últimas para a prestação do serviço de manutenção e suporte logístico dos C-130, nesta fase de desativação da frota.

Com o objetivo de orientar o planejamento das ações de desativação e alienação do projeto, foram elaborados, no Comando da Aeronáutica, a DCA 400-83 – DESATIVAÇÃO PARCIAL DO PROJETO C-130 DA FORÇA AÉREA BRASILEIRA, o PCA 400-143 – PLANO DE DESATIVAÇÃO PARCIAL DO PROJETO C-130 DA FORÇA AÉREA BRASILEIRA e a DCA 400-87 – DESATIVAÇÃO DO PROJETO C-130 DA FORÇA AÉREA BRASILEIRA. Até o ano de 2016, foram desativadas nove matrículas, cujas células passaram a ser alienadas a partir do mesmo ano. A última Diretriz prevê a desativação e a alienação das aeronaves, bem como dos sobressalentes que, porventura, se encontrem em estoque, sendo que este documento está alinhado com o fato de que as células hoje em operação, serão desativadas na medida em que atinjam o final do seu ciclo de manutenção.

Em função da enorme quantidade de material sobressalente estocado, oriundo de aproximadamente 50 anos de operação e da FAB ter operado 22 aeronaves no período áureo da frota C-130, a estratégia do COMGAP é utilizar os ativos do projeto C-130, em estoque atualmente no PAMA-GL e na ALA11, como parcela do pagamento pela prestação dos serviços suporte logístico. Esse material, identificado pelo PAMAGL, Parque Central do Projeto, utilizando os registros do SILOMS, também utilizando os registros do mesmo Sistema, serão descarregados na medida em que os pagamentos proporcionais ocorrerem. A lista de material disponível para dação em pagamento corresponde a 36.639 *Part Numbers* e 4.269.822 itens, totalizando R\$ 111.106.548,29, conforme Anexo D.

A opção da Administração pela utilização desses ativos da União, como parcela do pagamento, antes dele se tornar sucata, tem foco no que se infere das disposições do Decreto nº 99.658/1990, o qual indica que o desfazimento de bens deverá se operar tendo como diretriz principal a obtenção da máxima vantagem ainda possível para a Administração, devendo-se adotar a forma de desfazimento que melhor representar o alcance desse objetivo.

Tendo em vista, portanto, a necessidade de se manter níveis de disponibilidade compatíveis com as missões atribuídas às aeronaves C-130, considerando a dimensão da estrutura logística do Comando da Aeronáutica (COMAER) para essa frota e a necessidade de remanejar os especialistas em aeronaves C-130 para serem treinados e proverem o suporte de manutenção

ao novo KC-390, verificou-se ser necessária a contratação de empresa para realizar os serviços discriminados neste Projeto Básico.

2. CONCEITUAÇÃO

2.1. A fim de facilitar o entendimento dos termos deste Projeto Básico (PB) e simplificar a elaboração do seu texto, foram adotadas as seguintes siglas e expressões, com os significados correspondentes ao lado declarados:

- a) ANAC: Agência Nacional de Aviação Civil.
- b) BER: Beyond Economic Repair, isto é, reparo economicamente inviável.
- c) CELOG: Centro Logístico da Aeronáutica.
- d) COMAER: Comando da Aeronáutica.
- e) CONTRATANTE: União, representada pelo Parque de Material do Galeão (PAMAGL), organização militar da Força Aérea Brasileira (FAB) subordinada à Diretoria de Material Aeronáutico e Bélico (DIRMAB), responsável pelo suporte logístico às aeronaves C-130.
- f) CONTRATADA: Empresa que venha a ser selecionada pelo processo licitatório, na modalidade técnica e preço, a qual futuramente será adjudicada o respectivo contrato.
- g) EASA: European Aviation Safety Agency
- h) FAA: Federal Aviation Agency.
- i) FINDINGS: Não conformidade encontrada durante inspeção da aeronave ou do equipamento, que exijam ações corretivas não previstas nos cartões de inspeção previstos para a atividade de manutenção do qual a aeronave ou o equipamento são objeto.
- j) INFORMAÇÕES CONFIDENCIAIS: Quaisquer informações e dados, comerciais, industriais ou de projetos técnicos, relativos aos negócios existentes ou em desenvolvimento pelas partes; bem como quaisquer dados, textos, correspondências e informações reveladas oral ou visualmente, independente do meio em que forem transmitidas.
- k) INPP: Inspeção Nível Parque Programada, equivalente à PDM do Plano de Manutenção elaborado pela United State Air Force (USAF).
- l) MAFFS: Sistema de Contra-incêndio modular aeroembarcado.
- m) OBJETO – Compra de bem material, prestação de qualquer tipo de serviço e execução de obra, relacionados a contratos, quando citados genérica ou conjuntamente. Para este PB, o OBJETO está estabelecido no Item 4 – OBJETO.
- n) PAMAGL – Parque de Material Aeronáutico do Galeão.
- o) PROPONENTE: Empresa interessada em prestar os serviços descritos no item 4 – OBJETO.

- p) SCRAP: Equipamento ou componente considerado sucata, em função de impossibilidade técnica de recuperação, ou serviço ser economicamente inviável.
- q) TPT: Third Party Transfer. Documento para transferência da propriedade para terceiros.

3. FINALIDADE

- 3.1. Este projeto básico tem por finalidade apresentar o conjunto de elementos necessários e suficientes, com nível de precisão adequado, para caracterizar o OBJETO pretendido pela Administração, de forma a compor o Processo Administrativo de Gestão (PAG) relativo à contratação de empresa especializada na manutenção de aeronaves C-130, para a prestação do serviço de suporte logístico referente a 12 (doze) aeronaves, excluídos os seus motores T56A-15 completos, o sistema de reabastecimento em voo (REVO) e o sistema modular embarcado de combate a incêndio (*Modular Airborne Fire Fighting System – MAFFS*).
- 3.2. Ao executar esta estratégia, tornar-se-á possível remanejar a mão-de-obra direta da FAB, que passará por processo de preparação para a prestação dos serviços de manutenção do novo modelo KC-390, sem deixar que a frota de C-130 fique sem o adequado suporte logístico.

4. OBJETO

- 4.1. O OBJETO da presente contratação consiste na prestação de serviços de suporte logístico integrado representado pelas seguintes atividades:
 - a) Módulo 1: Execução dos serviços de manutenção ISOCRONAL e de correção de não-conformidades decorrentes do desgaste natural (*findings*), com fornecimento de mão-de-obra especializada e de todo o material reparável, consumível e trabalhável, das aeronaves C-130 da FAB, incluindo os cartões de inspeção de motores completos e REVO, de acordo com o Plano de Manutenção estabelecido pela USAF (*United States Air Force*). Este módulo terá seu desempenho medido pelo tempo de execução de cada serviço de manutenção ISOCRONAL, comparado com o tempo previsto nos manuais de manutenção que estabelecem o plano de manutenção da USAF.
 - b) Módulo 2: Fornecimento de material de troca obrigatória e eventual, e reposição de equipamentos e componentes, classificados como reparáveis ou trabalháveis, previstos nos manuais da USAF de manutenção das aeronaves C-130, que sejam necessários nas manutenções programadas de pre-voo, inter-voo, pós-voo e HSC, bem como nas manutenções não programadas decorrentes do desgaste natural do material, as quais serão realizadas pelas equipes operacionais da FAB, incluindo o material de instalação dos motores completos e dos sistemas REVO na aeronave, ficando excluído todo o

material específico dos motores T56A-15 completos, dos sistemas REVO e MAFFS. Este módulo terá seu desempenho medido pelo tempo de fornecimento do material de troca obrigatória e eventual, bem como pelo tempo de envio e retorno do equipamento (TAT) comparado com o informado na proposta comercial.

- c) Módulo 3: Execução de serviços de manutenção programada de PDM e de manutenção não programada referentes a eventos fora do controle da FAB, por exemplo, *lighting strike*, *hard landing* e *bird strike*, incluindo reparos estruturais, com fornecimento de mão-de-obra especializada e de todo o material reparável, consumível e trabalhável, das aeronaves C-130 da FAB, incluindo os cartões de inspeção de motores completos e REVO, conforme o Plano e os Manuais de Manutenção estabelecidos pela USAF. Este módulo será executado sob demanda (*Time & Material* – T&M), mediante solicitação formal do CONTRATANTE, apresentação formal de orçamento e pagamento de fatura específica para o serviço aprovado, sendo que o desempenho será medido pelo tempo de execução de cada atividade de manutenção comparado com o previsto em manual da USAF, no caso da PDM, e em orçamento, no caso de manutenção não programada.
- d) Módulo 4: Fornecimento de material de troca obrigatória e eventual, e reposição de equipamentos e componentes, classificados como reparáveis ou trabalháveis, previstos nos manuais da USAF de manutenção das aeronaves C-130, que sejam necessários nas manutenções programadas de pre-voo, inter-voo, pós-voo e HSC, bem como nas manutenções não programadas, o qual seja necessário em função de dano que tenha ocorrido pela operação ou pela manutenção incorreta, ou inadequada, realizadas pelas equipes da FAB e que será utilizado pelas equipes operacionais da FAB para disponibilizar a aeronave, e inclui o material de instalação dos motores completos e dos sistemas REVO na aeronave, ficando excluído todo o material específico dos motores T56A-15 completos, dos sistemas REVO e MAFFS. Este módulo será executado sob demanda (*Time & Material* – T&M), mediante solicitação formal do CONTRATANTE, apresentação formal de orçamento e pagamento de fatura específica para o fornecimento aprovado, sendo que seu desempenho será medido pelo tempo de fornecimento do material de troca obrigatória e eventual, bem como pelo tempo de envio e retorno do equipamento (TAT), comparado com o previsto em orçamento.

