The Contracting Officer sent the Letter n° 44/LIC/1838 so that the PAMAGL technical team could present an opinion on the acceptability of the technical documentation presented by AJW in the light of the requirements contained in Item 8.3 of the Terms of Reference.

Additional due diligence was carried out and the Company sent a Technical Capacity Certificate from Air Tank, as well as certificates from the FAA, EASA and CAAUK.

In addition, PAMAGL forwarded Technical Opinion 4/6077/2024, stating that the documentation submitted meets the requirements of Item 8.3 of the Terms of Reference.
