**7.2** The disqualification of a proposal shall always be justified and recorded in the Minutes.

**7.3** The Hiring Agent will classify the author of the proposal with the lowest price and those who have presented proposals in successive values and higher by **up to 10% (ten percent)**, in relation to the lowest price, to participate in the bidding phase.

**7.4** When the minimum number of proposal required (three) in the conditions defined in the previous sub-item is not achieved, the Hiring Agent will classify the best subsequent proposals, up to a maximum of three, so that their authors may participate in the verbal bidding, whatever the prices offered.

**7.5** The criteria adopted will be the lowest price, as defined in this Bidding Process and its attachments.

**7.6** If the bidder does not submit auction bids, it shall compete with the value of its proposal.

## **8 ACCEPTABILITY OF THE WINNING PROPOSAL**

**8.2** If there is only one offer and provided that it meets all the terms of this process and that its price is compatible with the estimated value of the contract, it may be accepted.

**8.3** If the lowest value proposal is not acceptable, or is disqualified, the Hiring Agent will examine the subsequent proposal, and so on, in the order of classification, until the determination of a proposal that meets the Bidding Process.

**8.4** In this situation, the Hiring Agent may negotiate with the bidder in order to obtain a better price.

**8.5** When judging the proposals, the Hiring Agent may correct errors or failures that do not change their substance, by means of a reasoned order, recorded in minutes and accessible to all, attributing validity and effectiveness to classification purposes.

- 8.9** When the bidder presents a final price lower than 30% (thirty percent) of the average of the prices offered for the same item, and the unenforceability of the proposal is not flagrant and evident by the analysis of the cost spreadsheet, and its immediate disqualification is not possible, it will be mandatory to carry out steps to verify the legality and feasibility of the proposal.
- 8.10** Once the analysis regarding the acceptance of the proposal is concluded, the Hiring Agent will verify the qualification of the bidder, observing the provisions of this Bidding Process.

## **9 QUALIFICATION**

- 9.1** As a precondition to the examination of the qualification documentation of the bidder holding the bid ranked first, the Hiring Agent will check for possible non-compliance with the conditions of participation, especially regarding the existence of a sanction that prevents participation in the event or future contracting.
- 9.1.1** Once the existence of a sanction is verified, the Hiring Agent will consider the bidder disqualified, due to lack of participation condition.

## 17. RECEIPT AND ACCEPTANCE OF THE OBJECT

- The second invoice (the remaining 50% of the specific service) must be sent to BACE after the Goods have been delivered to the RESIDENCE IN BRAZIL and "The Baggage Receipt Certificate" has been signed by the receiver, confirming that the service has been satisfactorily completed.

18.2 In case of an insurance claim (damaged or lost DOMESTIC GOODS), **the payment of the remaining 50% will be made by BACE after the insurance company has paid the receiver all the amounts due for the claim**, which will allow the receiver to sign the Baggage Receipt Certificate.

18.6 The date of payment will be the day on which the bank order for payment is issued.

18.7 In cases of eventual late payment, provided that the Contracted party has not contributed in any way to this, the amount due shall be increased by financial restatement, and its calculation will be made from the due date until the date of actual payment, in which late payment interest will be calculated at the rate of 0.5% (half percent) per month, or 6% (six percent) per year, by applying the following formulas:

EM = I x N x VP, being:

EM = Moratorium charges

N = Number of days between the expected date of payment and the actual payment

VP = Amount of the instalment to be paid

I = Financial compensation index = 0,00016438, thus determined:

## **19 READJUSTMENT**