4.2. Os serviços dos módulos 1 e 2 serão pagos na modalidade pagamento por hora de voo (PHV) e os serviços dos módulos 3 e 4 serão pagos por meio de faturas específicas referentes a orçamentos previamente autorizados pela CONTRATANTE.

4.2.1. Ficam excluídos de todos os módulos, os serviços do 3º nível de manutenção, isto é, nível Parque, referentes aos motores T56A-15.

4.2.2. Ficam igualmente excluídos de todos os módulos, os serviços de todos os níveis de manutenção dos sistemas REVO e MAFFS.

- 4.3. Todos os custos relacionados a transporte, administração da carga e outros deverão estar incluídos nos pagamentos citados no item 4.2.
- 4.4. O material existente nos estoques da CONTRATANTE poderá ser aplicado nos serviços, a título de antecipação de parcela do material a ser transferido como parte do pagamento subsequente, conforme especificado na cláusula de Pagamento.
- 4.4.1. O material que vier a ser fornecido nesta condição será entregue à futura CONTRATADA junto com os respectivos Certificados de Conformidade. Nenhum material sem o respectivo documento que ateste sua aeronavegabilidade será repassado a futura CONTRATADA, a fim de não prejudicar a garantia técnica ou as obrigações da empresa perante a CONTRATANTE.
- 4.5. Da mesma forma que foi estabelecido acima para aplicação nos serviços a serem prestados para a FAB, TODO o material que vier a ser fornecido em dação como pagamento será entregue à futura CONTRATADA junto com os respectivos Certificados de Conformidade. Nenhum material sem o respectivo documento que ateste sua aeronavegabilidade será repassado a futura CONTRATADA.

5. PARÂMETROS DE UTILIZAÇÃO

- 5.1. A fim de que a empresa tenha condições de elaborar sua proposta comercial, os parâmetros abaixo deverão ser considerados:
- 5.1.1. A frota de C-130 operará, a princípio, de acordo com a previsão abaixo:

Ano (T0+meses)	Quantidade de anv / ano	Esforço Aéreo (faixa)
T0+12	11 / 12	3100 / 3800
T0+24	9 / 10	3600 / 5300
T0+36	7 / 8	3100 / 4300
T0+48	5 / 6	2600 / 3800
T0+60	3 / 4	2100 / 3300

T0: Data de início da execução contratual

Tabela 1: Planejamento de operação

- 5.1.2. A operação da frota ocorrerá, provavelmente, segundo uma taxa de 3,5 horas de voo / ciclo de voo.
- 5.1.3. A frota supracitada será operada por dois esquadrões localizados na ALA 11, antiga Base Aérea do Galeão, localizada

na cidade do Rio de Janeiro – RJ, onde as aeronaves serão operadas de forma indistinta pelos dois Esquadrões.

5.1.4. A operação da frota prevê que 10% do planejamento apresentado na tabela 1 ocorra em aeródromos sem preparação.

5.1.5. Todos os sobressalentes da aeronave C-130, incluindo consumíveis, reparáveis e equipamentos de apoio em solo (EAS), pertencentes ao acervo da FAB, encontram-se armazenados no Parque de Material Aeronáutico do Galeão e na ALA 11, de onde serão retirados para dação em pagamento de parcela dos valores devidos.

5.1.6. A disponibilidade anual (DA) mínima para a frota deve ser maior ou igual a 60%. A fórmula de cálculo deste KPI (*Key Performance Indicator*) é:

$$DA = SDD \times 100 / (TDA \times TD) \geq 60\%, \text{ onde:}$$

- a) SDD: Soma de Dias Disponíveis, i. e, soma dos dias disponíveis para voo de cada uma das aeronaves da frota, durante o período referente aos últimos 12 meses.
- b) TDA: Quantidade de Aeronaves Distribuídas, conforme a Tabela de Distribuição de Aeronaves definida pelo EMAER.
- c) TD: Total de Dias no mesmo período estabelecido para a apuração do SDD.

5.1.6.1. O indicador supracitado será aferido mensalmente, por ocasião da apresentação da fatura mensal e, caso o KPI não atinja a meta estabelecida, a CONTRATANTE fará a devida aplicação de sanção administrativa, conforme previsto na ICA 12-23 – FISCALIZAÇÃO E RECEBIMENTO DE BENS E DE SERVIÇOS E DE APLICAÇÃO DE SANÇÕES ADMINISTRATIVAS, de 23/09/2014.

5.1.7. A confiabilidade de operação (COP) anual mínima para a frota deve ser maior ou igual a 70%. A fórmula para calcular este KPI é:

$$COP = (TD - TMAV) \times 100 / (TD + TDAS + TDAPV) \geq 70\%, \text{ onde:}$$

- a) TD: Total de Decolagens bem-sucedidas para missões durante período de paz referente aos 12 últimos meses.
- b) TMAV: Total de Missões Abortadas em Voo, durante o período referente aos 12 últimos meses.
- c) TDAS: Total de Decolagens Abortadas em Solo, durante o período referente aos 12 últimos meses.
- d) TDAPT: Total de Decolagens Abortadas por pane no Pré-voo, Inter-voo ou Pós-voo, durante o período referente aos 12 últimos meses.

5.1.8. O indicador supracitado será aferido mensalmente, por ocasião da apresentação da fatura mensal e, caso o KPI não atinja a meta estabelecida, a CONTRATANTE fará a devida aplicação de sanção administrativa, conforme previsto na ICA 12-

23 – FISCALIZAÇÃO E RECEBIMENTO DE BENS E DE SERVIÇOS E DE APLICAÇÃO DE SANÇÕES ADMINISTRATIVAS, de 23/09/2014.

6. DETALHAMENTO DOS MÓDULOS

6.1. Módulo 1: Prestação dos serviços de manutenção das aeronaves C-130 (Pay by The Hour – PBH)

6.1.1. A empresa deverá prestar o serviço de manutenção de nível Base, ISOCRONAL, e nível Parque, PDM, em seus próprios hangares, utilizando sua mão-de-obra especializada e fornecendo material, ferramental e equipamentos de apoio no solo.

6.1.1.1. As aeronaves serão entregues nas instalações da CONTRATADA por tripulação da FAB e serão recebidas, após conclusão dos serviços, também nas instalações da CONTRATADA, por tripulação da FAB.

6.1.1.2. Os hangares da CONTRATADA deverão ter condições de receber tantas aeronaves C-130 da FAB quantas forem necessárias, durante a prestação do serviço.

6.1.2. Os hangares deverão ter capacidade de realizar as inspeções de nível Base e Parque, bem como reparos estruturais que demandem remoção de estabilizadores, asas externas ou asa central.

6.1.3. Os serviços deverão ser prestados com as ferramentas especiais e os equipamentos de apoio em solo previstos pelo fabricante das aeronaves C-130, os quais deverão ser de propriedade da CONTRATADA ou poderão ser alugadas por esta última.

6.1.4. Os equipamentos e os componentes retirados das aeronaves da FAB deverão ser estocados adequadamente em armazéns da CONTRATADA, durante a prestação dos serviços.

6.1.5. O material a ser fornecido pela CONTRATADA corresponde a todo o material reparável, consumível e trabalhável, das aeronaves C-130 da FAB, previstos nos manuais da USAF, incluindo o material para instalação dos motores T56A-15 completos e dos sistemas REVO, e excluindo os itens específicos dos motores T56A-15 completos, sistemas REVO e MAFFS.

6.1.6. Os serviços de manutenção devem ser acompanhados por equipe de engenheiros com capacidade de:

6.1.6.1. Avaliar e definir reparos estruturais.

6.1.6.2. Gerenciar o plano de manutenção e a configuração da frota de C-130 da FAB.

6.1.7. Os serviços de manutenção devem ser realizados por equipes de mecânicos com capacitação prevista em legislação da

Entidade Certificadora do País, por exemplo, ANAC, FAA, EASA, ou corresponde, para a manutenção de aeronaves C-130.

