

BIOGRAPHY

BRAZILIAN AIR FORCE

COLONEL ROBERTO MARTIRE PIRES

Colonel Roberto Martire Pires is the Assistant Defense and Air Attaché and Commanding Officer of the Brazilian Aeronautical Commission, an advanced logistics outpost and major acquisition center of the Brazilian Air Force Command in Washington, DC.

He is responsible to the Director of the Air Force Logistics Center in São Paulo, Brazil, for all commercial purchases of aeronautical material worldwide. In this role, BACW supports all major commands and Air Force bases.

Col Martire oversees a broad range of varied activities such as bidding, contracting, general agreements, leases, Military logistics, logistics readiness activities, providing operational support, infrastructure and a myriad of services to Material Depots, Medical Centers, Aerospace Centers and Research Laboratories in Brazil. He watches over and he is the administrative support element for the Foreign Military Sales (FMS) purchases and consequent operational process.

The Colonel provides day-to-day assistance to Brazilian Defense and Air Attaché offices around the world and he is also responsible for accountable and expense reimbursements to all overseas assignments and missions.

Prior to being assigned to his current position, Col Martire was a College intern at the Air War College where he participated in an extensive program of research projects in the field of security and national defense with emphasis in consolidating enough knowledge and expertise in the advisory and planning of national security within the Ministry of Defense.