- 6.1.8. Os serviços de manutenção do tipo ISOCRONAL e de correção de não-conformidades decorrentes do desgaste natural (*findings*) devem seguir os Manuais e o Plano de Manutenção estabelecidos pela USAF.
- 6.1.9. A CONTRATADA deve possuir um sistema ativo e eficiente de cadeia de suprimento capaz de obter, preferencialmente junto ao fabricante da aeronave C-130, os sobressalentes consumíveis, reparáveis e trabalháveis, referentes a estrutura e todos os sistemas da aeronave previstos nos catálogos de peças da aeronave.
- 6.1.10. A CONTRATADA deve dispor de equipe devidamente capacitada para gerenciar os estoques existentes da CONTRATANTE, a fim de mantê-lo abastecido com a quantidade de itens necessária e suficiente para suportar a linha de voo localizada na ALA 11, as inspeções de Pré-voo, Inter-voo e Pós-voo, bem como as inspeções HSC.
- 6.1.11. O preço da hora de voo deve cobrir a solução de FINDINGS, fornecendo mão-de-obra até o limite de 50% da quantidade de homem-hora prevista para a inspeção ISOCRONAL em que se identificaram os FINDINGS, bem como o fornecimento de material até o limite de 50% do valor de material previsto para a inspeção ISOCRONAL em que se identificaram os FINDINGS.
- 6.1.11.1. A mão-de-obra que superar 50% da quantidade prevista para as inspeções ISOCRONAIS e o material cuja soma superar 50% do valor de material previsto para as inspeções ISOCRONAIS, ambos referentes a solução de FINDINGS, deverão ser submetidos à aprovação do FISCAL do CONTRATO e só poderão ser executados após a devida aprovação deste último.
- 6.1.11.2. Os valores de mão-de-obra e de material que superarem os limites de 50%, serão objeto de fatura específica, correspondente aos serviços aprovados pelo FISCAL do CONTRATO, e será paga juntamente que a fatura mensal subsequente.
- 6.1.12. O desempenho da CONTRATADA será medido pelo tempo de execução de cada atividade de manutenção, o qual será comparado com o tempo previsto nos manuais de manutenção que estabelecem o plano de manutenção da USAF. Caso a CONTRATADA falhe em cumprir o tempo previsto, serão aplicadas as penalidades previstas na ICA 12-23 – FISCALIZAÇÃO E RECEBIMENTO DE BENS E DE SERVIÇOS E DE APLICAÇÃO DE SANÇÕES ADMINISTRATIVAS, de 23/09/2014.

6.2. Módulo 2: Fornecimento de material de troca obrigatória e eventual, e reposição de equipamentos e componentes, classificados como reparáveis ou trabalháveis, previstos nos manuais da USAF de manutenção das aeronaves C-130, exceto aqueles específicos dos motores T56A-15 completos e aqueles dos sistemas REVO e MAFFS.

6.2.1. A empresa deverá fornecer e colocar nos estoques da FAB todo o material de consumo, previsto nos Manuais e no Plano de Manutenção estabelecidos pela USAF, que serão utilizados pelas equipes de manutenção da FAB, durante a realização das inspeções de Pré-voo, Inter-voo e Pós-voo, bem como de HSC, e das correções das não-conformidades (findings) decorrentes do desgaste natural da aeronave.

6.2.2. A empresa deverá prestar os serviços de manutenção corretiva e preventiva de componentes e equipamentos, reparáveis e trabalháveis, de toda a aeronave, com exceção daqueles específicos dos motores T56A-15 completos, dos sistemas REVO e MAFFS, desde que ocorra a falha em consequência do desgaste natural do item, ou do vencimento para serviço de manutenção programada.

6.2.2.1. Os componentes e equipamentos de célula e hélices deverão ser retirados e restituídos nas instalações da CONTRATANTE.

6.2.2.2. A responsabilidade pelo material passa para a CONTRATADA no momento que esta assume a sua posse, nas instalações da CONTRATANTE, no PAMAGL ou na ALA 11, antiga Base Aérea do Galeão, localizados na cidade do Rio de Janeiro – RJ, e encerra-se quando restitui a posse do material a CONTRATANTE, no mesmo local.

6.2.3. A CONTRATADA deve possuir oficinas, reconhecidas por Autoridade Aeronáutica do país em que estas estiverem sediadas, para a manutenção dos componentes e equipamentos, reparáveis e trabalháveis, das aeronaves C-130 que apresentem defeito por desgaste normal das partes, ou deve possuir um sistema ativo e eficiente de cadeia de suprimento capaz de prover a manutenção dos componentes e equipamentos das aeronaves, em oficinas subcontratadas reconhecidas também reconhecidas por Autoridade Aeronáutica.

6.2.4. A CONTRATADA deve possuir os Manuais de Manutenção dos Componentes (*Components Maintenance Manuals – CMM*) dos equipamentos presentes na configuração das aeronaves C-130 da FAB, a exceção daqueles equipamentos e componentes que sejam de uso exclusivo da FAB, desde que execute a manutenção desses em suas próprias instalações.

6.2.4.1. Para tanto, a empresa deve possuir os respectivos contratos de atualização dos CMM.

- 6.2.5. A CONTRATADA deve possuir um sistema ativo e eficiente de cadeia de suprimento capaz de obter todo os sobressalentes de componentes e equipamentos, sejam eles consumíveis, reparáveis e trabalháveis, de toda a configuração das aeronaves C-130 da FAB, a com exceção daqueles específicos dos motores T56A-15 completos, dos sistemas REVO e MAFFS.
- 6.2.6. Na ausência de oficinas na CONTRATADA para a manutenção de componentes e equipamentos de toda a configuração das aeronaves C-130 da FAB, a com exceção daqueles específicos dos motores T56A-15 completos, dos sistemas REVO e MAFFS, a CONTRATADA deverá dispor de uma cadeia de suprimento ativa capaz de recuperar esses itens em oficinas reconhecidas por Autoridade Aeronáutica.
- 6.2.6.1. Para tanto, a CONTRATADA deverá dispor de contratos ativos com subfornecedores que prestam serviços de manutenção de componentes e equipamentos de toda a configuração das aeronaves C-130 da FAB, a com exceção daqueles específicos dos motores T56A-15 completos, dos sistemas REVO e MAFFS, cujas oficinas não existam na CONTRATADA.
- 6.2.6.2. Os subfornecedores devem ser certificados, por entidade competente do país em que estiverem localizados, por exemplo, ANAC, FAA, EASA ou correspondente.
- 6.2.7. A CONTRATADA deverá prover o transporte dos componentes e dos equipamentos de toda a configuração das aeronaves C-130 da FAB, a com exceção daqueles específicos dos motores T56A-15 completos, dos sistemas REVO e MAFFS, nos trechos do PAMAGL às instalações da CONTRATADA, e das instalações da CONTRATADA ao PAMAGL.
- 6.2.8. A CONTRATADA é responsável pelo fornecimento de todo o material sobressalente necessário à realização dos serviços de manutenção preventiva, programada e corretiva dos componentes e dos equipamentos de toda a configuração das aeronaves C-130 da FAB, a com exceção daqueles específicos dos motores T56A-15 completos, dos sistemas REVO e MAFFS, contratados neste módulo.
- 6.2.9. O desempenho da CONTRATADA será medido pelo tempo de fornecimento do material de troca obrigatória e eventual, bem como pelo tempo de envio e retorno do equipamento (TAT), os quais serão comparados com os tempos informados pela própria CONTRATADA por ocasião da apresentação das propostas comerciais. Caso a CONTRATADA falhe em cumprir o tempo previsto, serão aplicadas as penalidades previstas na ICA 12-23 – FISCALIZAÇÃO E RECEBIMENTO DE BENS E DE SERVIÇOS E DE APLICAÇÃO DE SANÇÕES ADMINISTRATIVAS, de 23/09/2014.

6.3. Módulo 3: Execução de serviços de manutenção programada de PDM e de manutenção não programada referentes a eventos fora do controle da FAB.

6.3.1. Eventualmente, os serviços de manutenção programada de 3º nível (PDM), previstos no Plano de Manutenção estabelecido pela USAF, ou os serviços de manutenção não programada referentes a eventos fora do controle da FAB, por exemplo, *lighting strike*, *hard landing* e *bird strike*, ou mesmo de operação inadequada da aeronave, incluindo reparos estruturais, ambos com fornecimento de mão-de-obra especializada e de todo o material reparável, consumível e trabalhável, das aeronaves C-130 da FAB, incluindo os cartões de inspeção de motores completos e REVO, conforme o Plano e os Manuais de Manutenção estabelecidos pela USAF., serão solicitados.

6.3.1.1. No caso de serviços de manutenção programada, estes serão realizados nas instalações da CONTRATADA, a exemplo do que ocorre no módulo 1.

6.3.1.2. No caso de serviços de manutenção não programada, estes serão realizados nas instalações da CONTRATANTE, no PAMAGL, localizado no Rio de Janeiro – RJ.

6.3.1.3. Em todos os casos previstos para este módulo, a CONTRATADA deverá providenciar as ferramentas especiais e os Equipamentos de Apoio no Solo (EAS), necessários à execução do serviço solicitado pela CONTRATANTE.

6.3.2. Eventualmente, os serviços desse módulo poderão ser solicitados em caráter de emergência (*Aircraft On Ground – AOG*), em qualquer aeródromo do Brasil, ou do mundo, desde que não existe risco à segurança física dos representantes da CONTRATADA.

6.3.3. Os serviços deste módulo serão solicitados por meio de pedido de cotação. Somente após a devida análise da proposta da CONTRATADA, e aprovação do FISCAL do CONTRATO designado pela CONTRATANTE, o serviço será prestado e pago por meio de fatura dedicada.

6.3.3.1. A aprovação supracitada se dará por meio de carta resposta, a qual referenciará a cotação dos serviços e autorizará que estes sejam realizados.

6.3.4. Os equipamentos e os componentes retirados das aeronaves da FAB deverão ser estocados adequadamente. No caso de manutenção programada tipo (PDM), a ser realizada nas instalações da CONTRATADA, a estocagem será em armazéns da própria, durante a prestação dos serviços. No caso de manutenção não programada, a ser realizada fora das instalações da CONTRATADA, a estocagem será realizada em armazéns da CONTRATANTE ou de terceiros, conforme o caso, sendo que a

responsabilidade por identificar o local de estocagem será da CONTRATADA.

6.3.5. O material a ser fornecido pela CONTRATADA corresponde a todo o material reparável, consumível e trabalhável, das aeronaves C-130 da FAB, previstos nos manuais da USAF, incluindo o material para instalação dos motores T56A-15 completos e dos sistemas REVO, e excluindo os itens específicos dos motores T56A-15 completos, sistemas REVO e MAFFS.

6.3.6. Os serviços de manutenção devem ser acompanhados por equipe de engenheiros com capacidade de:

6.3.6.1. Avaliar e definir reparos estruturais.

6.3.6.2. Gerenciar o plano de manutenção e a configuração da frota de C-130 da FAB.

6.3.7. Os serviços de manutenção devem ser realizados por equipes de mecânicos com capacitação prevista em legislação da Entidade Certificadora do País, por exemplo, ANAC, FAA, EASA, ou corresponde, para a manutenção de aeronaves C-130.

6.3.8. Os serviços de manutenção programada do tipo PDM e de manutenção não programada referentes a eventos fora do controle da FAB, por exemplo, *lighting strike*, *hard landing* e *bird strike*, incluindo reparos estruturais devem seguir os Manuais e o Plano de Manutenção estabelecidos pela USAF.

6.3.9. A CONTRATADA deve possuir um sistema ativo e eficiente de cadeia de suprimento capaz de obter, preferencialmente junto ao fabricante da aeronave C-130, os sobressalentes consumíveis, reparáveis e trabalháveis, referentes a estrutura e todos os sistemas da aeronave previstos nos catálogos de peças da aeronave.

6.3.10. O desempenho da CONTRATADA será medido pelo tempo de execução da respectiva atividade de manutenção, o qual será comparado com o tempo previsto em manual da USAF, no caso da PDM, e em orçamento, no caso de manutenção não programada. Caso a CONTRATADA falhe em cumprir o tempo previsto, serão aplicadas as penalidades previstas na ICA 12-23 – FISCALIZAÇÃO E RECEBIMENTO DE BENS E DE SERVIÇOS E DE APLICAÇÃO DE SANÇÕES ADMINISTRATIVAS, de 23/09/2014.

6.4. Módulo 4: Fornecimento de material de troca obrigatória e eventual, e reposição de equipamentos e componentes, que seja necessário em função de dano que tenha ocorrido pela operação ou pela manutenção incorreta, ou inadequada, incluindo o material de instalação dos motores completos e dos sistemas REVO na aeronave, ficando excluído todo o material específico dos motores T56A-15 completos, dos sistemas REVO e MAFFS.

- 6.4.1. A CONTRATADA deve prover, neste módulo, os serviços do módulo 2 sob demanda, quando o serviço não for decorrente do desgaste normal dos equipamentos e componentes da aeronave e hélices.
- 6.4.1.1. Nesta condição estão incluídas a operação ou a manutenção realizada em desacordo com os manuais de operação e manutenção. Para identificar tal condição, a CONTRATADA deverá emitir relatório técnico de investigação identificando a causa raiz da falha.
- 6.4.2. A CONTRATADA deve ser capaz de fornecer Equipamentos de Apoio em Solo (EAS) e ferramentas especiais utilizadas no 1º nível de manutenção das aeronaves C-130, quando solicitados pela CONTRATANTE.
- 6.4.3. Considerando que BER e SCRAP por si só já correspondem a um evento não natural, a CONTRATADA deverá repor os itens que se enquadrem em uma destas situações, sob demanda da CONTRATANTE (*Time & Material – T&M*), mediante solicitação formal, apresentação formal de orçamento e pagamento de fatura específica para o fornecimento aprovado, de modo a não degradar o suporte logístico da frota.
- 6.4.3.1. No caso de desgaste natural, a CONTRATADA ndo com 65% do valor do item, enquanto que a CONTRATANTE arcará com 35%. O item poderá ser nas condições “Novo de Fábrica”, “Novo de Estoque”, “*Overhauled*” e “Aprovado em Teste de Bancada” (*serviceable*), desde que possua TSN e TSO iguais ou inferiores ao do item condenado, e que a configuração seja igual ou superior a do item substituído e ainda compatível com o C-130 da FAB.
- 6.4.3.2. No caso de desgaste anormal, ocasionado por operação inadequada ou incorreta, a CONTRATANTE arcará com 100% do valor do item. O item poderá ser nas condições “Novo de Fábrica”, “Novo de Estoque”, “*Overhauled*” e “Aprovado em Teste de Bancada” (*serviceable*), desde que possua TSN e TSO iguais ou inferiores ao do item condenado, e que a configuração seja igual ou superior a do item substituído e ainda compatível com o C-130 da FAB
- 6.4.4. Os serviços deste módulo serão solicitados por meio de pedido de cotação. Somente após a devida análise da proposta da CONTRATADA, e aprovação do FISCAL do CONTRATO designado pela CONTRATANTE, o serviço será prestado e pago por meio de fatura dedicada.
- 6.4.4.1. A aprovação supracitada se dará por meio de carta resposta, a qual referenciará a cotação dos serviços e autorizará que estes sejam realizados.
- 6.4.5. O desempenho da CONTRATADA será medido pelo tempo de fornecimento do material de troca obrigatória e eventual, bem como pelo tempo de envio e retorno do equipamento (TAT), os

quais serão comparados com os tempos informados pela própria CONTRATADA por ocasião da apresentação das propostas comerciais. Caso a CONTRATADA falhe em cumprir o tempo previsto, serão aplicadas as penalidades previstas na ICA 12-23 – FISCALIZAÇÃO E RECEBIMENTO DE BENS E DE SERVIÇOS E DE APLICAÇÃO DE SANÇÕES ADMINISTRATIVAS, de 23/09/2014.

7. REGIME DE AQUISIÇÃO E EXECUÇÃO

- 7.1. O regime de execução dos serviços deste projeto básico é sob a forma de execução indireta, com fornecimento de material e de mão-de-obra, pelo regime de “empreitada por preço unitário”, em razão de a demanda dos diferentes módulos poderem ocorrer em quantidades e momentos distintos.
- 7.2. A contratação do objeto deste projeto básico deverá ser realizada por meio de licitação, em âmbito internacional, empregando o critério de adjudicação da proposta de melhor técnica e de menor preço.
 - 7.2.1. A opção pela adjudicação do objeto à empresa que ofertar a melhor técnica e o menor preço, deve-se ao fato de existir diversas empresas, ao redor do mundo, capacitadas a realizar o serviço pretendido, as quais, dependendo da legislação do seu país sede, apresentam diferentes níveis de qualidade.

8. PRAZOS

8.1. PRAZO DE VIGÊNCIA

- 8.1.1. O contrato deverá ter prazo de vigência de 60 (sessenta) meses, a contar da data de assinatura.
- 8.1.2. Qualquer prorrogação será mediante Termo Aditivo devidamente documentado, firmado pela CONTRATANTE e CONTRATADA, com antecedência de pelo menos 90 (noventa) dias para o término de tal prazo, conforme Orientação Normativa AGU nº 38, de 13/11/2011.

8.2. PRAZO DE EXECUÇÃO

- 8.2.1. O contrato deverá ter prazo de execução de 58 (cinquenta e oito) meses, a contar da data de emissão da respectiva Ordem de Serviço, isto é, documento assinado pelo representante legal da CONTRATANTE que autoriza o início da prestação dos serviços.
- 8.2.2. A Ordem de Serviço de início de execução do CONTRATO será emitida conforme o Cronograma Físico-Financeiro e estará condicionada à apresentação da garantia financeira de execução contratual pela CONTRATADA à CONTRATANTE.

8.3. PRAZO DE RECEBIMENTO E PAGAMENTO

8.3.1. O prazo de recebimento e de pagamento obedecerá ao rito procedimental previsto na ICA 65-8 – ATRIBUIÇÕES DO FISCAL DE CONTRATO E DAS COMISSÕES DE RECEBIMENTO DE MATERIAL OU SERVIÇOS – COMREC, de 28/05/2009, e ICA 12-23 – FISCALIZAÇÃO E RECEBIMENTO DE BENS E DE SERVIÇOS E DE APLICAÇÃO DE SANÇÕES ADMINISTRATIVAS, de 23/09/2014, ou outras legislações que venham a revogar no todo ou em parte, a referida ICA.

9. LOCAL DE EXECUÇÃO

9.1. Os serviços previstos neste projeto básico deverão ser executados nas instalações da CONTRATADA, quando se tratarem das inspeções de nível Base e Parque, dos módulos 1 e 3, ou nas instalações da CONTRATADA ou de seus subfornecedores, no caso de serviço em itens da aeronave (módulos 2 e 4).

9.2. Eventualmente, por opção e interesse da CONTRATANTE, os serviços de manutenção não programada previstos por meio do módulo 3 serão executados nas instalações da CONTRATANTE, sob demanda, quando não houver condições da aeronave ser trasladada até as instalações da futura CONTRATADA.

9.3. O local de execução dos serviços deverá ser adequado para o cumprimento de todos os critérios presentes neste PB e às especificações técnicas fornecidas pelo fabricante da aeronave e dos componentes, a fim de que sejam respeitados os objetivos e conceitos aeronáuticos, sejam eles de aspectos funcionais, técnicos ou econômicos.

10. GARANTIA TÉCNICA

10.1. A CONTRATADA deverá obedecer às normas definidas pelas Autoridades Aeronáuticas e Homologadoras e Certificadoras (ANAC, COMAER, EASA ou FAA) a fim de garantir que sejam cumpridos os requisitos de Garantia da Qualidade aplicáveis tanto ao fornecimento e transporte de BENS, como aos serviços de Revisão Geral, Reparo, Calibração, Inspeções e Estocagem.

10.2. A CONTRATADA é obrigada a prestar garantia de mão de obra utilizada nos serviços prestados, por ela executados, ou sob sua responsabilidade, referentes aos módulos 1, 2, 3 e 4, bem como no material sobressalente, equipamentos e componentes da aeronave da FAB, com exceção dos motores T56A-15 completos, e dos sistemas REVO e MAFFS, fornecidos na condição de novo, sem qualquer ônus adicional para a CONTRATANTE, independentemente do local a ser realizado, devendo administrar o processo de garantia junto ao fornecedor original.

- 10.3. A GARANTIA TÉCNICA terá a validade de 365 (trezentos e sessenta e cinco) dias ou 500 HV (quinhentas horas de voo), para material sobressalente, equipamentos e componentes da configuração da aeronave da FAB, com exceção dos motores T56A-15 completos, e dos sistemas REVO e MAFFS, fornecidos na condição de novo, ou de 180 (cento e oitenta) dias ou 300HV (trezentas horas de voo) para equipamentos e componentes, fornecidos na condição “serviceable” ou objetos de serviços de manutenção em qualquer um dos quatro módulos, o que ocorrer primeiro, contados a partir do recebimento.
- 10.4. O material sob Garantia deverá ser recolhido pela CONTRATADA, no Parque Central do projeto, em até 05 (cinco) DIAS a contar da reclamação formal da CONTRATANTE, e retornado ou substituído por item equivalente para a CONTRATANTE, em perfeitas condições e bom funcionamento, em até 90 (noventa) DIAS a partir do recolhimento.
- 10.5. Para todos os serviços realizados, a CONTRATADA deve emitir um Certificado de Conformidade, garantindo que todos os procedimentos realizados estão conforme prescritos no Manual de Manutenção vigentes da USAF, no que se referir à aeronave, e dos OEM (Original Equipment Manufacturer), no que se referir à equipamentos e componentes da configuração da aeronave da FAB.
- 10.6. A CONTRATADA deverá garantir que serão prontamente reparadas e substituídas, às suas próprias custas, todas as partes que acusarem defeito ou quaisquer anormalidades de funcionamento, durante o período de garantia dos serviços, bem como dos transportes necessários à correção de anormalidades.
- 10.7. A CONTRATADA fica isenta de responsabilidade pela garantia técnica nos seguintes casos:
- 10.7.1. Operação, manutenção ou armazenamento em desacordo com o previsto na documentação técnica da USAF, no que se referir à aeronave, e do OEM, no que se referirem aos sobressalentes, equipamentos e componentes da aeronave.
- 10.7.2. Acidente, desde que a investigação comprove que os serviços prestados pela CONTRATADA não contribuíram para a ocorrência do evento.

11. GARANTIA FINANCEIRA

- 11.1. A CONTRATADA, no prazo de 10 (dez) dias após a assinatura do Termo de Contrato, prestará garantia no valor correspondente a 5% (cinco por cento) do valor total do Contrato, que será liberada de acordo com as condições previstas no Edital, conforme disposto no art. 56 da Lei nº 8.666, de 1993.

12. CONDIÇÕES DE ENTREGA, RECEBIMENTO E PAGAMENTO

12.1. ENTREGA

12.1.1. As aeronaves e os equipamentos ou componentes de aeronave da FAB, com exceção dos motores T56A-15 completos, e dos sistemas REVO e MAFFS, serão entregues à CONTRATADA acompanhados, respectivamente, por GMA (Guia de Movimentação de Aeronave) e por GMM (Guia de Movimentação de Material).

12.1.1.1. As aeronaves serão entregues nas instalações da CONTRATADA, por tripulação da FAB, e serão recebidas, após conclusão dos serviços, também nas instalações da CONTRATADA, por tripulação da FAB (Módulo 1).

12.1.1.2. Os equipamentos e componentes de aeronave da FAB, com exceção dos motores T56A-15 completos, e dos sistemas REVO e MAFFS, deverão ser retirados e restituídos nas instalações da CONTRATANTE (Módulos 2 e 4).

12.1.1.3. A responsabilidade pelo material passa para a CONTRATADA no momento que esta assume a sua posse, nas instalações da CONTRATANTE, na Ala 11, antiga Base Aérea do Galeão, localizada na cidade do Rio de Janeiro – RJ, e encerra-se quando restitui a posse do material a CONTRATANTE, no mesmo local.

12.1.2. A contar da data de recebimento, a CONTRATADA terá 10 (dez) dias corridos para notificar, por escrito, quaisquer discrepâncias constatadas.

12.2. RECEBIMENTO

12.2.1. O recebimento provisório, a ser formalizado por meio da emissão de TERMO DE RECEBIMENTO PROVISÓRIO, se dará pela COMREC do CONTRATO, tão logo a parcela do OBJETO em fase de recebimento lhe for apresentada.

12.2.2. Após o recebimento provisório, a CONTRATANTE iniciará o recebimento definitivo da prestação dos serviços por meio de sua inspeção, em até 10 (dez) dias, a fim de confirmar a condição física, os certificados de qualidade e os registros de manutenção da aeronave ou do material sobressalente, equipamentos e componentes de configuração da aeronave FAB.

12.2.3. As não conformidades encontradas pela CONTRATANTE durante os recebimentos definitivos deverão ser notificadas à CONTRATADA dentro do prazo de recebimento definitivo de 10 (dez) dias, e corrigidas pela CONTRATADA em igual prazo, após a notificação. Caso seja constatada alguma DISCREPÂNCIA de natureza grave, este prazo poderá ser estendido, desde que devidamente justificado por escrito.

12.2.4. A inspeção dos serviços prestados em aeronaves será realizada no local onde a CONTRATADA realizar o serviço, e a

inspeção de material sobressalente, equipamentos e componentes de aeronave da FAB, com exceção dos motores T56A-15 completos, e dos sistemas REVO e MAFFS, será realizada no destino final, isto é, na ALA 11, Rio de Janeiro – Brasil.

12.2.5. O recebimento definitivo será formalizado por meio do TERMO DE RECEBIMENTO DEFINITIVO, o qual será emitido até o final do prazo de 10 (dez) dias para realização da inspeção.

12.3. PAGAMENTO

12.3.1. Deverá ser considerada, para efeito de pagamento dos serviços a serem contratados, a utilização de ativos da FAB referentes às aeronaves C-130, conforme listagem inicial do Anexo D, correspondente a aproximadamente USD 111 milhões, que será revisada anualmente pelas CONTRATANTE e CONTRATADA, em função do consumo e da eventual condenação de reparáveis.

12.3.2. Para cada hora de voo devida pela CONTRATANTE, esta última transferirá, para a CONTRATADA, material utilizável, devidamente acompanhado de Certificado de Conformidade, equivalente a USD 1.640,23 (Mil seiscentos e quarenta dólares americanos e vinte e três centavos), ou 25% do preço da hora de voo, o que for menor.

12.3.3. Para as faturas não relacionadas com o pagamento por hora de voo, referente à prestação do serviço de suporte logístico completo para a frota C-130, a parcela dos pagamentos correspondente a transferência dos ativos da Força Aérea Brasileira para a CONTRATADA, limitar-se-á a 25% do preço de cada serviço. Os ativos em questão referem-se a equipamentos utilizáveis da aeronave C-130, acompanhados de Certificado de Conformidade, conforme Anexo D.

12.3.4. Os ativos imobilizados em estoque utilizável e reparável da FAB passam à responsabilidade de gestão da empresa após a assinatura do contrato.

12.3.4.1. A posse de ativos utilizáveis, com Certificado de Conformidade, em quantidade correspondente a 25% do valor devido por cada pagamento sob demanda, ou correspondente ao valor de USD 1.640,23 por hora de voo, ou correspondente a 25% do preço da hora de voo, quando este for menor que USD 1.640,23 por hora de voo, previsto para os pagamentos mensais, será transferida mensalmente para a empresa.

- 12.3.5. Nos seis primeiros meses de contrato, o material a ser transferido em caráter definitivo para a CONTRATADA será selecionado pela CONTRATANTE.
- 12.3.6. Do sétimo ao trigésimo mês, o material a ser transferido em caráter definitivo para a CONTRATADA será escolhido pela CONTRATADA, a qual deverá apresentar à CONTRATANTE a lista dos itens selecionados, com antecedência de 90 dias, a fim de que a CONTRATANTE providencie a alienação do material.
- 12.3.7. Nos últimos vinte e oito meses de contrato, o material a ser transferido em caráter definitivo para a CONTRATADA será selecionado pela CONTRATANTE.
- 12.3.8. Todo o material que vier a ser fornecido como parcela dos pagamentos devidos será entregue à futura CONTRATADA junto com os respectivos Certificados de Conformidade. Nenhum material sem o respectivo documento que ateste sua aeronavegabilidade será repassado a futura CONTRATADA, a fim de evitar prejuízos à garantia técnica ou às obrigações da empresa perante a CONTRATANTE.

13. SUBCONTRATAÇÃO

- 13.1. O limite máximo aceito para a subcontratação, da execução do presente objeto é de 50% (cinquenta por cento), calculado sobre o valor contratado, sendo de responsabilidade única e exclusiva da CONTRATADA, devendo ser ratificada pela CONTRATANTE.
- 13.2. A subcontratação é de responsabilidade única e exclusiva da CONTRATADA, devendo esta responder solidária e inteiramente pelas garantias, não somente dos serviços e dos prazos, mas também pela cobertura de seguros que lhe são imputados, em casos de sinistros ou avarias decorrentes do serviço executado.
- 13.3. Em caso da necessidade de subcontratação, conforme art. 72 da Lei 8.666, de 1993, as seguintes recomendações devem ser seguidas:
- 13.3.1. A CONTRATADA arcará com os riscos e ônus decorrentes da subcontratação, incluindo-se, mas não se restringindo, a garantia da qualidade do serviço prestado.
- 13.3.2. A CONTRATADA deverá fornecer à CONTRATANTE, por meio do FISCAL do CONTRATO, todas as informações exigidas deste sobre o serviço, bem como das subcontratadas.
- 13.3.3. A CONTRATADA não ficará isenta de suas responsabilidades ou obrigações contratuais quando, em função

de qualquer tipo de ajuste com suas subcontratadas, não for possível o cumprimento de qualquer das obrigações previstas no contrato.

- 13.4. A subcontratação fica restrita aos serviços de manutenção dos equipamentos e componentes da configuração das aeronaves da FAB, com exceção dos motores T56A-15 completos, e dos sistemas REVO e MAFFS.
- 13.5. A prestação dos serviços de manutenção das aeronaves, conforme estabelecido pelos módulos 1 e 3, não poderá ser subcontratada, devendo ser realizada integralmente pela própria CONTRATADA.

14. QUALIFICAÇÃO TÉCNICA EXIGÍVEL DA EMPRESA

- 14.1. Deverá ser fornecida por cada empresa OFERTANTE, na data prevista para a entrega da Proposta Comercial, a documentação comprobatória de qualificação técnica e capacidade produtiva para executar satisfatoriamente o OBJETO da presente contratação.
- 14.2. A documentação comprobatória, a ser analisada pela CONTRATANTE para validação da OFERTANTE, segundo os critérios objetivos estabelecidos por este PB, deverá conter:
- 14.3. QUALIFICAÇÃO TÉCNICA

- 14.3.1. A CONTRATADA deverá apresentar certificado ANAC Categoria Célula, Classe 4, RBAC nº 145, ou certificação equivalente proveniente de órgão certificador civil do exterior, ou certificado do COMAER, os quais autorizem executar especificamente manutenção de aeronaves C-130, ou equivalente a este documento do COMAER no exterior.

- 14.3.1.1. As certificações de órgãos diferentes da ANAC, COMAER ou similar deverão estar acompanhadas do respectivo acordo bilateral de segurança em aviação civil, ou acordo bilateral de certificação aeronáutica, ou acordo para reconhecimento mútuo das funções de manutenção, tudo entre órgão brasileiro e o órgão correspondente do país de origem. Para fins de habilitação, o Certificado será válido somente se registrar explicitamente que foi emitido para as aeronaves C-130.

- 14.3.2. Os requisitos de qualificação técnica da CONTRATADA e eventual subcontratadas deverão estar em consonância com o disposto no art. nº37, inciso XXI da Constituição Federal, dos arts. 3º, parágrafo 1º, inciso I, e 30, inciso II, da lei nº 8.666 de 1993, e suas alterações, e ainda com a Súmula nº 247 do TCU.

- 14.3.3. A CONTRATADA deverá apresentar atestado de aptidão reconhecido pela Autoridade Aeronáutica no Brasil ou no Exterior, desempenho de atividade técnico-operacional pertinente e

compatível em características, quantidades e prazos com os serviços descritos neste projeto básico.

- 14.3.4. Deverá apresentar documentos comprobatórios de que possui um centro de manutenção e de serviço de acordo com as definições e exigências da Autoridade Aeronáutica no Estado ou no País onde a CONTRATADA está estabelecida.

14.4. COMPROVANTE DA CAPACIDADE TÉCNICO-PROFISSIONAL

- 14.4.1. A CONTRATADA deverá ser legalmente constituída, registrada e certificada, junto ao governo, especificamente para operar no ramo de manutenção aeronáutica.

- 14.4.2. A CONTRATADA e suas subcontratadas deverão contar com engenheiro mecânico ou aeronáutico que atuem como responsáveis técnicos dos serviços prestados.

14.4.2.1. Os engenheiros supracitados deverão ser registrados junto ao Conselho Regional de Engenharia (CREA) ou equivalente, caso a CONTRATADA seja domiciliada no exterior.

14.4.2.2. Os engenheiros supracitados deverão ser reconhecidos pelo órgão supracitado como os responsáveis técnicos da CONTRATADA ou subcontratada.

14.5. DOCUMENTAÇÃO TÉCNICA

- 14.5.1. A CONTRATADA deverá apresentar a documentação comprobatória de possuir biblioteca técnica, bem como os respectivos contratos para atualização das publicações técnicas e dos manuais necessários à prestação de serviço.

14.5.1.1. A seu critério, a CONTRATANTE poderá fornecer as Publicações Técnicas da USAF e dos equipamentos específicos da configuração da FAB, bem como as respectivas atualizações, não eximindo a responsabilidade da CONTRATADA em 14.5.1.

14.6. GARANTIA DA QUALIDADE

- 14.6.1. A CONTRATADA deverá apresentar seu Manual da Qualidade que comprove a existência de Sistemas de Garantia da Qualidade que incluam, no mínimo, os processos de recebimento, desmontagem, inspeção, reparo, preservação, montagem, embalagem, expedição, armazenagem e instalação, conforme o caso.

- 14.6.2. Os sistemas supracitados devem ainda garantir a rastreabilidade de todo o material e de toda a informação.

- 14.6.2.1. A rastreabilidade deve incluir, no mínimo, o emprego de registros de manutenção, carimbos, etiquetas, fichas de acompanhamento e papeletas indicativas.
- 14.6.3. Os Sistemas de Garantia da Qualidade devem ainda garantir que nenhum material sobressalente, equipamento ou componente seja empregado sem que tenha sido devidamente inspecionado.
- 14.6.4. Estes Sistemas devem ser capazes de identificar imediatamente as deficiências, as tendências ou as condições que possam resultar em qualidade insatisfatória dos serviços, e de tomar as ações corretivas necessárias em tempo e de modo eficaz.
- 14.6.4.1. As deficiências e as suas ações corretivas devem ser registradas e arquivadas em local segregado, próprio para este fim.

15. FISCALIZAÇÃO

- 15.1. Deverá ser designado, pela CONTRATANTE, um FISCAL para o contrato, em conformidade com o que estabelece a ICA 65-8 – ATRIBUIÇÕES DO FISCAL DE CONTRATO E DAS COMISSÕES DE RECEBIMENTO DE MATERIAL OU SERVIÇOS – COMREC, de 28/05/2009, e a ICA 12-23 – FISCALIZAÇÃO E RECEBIMENTO DE BENS E DE SERVIÇOS E DE APLICAÇÃO DE SANÇÕES ADMINISTRATIVAS, de 23/09/2014, a fim de fiscalizar a execução do contrato, o qual atuará em coordenação com a Comissão de Recebimento de Material e Serviço – COMREC.
- 15.2. A COMREC deverá receber os serviços ou bens executados pela CONTRATADA, no que diz respeito à quantidade e à qualidade, em obediência ao acordado no contrato, em consonância com o projeto básico, com as descrições dos serviços, com normas técnicas, desenhos, projetos e outros dados nele estabelecidos.
- 15.3. A fiscalização administrativa do contrato será exercida pelo FISCAL, e o recebimento do objeto será exercido pela COMREC.
- 15.4. Em todas as ocasiões em que for requisitada, a CONTRATADA, através de seu representante, deve apresentar-se às convocações da COMREC, em local previamente acordado ou na sede da COMREC.
- 15.5. Os representantes da CONTRATADA diretamente envolvidos com os serviços deverão possuir nacionalidade brasileira ou, se estrangeiro(s), com a capacidade de se comunicar no idioma português do Brasil.
- 15.6. A comunicação entre a CONTRATANTE e a CONTRATADA deverá ser feita em português, excluindo-se as documentações de natureza técnica e comercial, as quais poderão ser feitas em Inglês.

- 15.7. No caso de descumprimento dos prazos, por parte da CONTRATADA, ou de qualquer outra cláusula contratual, o FISCAL notificará a mesma, estabelecendo um prazo para a solução da não conformidade, e solicitará uma justificativa por escrito, da ocorrência, que será objeto de parecer do fiscal junto à Administração.
- 15.8. O fiscal e a COMREC deverão ter, a qualquer tempo durante o horário de expediente da CONTRATADA, livre acesso a todos os locais da prestação de serviço, objeto deste projeto básico, onde estiverem sendo executado.
- 15.9. A CONTRATANTE, mediante proposição do FISCAL, poderá exigir da CONTRATADA a substituição de qualquer profissional, unilateralmente, envolvido nos serviços, tais como mecânicos ou preposto responsável pelo serviço, desde que se verifique falha que comprometa a estabilidade e a qualidade do empreendimento, inobservância das normas, instruções e especificações, constantes no presente projeto básico, ou publicações técnicas dos fabricantes da aeronave e seus equipamentos ou componentes.
- 15.10. A CONTRATANTE, por intermédio do FISCAL, deverá monitorar constantemente o nível de qualidade dos serviços para evitar a sua degeneração, devendo intervir para corrigir ou aplicar sanções quando verificar um viés contínuo de desconformidade da prestação do serviço à qualidade exigida.
- 15.11. A CONTRATANTE e a CONTRATADA deverão observar e obedecer ao previsto na Lei 8.666, de 21 de junho de 1993 e suas alterações posteriores, na ICA 66-13, ICA 65-8 – ATRIBUIÇÕES DO FISCAL DE CONTRATO E DAS COMISSÕES DE RECEBIMENTO DE MATERIAL OU SERVIÇOS – COMREC, de 28/05/2009, e a ICA 12-23 – FISCALIZAÇÃO E RECEBIMENTO DE BENS E DE SERVIÇOS E DE APLICAÇÃO DE SANÇÕES ADMINISTRATIVAS, de 23/09/2014, e futuras atualizações ou substituição por outra ICA equivalente.

16. OBRIGAÇÕES GERAIS

16.1. DA CONTRATANTE

- 16.1.1. Obedecer à legislação vigente, na forma da Lei, e das Instruções do Comando da Aeronáutica.
- 16.1.2. Tomar todas as providências necessárias ao fiel cumprimento das cláusulas do futuro contrato.
- 16.1.3. Designar, em Boletim Interno, o FISCAL e a Comissão de Recebimento de Material e Serviço – COMREC, composta por no mínimo, três militares do COMAER.
- 16.1.3.1. Fornecer a relação nominal do FISCAL e dos membros da COMREC, os quais poderão ser substituídos a qualquer tempo, por interesse unilateral da CONTRATANTE.

- 16.1.4. Acompanhar e fiscalizar a execução do contrato, por intermédio do FISCAL, e proceder ao recebimento dos serviços prestados e materiais, por intermédio da COMREC.
- 16.1.5. Emitir Termos de Recebimento Provisório e Definitivo, conforme definido pela legislação, para formalizar o recebimento dos serviços prestados e bens fornecidos, a fim de instruir o respectivo processo de pagamento.
- 16.1.6. Controlar a execução da garantia financeira contratual, que será liberada ao final do contrato.

16.2. DA CONTRATADA

- 16.2.1. Obedecer à legislação vigente, na forma da Lei, e das Instruções do Comando da Aeronáutica.
- 16.2.2. Cumprir com as diretrizes legais vigentes de âmbito federal, estadual ou municipal, ou equivalente no Exterior, referente à legislação em vigor de Sustentabilidade e Impacto Ambiental.
- 16.2.3. Mensalmente, apresentar ao representante da CONTRATANTE a comprovação de que está obedecendo à regulamentação referente à legislação trabalhista e à seguridade social de seus empregados, recolhendo em dia as contribuições devidas.
- 16.2.4. Manter, durante todo o período de execução e vigência do serviço, as condições de habilitação jurídica, de qualificação técnica, econômico-financeira e de regularidade fiscal exigida.
- 16.2.5. Acatar as comunicações da CONTRATANTE, veiculadas por escrito, por meio do FISCAL, quanto à execução do contrato.
- 16.2.6. Manter na direção dos trabalhos e no local de execução dos serviços um representante a ser nomeado e apresentado ao FISCAL para servir de elo entre a CONTRATANTE e a CONTRATADA
 - 16.2.6.1. Este representante deve comunicar-se com fluência no idioma português do Brasil.
- 16.2.7. Possuir e manter atualizadas as publicações técnicas da aeronave C-130 emitidas pela USAF.
- 16.2.8. Cumprir os prazos de manutenção estabelecidos nos manuais de manutenção da USAF bem como os tempos técnico-logísticos de cadeia de suprimento informados na proposta comercial.
- 16.2.9. Possuir e manter equipamentos e ferramentas em quantidade e qualidade compatíveis com a prestação do serviço especificado neste projeto básico.
- 16.2.10. Facilitar o acompanhamento e a fiscalização, prestando todas as informações e esclarecimentos de ordem técnica e

administrativa, exibindo todos os dados e documentos necessários.

- 16.2.11. Ressarcir à CONTRATANTE quaisquer prejuízos causados ao Patrimônio do COMAER, quando os mesmos forem consequência de deficiências na prestação do serviço.
- 16.2.12. Refazer, sem ônus adicionais para a CONTRATANTE, os serviços não aceitos pela COMREC ou aqueles que apresentarem falha durante o prazo de garantia, decorrentes do emprego de material e ferramentas inadequados.
- 16.2.13. Assumir responsabilidade civil, penal e administrativa por danos ou prejuízos que seus empregados ou prepostos, por ação ou omissão, causarem a patrimônio e instalações da CONTRATANTE, ou de terceiros, indenizando a parte prejudicada.
 - 16.2.13.1. Para tanto, manterá um seguro para os bens da CONTRATANTE que estão de posse da CONTRATADA, por ocasião da prestação dos serviços.
- 16.2.14. Responsabilizar-se pelo transporte ou custo de transporte de seus empregados, bem como pela alimentação e outros benefícios previstos na legislação trabalhista, tanto no Brasil como no Exterior.
- 16.2.15. Manter disciplina nos locais dos serviços, quando realizados dentro das instalações da CONTRATANTE, retirando no prazo máximo de 24 (vinte e quatro) horas após notificação por escrito, qualquer empregado considerado com conduta inconveniente.
- 16.2.16. Arcar com as despesas de passagem, hospedagem e subsistência de seus funcionários e representantes, quando deslocados para participar de reuniões técnico-administrativas referentes à execução do contrato.

17. CONFIDENCIALIDADE

- 17.1. As INFORMAÇÕES CONFIDENCIAIS deverão ser usadas exclusivamente para o contrato e negociações entre a CONTRATADA e a CONTRATANTE.
- 17.2. As INFORMAÇÕES CONFIDENCIAIS não serão distribuídas, reveladas ou divulgadas de modo algum para terceiros, exceto para seus próprios funcionários, desde que tenham necessidade justificada de ter conhecimento das referidas informações e que, previamente, estejam obrigados à confidencialidade por compromisso formal.
- 17.3. Este contrato não concede ou transmite qualquer licença, ou direito de uso, ou direito patenteável, ou direito autoral, ou qualquer outro meio de propriedade intelectual exclusiva.

- 17.4. As INFORMAÇÕES CONFIDENCIAIS deverão ser trocadas entre CONTRATANTE e CONTRATADA sem a obrigação de qualquer tipo de remuneração, desde que sejam necessárias para execução do contrato.
- 17.5. Todas as INFORMAÇÕES CONFIDENCIAIS trocadas entre as partes serão devolvidas para a parte emissora, ou destruídas pela parte receptora, imediatamente após a extinção do contrato.
- 17.6. Não são consideradas INFORMAÇÕES CONFIDENCIAIS aquelas que:
- 17.6.1. Já sejam de domínio público ou que se tornem disponíveis para o público em geral, durante a execução do contrato, por outro meio.
- 17.6.2. Aquelas que venham a ser liberadas formalmente pela CONTRATADA ou CONTRATANTE.
- 17.6.3. As informações cuja revelação seja exigida por lei ou outra regra imposta por órgãos governamentais competentes.

18. SUSTENTABILIDADE

- 18.1. Qualquer instalação, equipamento ou processo da CONTRATADA, situado em local fixo, que libere ou emita matéria para a atmosfera, por emissão pontual ou fugitiva, utilizado na execução contratual, deverá respeitar os limites máximos de emissão de poluentes admitidos na Resolução CONAMA nº 382, de 26/12/2006, e legislação correlata, de acordo com o poluente e o tipo de fonte, se estiver localizada no Brasil, ou, legislação correlata, se estiver localizada no exterior.
- 18.2. Na execução contratual, conforme o caso, a emissão de ruídos não poderá ultrapassar os níveis considerados aceitáveis pela Norma NBR-10.151 – Avaliação do Ruído em Áreas Habitadas visando o conforto da comunidade, da Associação Brasileira de Normas Técnicas - ABNT, ou aqueles estabelecidos na NBR-10.152 – Níveis de Ruído para conforto acústico, da Associação Brasileira de Normas Técnicas – ABNT, nos termos da Resolução CONAMA nº 01, de 08/03/90, e legislação correlata, se estiver localizada no Brasil, ou, legislação correlata, se estiver localizada no exterior.
- 18.3. Nos termos do artigo 4º, § 3º, da Instrução Normativa SLTI/MPOG nº 1, de 19/01/2010, deverão ser utilizados, na execução contratual, agregados reciclados, sempre que existir a oferta de tais materiais, capacidade de suprimento e custo inferior em relação aos agregados

naturais, inserindo-se na planilha de formação de preços os custos correspondentes.

19. ORÇAMENTO ESTIMADO

19.1. O orçamento estimado para execução do OBJETO deste PB será de USD 98.980.593,81 (Noventa e oito milhões, novecentos e oitenta mil, quinhentos e noventa e três dólares americanos, e oitenta e um centavos), conforme memória de cálculo constante no Anexo A, a ser pago conforme cronograma físico-financeiro apresentado no Anexo F, por meio da dação de material utilizável da FAB e da transferência de recursos financeiros em dólares americanos.

20. DOTAÇÃO ORÇAMENTÁRIA

20.1. As despesas decorrentes da contratação deverão ser custeadas de acordo com a seguinte classificação orçamentária: Programa 0621 – Preparo e Emprego da Força Aérea; Ação 2048 – Manutenção e Suprimento de Material Aeronáutico; ND 339030 (material) e ND 339039 (serviços); ou outra dotação aplicável ao projeto C-130.

21. APRESENTAÇÃO E AVALIAÇÃO DA PROPOSTA

21.1. FORMATO DE APRESENTAÇÃO

21.1.1. As PROPONENTES deverão apresentar os preços para prestação de serviço e os tempos de remessa e retorno dos serviços, conforme tabela apresentada no Anexo B.

21.2. MÉTODO DE AVALIAÇÃO

21.2.1. As propostas apresentadas serão avaliadas pela modalidade de técnica e preço.

21.2.2. A opção por esta modalidade está relacionada com a necessidade de selecionar a proposta comercial que proporcionará os melhores indicadores de desempenho, sem, contudo, desprezar o aspecto financeiro, com o objetivo final de obter a maior vantajosidade e a maior economicidade para a Administração.

21.2.3. Desta forma, atribui-se o peso de 40% aos pontos obtidos pelos requisitos técnicos e 60% aos pontos obtidos pelos requisitos financeiros.

21.2.4. Os requisitos técnicos são:

21.2.4.1. Tempo para execução de cada uma das inspeções ISOCRONAL e PDM do Plano de Manutenção estabelecido pela USAF, devidamente comprovado com documentos da empresa, referentes, preferencialmente, à última inspeção de aeronave C-130, incluindo o deslocamento da aeronave.

21.2.4.1.1. Para efeitos de avaliação, as PROPONENTES deverão utilizar os valores padronizados apresentados no final do Anexo B, que correspondem ao tempo de viagem de ida somado ao tempo de viagem de retorno da aeronave C-130, conforme a localização geográfica do local onde a PROPONENTE está estabelecida.

21.2.4.2. Tempo de envio e retorno dos componentes e equipamentos da aeronave C-130, por sistema da aeronave, devidamente comprovado com documentos da empresa, referentes, preferencialmente, aos equipamentos e componentes reparados durante o último serviço. O tempo de envio e retorno aqui abordado compreende todo o tempo durante o qual o item está de posse da CONTRATADA.

21.2.4.2.1. Para todos os efeitos a OFERTANTE deverá informar o tempo de envio e retorno referente ao item mais crítico, isto é, que corresponde ao tempo mais longo.

21.2.4.2.2. Para efeitos de avaliação, as PROPONENTES deverão utilizar os valores padronizados apresentados no Anexo B, que correspondem ao tempo de transporte de ida somado ao tempo de transporte de retorno dos componentes e equipamentos da aeronave C-130, conforme a localização geográfica do local onde a PROPONENTE está estabelecida.

21.2.4.3. Vagas no hangar da CONTRATADA previstas para receber os C-130 da FAB que serão objeto de inspeção ISOCRONAL do Plano de Manutenção da USAF, conforme módulo 1, ou de inspeção tipo PDM ou algum serviço sob demanda, conforme módulo 3.

21.2.4.4. Para efeitos de pontuação, dentro de cada um dos requisitos estabelecidos nos itens 21.2.4.1 e 21.2.4.2, os tempos serão colocados em ordem decrescente. Ao maior tempo atribuir-se-á 1 (um) ponto, ao tempo imediatamente inferior atribuir-se-á 2 (dois) pontos, e assim sucessivamente, sempre acrescentando 1 (um) ponto a mais que a pontuação anterior. Desta forma, o menor tempo receberá a maior quantidade de pontos.

21.2.4.5. Para efeitos de pontuação, dentro do requisito estabelecido no item 21.2.2.3, o número de vagas será colocado em ordem crescente. Ao menor número de vagas será atribuído 1 (um) ponto, ao número de vagas imediatamente superior serão atribuídos 2 (dois) pontos, e

assim sucessivamente, sempre acrescentando 1 (um) ponto a mais a que pontuação anterior. Desta forma, o maior número de vagas receberá a maior pontuação.

21.2.5. Os requisitos financeiros são:

21.2.5.1. Preço da hora de voo das aeronaves C-130 para a prestação dos serviços previstos nos módulos 1 e 2, para o esforço aéreo anual de 4.100 horas de vôo, que corresponde ao valor médio para 20.500 horas de voo ao longo do período de referência de 60 meses.

21.2.5.1.1. O preço da hora de voo sofrerá variações para mais, quando o esforço aéreo anual for menor que 4.100 horas de vôo, e deverá sofrer variação para menos, quando o esforço aéreo anual for maior que 4.100 horas de voo.

21.2.5.1.2. A variação de que trata o item anterior é definida pela equação apresentada na Tabela 6 do Anexo A.

21.2.5.2. Preço mensal da equipe e da estrutura de execução do contrato (custo fixo mensal), o qual está embutido no preço da hora de voo das aeronaves, devidamente comprovado por planilha de custos, indicando: quantidade de mão-de-obra, preço de mão-de-obra, sobretaxas aplicadas e outros custos, que devem ser detalhados.

21.2.5.3. Preço de cada uma das inspeções do Plano de Manutenção estabelecido pela USAF, devidamente comprovado por planilha de custos indicando: quantidade de mão-de-obra, preço de mão-de-obra, quantidade de material, preço do material, sobretaxas aplicadas e outros custos, que devem ser detalhados.

21.2.5.4. Taxa de manuseio (*Handling*) que a CONTRATADA cobra sobre o valor de cada item da FAB, a fim de cobrir despesas administrativas para manter o material da FAB em seus armazéns.

21.2.5.5. Preço por quilo de carga transportada, incluindo: seguros, taxas aeroportuárias ou portuárias, excluídos os custos de desembarço alfandegário; devidamente comprovado com documentos que evidenciem o acordo entre a CONTRATADA e seu Agente de Carga.

21.2.5.6. Preço de mão-de-obra de todas as categorias envolvidas na prestação do serviço, isto é, engenheiros, mecânicos e auxiliares administrativos ou técnicos.

21.2.5.7. Sobretaxa (*Overtax*) que a CONTRATADA acrescenta ao valor de cada item adquirido por ela no respectivo fabricante original (*Original Equipment Manufacturer – OEM*), que será aplicado nas aeronaves,

equipamentos e componentes da configuração do C-130 da FAB.

21.2.5.8. Para efeitos de pontuação, dentro de cada um dos requisitos estabelecidos nos itens 21.2.5.1 a 21.2.5.7, os valores serão colocados em ordem decrescente. Ao maior valor atribuir-se-á 1 (um) ponto, ao valor imediatamente inferior atribuir-se-á 2 (dois) pontos, e assim sucessivamente, sempre acrescentando 1 (um) ponto a mais que a pontuação anterior. Desta forma, o menor valor receberá a maior quantidade de pontos

21.2.6. O cálculo dos pontos auferidos por cada uma das PROPONENTES será realizado por meio da tabela apresentada no Anexo C.

22. DISPOSIÇÕES FINAIS

22.1. As eventuais divergências oriundas ou relacionadas com o presente contrato, incluindo as questões sobre sua existência, validade ou rescisão deverão ser dirimidas pelo foro da Comarca do Rio de Janeiro-RJ.

22.2. As disposições deste contrato não podem ser modificadas, alteradas, nem abandonadas, exceto por meio de Termo Aditivo devidamente assinado pelas partes.

23. ANEXOS
